The analysis and expenditures for these agencies will be found under their respective budgets.

STATE HOSPITALS FOR MENTAL ILL AND MENTAL DEFICIENT

In this group are the following:

Eight state hospitals for the care of mental patients: Agnews, Atascadero, Camarillo, Mendocino, Metropolitan, Napa, Patton, and Stockton.

Three state hospitals for the care of mentally defective patients: Pacific, Porterville, and Sonoma.

Two state hospitals for the care of both the mentally ill and mentally defective patients: DeWitt and Modesto.

These hospitals provide treatment and care for the mentally ill, mentally defective, alcoholics, narcotic addicts, sexual psychopaths, and defective and psychopathic delinquents, with the emphasis being on treatment centers rather than custodial institutions.

POPULATION AND UNIT COSTS

	Actual 1952-53	Estimated 1953-54	Proposed 1954-55	Change From 1953-54
Average population .....	40,581	42,712	46,316	3,604 (8.4%)
Average per capita costs.....	\$1,167	\$1,260	\$1,289	\$29 (2.3%)

In general, the increase of \$5,859,942 (10.9 percent) over 1953-54 is the result of the following facts:

- Population changes
- Increased cost of authorized positions
- Amount of salary savings
- Standards of allowances for proposed additional positions:
  - New positions for work load changes in existing facilities.
  - New positions to activate newly constructed buildings.
  - Transfer of Berkeley Clinic from full federal to partial state financing.

The following proposals are common to the hospital budgets and are, therefore, discussed as groups rather than individually under each hospital.

## DEPARTMENT OF MENTAL HYGIENE—Continued

## STATE HOSPITALS FOR MENTAL ILL AND MENTAL DEFICIENT—Continued

**SALARIES AND WAGES:** The increase of \$4,601,716 provides for the following 717 new positions at a cost of \$2,184,251. This was offset by a reduction of five additional positions due to change in work load conditions leaving a net increase of 712 new positions at a cost of \$2,153,975.

25 Senior psychiatric nurse	\$99,218
60 Psychiatric nurse	220,520
13 Senior psychiatric technician II	36,724
40 Senior psychiatric technician I	101,301
461 Psychiatric technician trainee	1,090,020
599	
Total	\$1,547,783

The ward staffing service in the mental hospitals has been the subject of survey on a state-wide basis for those wards that were in operation on June 12, 1952. The basic ward coverage authorized on June 12, 1952 (after excluding off-ward and relief assignments) was indicated by ward name, and ward unit classification at each hospital as the "normal quota." In conformity with the budget policy, the "normal quota" staff assignments have been continued for each ward after making an adjustment for subsequent ward classification changes, the elimination of certain wards, and the level of staffing authorized for new units placed in operation during the period June 12, 1952, to June 30, 1955.

The budget authorizations from June 12, 1952, to June 30, 1954 provided additional ward staffing primarily for the three new receiving and treatment buildings, and for the new hospitals located at Atascadero and Porterville. The 1953-54 budget provided the following level of service for the new receiving and treatment buildings located at Camarillo, Napa, and Stockton in lieu of the June 12, 1952, state-wide average ratio.

Receiving and Treatment Ward Classifications		Staffing Ratios	
		With Relief	Without Relief
I Receiving for intensive study and classification }		2.7	4.3
II Intensive treatment of acutely ill }			
VII Medical and surgical		2.8	4.4

The 1954-55 Budget extends these receiving and treatment ward staffing ratios to the new units to be opened at Mendocino and Patton, and also to the two older units at Agnews and Metropolitan.

Further information relating to the additional nursing positions at each of the hospitals follow.

**Camarillo State Hospital**

The establishment of the new positions effective February 1, 1955, provides two months for recruitment and training prior to the opening of the new juvenile unit on April 1, 1955, for occupancy at a rated capacity of 154 beds.

The position recommendations follow the intensity of staffing indicated by the "normal quota" assignments at Camarillo for the juvenile patient classification as of the date of the June 12, 1952, survey.

The staffing adjustments for changed ward classifications subsequent to June 12, 1952, positions for changes in overcrowding in terms of the 1947 standard, off-ward changes from the June 12, 1952, survey date, and other changes since the survey indicated a basis for certain reassignments in staff. An illustration of a proposed change in ward classification is the proposed reclassification of Ward 1 and C from the juvenile unit classification eight to the continued treatment unit classification five which results in a lesser ward staffing requirement. The net effect of these adjustments permits reassignment of 10 psychiatric technicians to the ward the staffing of the new juvenile unit, plus 47 new positions at a cost of \$53,845.

**Mendocino State Hospital**

The opening of the new receiving and treatment building at Mendocino on July 1, 1954, will provide 234-bed capacity. The total positions recommended provide an intensity of staffing in accordance with the authorizations for the Camarillo, Napa, and Stockton receiving and treatment services, as follows:

	Ratio With Relief	Ratio Excluding Relief
Receiving and intensive treatment	2.7	4.3
Medical and surgical	2.8	4.4

The ward staff recommended for approval provides coverage for 53 posts plus 32 relief positions for a total of 85 positions.

The opening of the ranch ward building on October 1, 1954, will provide a bed capacity for 100 patients and requires staffing (in terms of the 11.3 normal quota ratio) totaling 15 positions, including relief.

The staffing adjustments for changed ward classifications subsequent to June 12, 1952, permit reassignment of 48 positions toward the staffing requirement of 100 positions for the opening of the two new facilities. The cost of the 52 positions amounts to \$153,522 as stated in the table.

**Modesto State Hospital**

Five additional psychiatric technician trainee positions at a cost of \$12,000 are required to maintain the same level of service after making institution-wide adjustments for changes in related capacities of wards, changes in character of wards, overcrowding and other variables affecting nursing requirements.

**Napa State Hospital**

The new ward building at Napa provides bed capacity for 150 patients and is scheduled for occupancy on July 1, 1954. The requested staffing is in accordance with the "normal quota" ratio assignments at Napa State Hospital and the 10 additional positions required will cost \$27,630.

The staff adjustments for overcrowding and other factors require 13 additional positions at a cost of \$31,980. A total of 23 positions is required to extend the authorized level of service for Napa State Hospital in the 1954-55 Fiscal Year at a cost of \$59,610.

## DEPARTMENT OF MENTAL HYGIENE—Continued

## STATE HOSPITALS FOR MENTAL ILL AND MENTAL DEFICIENT—Continued

## Patton State Hospital

The opening of the new receiving and treatment building at the Patton State Hospital on July 1, 1954, will provide a bed capacity for 365 patients. The positions proposed will provide a level of service that is comparable to that which was authorized for the Camarillo, Napa, and Stockton State Hospital receiving and treatment facilities. The changes in ward unit classifications and other factors subsequent to the June 12, 1952, survey will permit reassignment of 39 psychiatric technician positions as offset to the 133 positions recommended for the new receiving and treatment building. The additional 94 new positions as indicated in the schedule amount to \$270,156.

## Stockton State Hospital

The establishment of four new positions effective July 1, 1954, at a cost of \$9,840, will cover adjustments for overcrowding, official assignments and other factors for the 1954-55 Fiscal Year.

The staff requirements for the 80 bed capacity in the receiving and treatment building was provided in the 1953-54 Governor's Budget authorization and no additional positions are required for Phase II of this project with occupancy scheduled for October 1, 1954.

No additional staff is required for the new ward building (rated capacity 100) which replaces Ward K (rated capacity 102) as a continued treatment ward on April 1, 1955.

## Pacific State Hospital

New ward buildings with a rated capacity of 981 beds are scheduled for occupancy on August 1, 1954. The ward coverage proposed is based upon Pacific State Hospital's "normal quota" staffing assignment ratios per the June 12, 1952, ward staffing survey for comparable ward unit classifications. The ward coverage provides 138 positions including relief at a cost of \$385,488.

An additional 16 positions are proposed to adjust for overcrowding, ward classification changes, etc., to continue the authorized level of service subsequent to the June 12, 1952, survey for the estimated ward coverage requirements in the 1954-55 Fiscal Year at a cost of \$39,360.

## Porterville State Hospital

The state-wide "normal quota" ratios for mentally defective ward unit classifications at normal capacity as covered by the June 12, 1952, survey, plus the overcrowding ratio allowance, as applied to the estimated population at the Porterville State Hospital in the 1954-55 Fiscal Year make certain staff adjustments necessary. The increased intensity of ward staffing is occasioned by an estimated change in character of population that is different from that which was estimated in the 1953-54 Governor's Budget. The individuals diagnosed and placed on the state-wide waiting list for mentally defective patients provide an indication of the capacity requirements by ward unit classification at the Porterville State Hospital. Accordingly, the staff coverage as adjusted provides the basis for the 81 new positions at a cost of \$199,260.

## Sonoma State Hospital

New ward buildings and a nursery cottage with a total rated capacity of 620 beds are scheduled for occupancy on July 1, 1954, and ward buildings with a rated capacity of 200 beds are scheduled for occupancy on October 1, 1954.

The ward coverage provides 118 positions, including relief, at a cost of \$312,742. An additional 21 positions at a cost of \$51,660 are proposed to continue the authorized level of service for ward classification changes subsequent to the June 12, 1952, survey and other factors of change for the estimated ward coverage requirements of the 1954-55 Fiscal Year.

## Medical

24 Physicians and surgeons II.....	\$236,448
The 24 additional positions will continue the authorized level of service on an over-all department-wide basis with the distribution taking into account recruitment factors and the maintenance of a well balanced program from the standpoint of rendering comparable levels of service at the various hospitals. This distribution will provide five positions for Agnews, two for Atascadero, five for Camarillo, one for Modesto, five for Patton, five for Stockton, two for Pacific, one for Porterville, and a reduction of two at Sonoma.	
3 Senior dentists .....	24,336
1 Dental assistant .....	2,844
An additional dentist at Camarillo, Modesto, and Patton, and a dental assistant position at Patton is required to continue the authorized level of service based upon estimated work load for the 1954-55 Fiscal Year.	
7 Senior clinical psychologists.....	40,404
Three additional positions are required for the maintenance of current authorized level of service and are distributed one each to Metropolitan, Patton, Stockton, Pacific, Sonoma, and two for Porterville.	

## Other Professional and Special Groups

1 Supervisor of rehabilitation therapies (Atascadero).....	5,496
4 Occupational therapist, grade I (Mendocino, Modesto, Patton, Pacific) .....	15,240
6 Recreation therapist (Agnews, Camarillo, Metropolitan, Patton, Pacific (2) .....	23,976
The therapist staff allowances will provide for continuance of the authorized level of service.	
5 Kindergarten teachers .....	19,980
Three additional teacher positions are required to take care of additional pupils at Pacific State Hospital and two additional positions are required at Sonoma State Hospital where there is a waiting list of children who require education.	
5 Supervising psychiatric social workers .....	26,160

## DEPARTMENT OF MENTAL HYGIENE—Continued

## STATE HOSPITALS FOR MENTAL ILL AND MENTAL DEFICIENT—Continued

## Other Professional and Special Groups—Continued

20	Senior psychiatric social workers	\$94,800
Twenty-five additional positions at a cost of \$120,960 are included to continue the authorized level of service as computed on a department-wide basis with a distribution which will tend to provide a more equal level of service at the various hospitals. This includes the abolishment of one authorized senior psychiatric social worker at Mendocino State Hospital due to change in work load conditions.		
2	Cooks	6,912
2	Assistant cooks	5,688
The four additional positions will provide two additional kitchen posts plus relief for work load increase at Pacific State Hospital resulting from an estimated increase in resident population from 2,000 to 3,000. This is a minimum increase necessary for proper food preparation at this hospital with an anticipated 50 percent population increase.		
3	Janitors	8,352
A janitor position is required for each of the following new facilities to be activated in the 1954-55 Fiscal Year:		
(a) Receiving and treatment unit and administration building at Mendocino		
(b) Receiving and treatment unit at Patton		
(c) New school buildings at Pacific State Hospital.		
1	Laundryman	2,988
2	Laundry helper	5,160
Three additional laundry positions at a total cost of \$8,148 are required for Pacific State Hospital to allow for work load increase resulting from a 50 percent population increase in connection with the activation of new ward buildings. The laundrymen will be assigned to the wash section and the laundry helpers to the press section.		
1	Carpenter	4,194
1	Plumber	4,194
1	Building maintenance man	3,456
2	Stationary engineer	8,388
An additional stationary engineer is required for each of the new receiving and treatment buildings at Mendocino State Hospital and Patton State Hospital.		
An additional plumber and carpenter will be required to service the 12 new ward buildings and new school buildings at Pacific State Hospital.		
An additional building maintenance man will be required to furnish minimum maintenance service for the eight new ward buildings at Sonoma State Hospital.		
3	Automotive equipment operators	10,368
Two additional automotive equipment operators are required at Pacific State Hospital for increased work load consisting primarily of food and laundry transportation to and from the 12 new ward buildings to be activated during the budget year. One such position is required for similar work load increase at Sonoma in connection with the anticipated activation of eight new ward buildings.		

## Clerical Personnel

18	Intermediate typist-clerk, range B	53,784
The 18 additional positions are required for the clerical pool and will continue the presently authorized service of one stenographer-typist per three professional positions drawing on the pool for clerical service. This clerical group must take medical dictation, consisting of examination reports, progress notes on patients, other medical reports; correspondence with relatives and other agencies; maintain records on diagnosis, deaths, leaves of absence; prepare surgical records, shock therapy reports, tuberculosis reports, autopsy records; electroencephalograph reports, daily reports of patients in restraint and seclusion, and many other records required in the hospital. This includes the abolishment of one authorized intermediate typist-clerk at Mendocino State Hospital due to changes in work load conditions.		
1	Intermediate clerk	2,844
An additional clerk position is required for the handling of personnel documents, attendance reports, and pay roll records at Patton State Hospital and Sonoma State Hospital in accordance with the authorized work load ratio of one personnel clerk for each 250 authorized positions. One clerk position at Camarillo State Hospital will be abolished in accordance with this work load standard.		

## Salary Savings

The increased expenditures for salaries and wages is due in part to decreased salary savings in 1954-55 amounting to \$401,750 accounted for by further recruiting improvements, reduced turnover in positions, and by delayed completion of new facilities activated during 1953-54 which resulted in additional salary savings.

**OPERATING EXPENSES.** An increase of \$1,146,507 is explained within the analysis of each hospital. The increased costs are generally due to population factors and to physical plant expansion.

**EQUIPMENT.** Equipment items totaling \$965,795 are explained within the analysis of each hospital and represent replacement of equipment of \$561,412 or 3.6 percent of the total investment in equipment on June 30, 1953, and additional equipment of \$404,383, a total decrease of \$178,722 or 16 percent below the 1953-54 Fiscal Year allowance for equipment. The additional equipment requests include additional office equipment for new positions; additional feeding and housekeeping equipment for increased population and to improve conditions where there is inadequate equipment to meet existing needs; additional medical equipment to continue the level of medical care and treatment of patients for the increased population and to improve service in some areas that are now below standard; additional automotive equipment to provide service for the increased population and to increase the efficiency of present operations.

**REIMBURSEMENTS.** A total of \$1,129,792 is estimated for 1954-55, an increase of \$68,015 over 1953-54. The increase is attributable to services to employees primarily for meal sales and rental of quarters.

## Department of Mental Hygiene

## DEPARTMENTAL ADMINISTRATION

Under the administration function, the department carries on the activities of general direction of the hospitals, clinics, special programs, fiscal accounting and budget control, collection activities, deportations and transfers, guardianships, statistics, personnel services, food administration, nursing service, maintenance service, community services, and private institution inspections.

## Department of Mental Hygiene

## DEPARTMENTAL ADMINISTRATION—Continued

LINE	EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55	CHANGE FROM 1953-54
1	<b>GENERAL ANALYSIS</b>				
2					
3					
4	Number of positions—administration -----	148.6	172	180.2	8.2
5	Number of positions—extramural care -----	151.5	175	188.2	13.2
6					
7	Totals -----	300.1	347	368.4	21.4
8					
9	<b>ADMINISTRATION</b>				
10					
11	Analysis				
12					
13	SALARIES AND WAGES: The increase of \$62,293 is accounted for as follows: Five and one-tenth new positions costing \$15,524				
14	are discussed below:				
15	Statistics:				
16	1 Tabulating machine operator -----				\$1,608
17	Based on the present trend of the "movements" work load, this additional position will be required on				
18	January 1, 1955, in the reports unit of the statistics section to maintain the present level of produc-				
19	tivity.				
20	Bureau of Patients Accounts:				
21	1 Agent I -----				4,740
22	Actual first-quarter experience of the new 1953-54 position allowed for review of those cases where the				
23	monthly charge is less than the maximum indicates that about 10,000 such reviews can be made an-				
24	nually by one position. Twenty thousand such reviews are estimated for 1954-55; therefore, one addi-				
25	tional position is required for this increased work load.				
26	1 Intermediate stenographer-clerk -----				2,988
27	This position will be assigned to the Sacramento regional office of the bureau on the basis of the exist-				
28	ing work load and will provide clerical assistance for the existing agent I position which will, in turn,				
29	release more of his time for more productive use. Such a position is currently authorized for the Los				
30	Angeles and San Francisco offices.				
31	1 Intermediate file clerk -----				2,844
32	During the last two years, there has been a tremendous increase in the amount of time required of the files				
33	unit of the statistics section to provide information from the roster of patients for the bureau of patients				
34	accounts. This work load has increased to the point that now 60 percent of the time of the two file				
35	clerks in this unit is required to provide this service, with the result that regular assigned work for the				
36	statistics section cannot be accomplished. With the increase in patients' accounts work load anticipated				
37	for 1954-55, this situation would become even worse. The additional position is proposed on the basis				
38	of this work load.				
39	1 Intermediate account clerk -----				2,844
40	This position is required in the accounts receivable and services section for anticipated work load in-				
41	creases based on a budget year increase in the mentally ill population.				
42	Guardianship:				
43	0.1 Agent I -----				500
44	This part-time position is required for the examination of patients' property to determine what can be				
45	discarded and what should be preserved for the patient. This position will provide this service in the				
46	northern part of the State. A similar position is currently authorized for the southern area.				
47					
48	Increased cost of authorized positions, \$27,980, and decreased salary savings due to improved recruitment conditions, \$18,789, account				
49	for the balance of change in salaries in 1954-55.				
50					
51	OPERATING EXPENSES: The increase of \$4,710 is due primarily to increased cost of postage because of anticipated increases in				
52	the work load of the bureau of patients' accounts, \$3,400, and general office travel expense because of full-year travel of author-				
53	ized positions which is only partially reflected in the current year.				
54					
55	EQUIPMENT: The amount of \$18,060 represents \$2,380 for replacement equipment and \$15,680 for additional equipment. Among				
56	the more significant items of additional equipment are: equipment complement for new positions, \$3,459; films for community				
57	services film library, \$3,000; files for expansion in the personnel section, \$1,163; dictating machines, \$1,755; audio-visual equip-				
58	ment and films for in-service training programs, \$1,000; files for expansion of the patients' accounts section, \$1,570.

DEPARTMENTAL ADMINISTRATION—Continued

LINE	SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55	CHANGE FROM 1953-54
		52-53 (Filled)	53-54 (Auth.)	54-55 (Auth.)				
1	ADMINISTRATION—Continued							
2	EQUIPMENT							
3	General—replacement				\$1,439	\$1,691	\$1,110	
4	General—additional				47,540	26,738	15,680	
5	Automobile—replacement						1,270	
6	Automobile—additional					3,800		
7	Totals, Equipment				\$48,979	\$32,229	\$18,060	
8	Totals, Administration				\$864,079	\$1,037,727	\$1,090,561	
9	EXTRAMURAL CARE							
10	Analysis							
11	SOCIAL WORKER CASE LOAD AND UNIT COST							
12	Average number of active assigned leave of absence cases				7,942	8,830	9,500	670 (7.6%)
13	Number of social workers				104.5	130	136	6 (4.6%)
14	Ratio of active assigned cases to all social workers (includes supervisors)				76.0	67.9	69.9	2 (2.9%)
15	Ratio of active assigned cases to case workers (excludes supervisors)				89.5	80.3	82.6	2.3 (1.5%)
16	Cost per active assigned case				\$109.57	\$116.87	\$118.57	\$1.70 (1.5%)
17	SALARIES AND WAGES: The increase of \$93,385 is accounted for by nine new positions to the extent of \$37,896. The balance of the increase is accounted for by increased cost of authorized positions, \$36,529; and decreased salary savings due to improved recruitment conditions, \$18,960.							
18	1 Supervising psychiatric social worker is provided to continue supervision of case workers at the ratio of one to six.							
19	5 Senior psychiatric social workers are provided to continue the level of service authorized in the 1953-54 budget at one social worker per 83 active assigned cases.							
20	3 Intermediate stenographer-clerks are required to provide clerical service for the expanded staff at the current ratio of one to two and one-half social workers.							
21	OPERATING EXPENSES: The increase of \$18,918 is due primarily to increases in the cost of rent and utilities, due to full-year cost of additional space required during 1953-54 and additional space required for the nine additional positions budgeted for 1954-55, \$14,156; and increases in the cost of travel expense to provide for the additional 1954-55 positions, \$3,102.							
22	EQUIPMENT: The amount of \$11,441 represents \$1,520 for replacement and \$9,921 for additional equipment. The more significant additional items include two automobiles for new positions, \$3,240; two conference tables for regional social work offices, \$390; and dictaphone equipment for new positions, \$2,110.							
23	SALARIES AND WAGES							
24	General Office:							
25	Chief of social service	1	1	1	\$644-782	\$9,246	\$9,348

1	<b>FAMILY CARE</b>			
2				
3	<b>Analysis</b>			
4				
5	The family care leave program has experienced a significant increase during recent years. The appropriation provides for an average			
6	of approximately 617 cases at the \$70 rate and an average of 60 partially financed cases. This represents an increase of ap-			
7	proximately 17 percent in the full paid case load and approximately 10 percent in the partially financed case load.			
8

59	<b>GENERAL ANALYSIS</b>				
60					
61	Number of positions .....	73.8	76.4	78.4	2
62	As administrator of National Mental Health Act funds for California, the Department of Mental Hygiene is responsible for the allocation of such funds to other state and local agencies and seeing that required standards of service are met and maintained. The following schedules indicate the number of hours spent by individual patients with the professional staff for purposes of diagnosis and treatment, and also the number of hours of preventive services to communities during the Fiscal Years 1952-53 (actual), 1953-54 (estimated on basis of statistics for first four months), and 1954-55 (projected). Of the professional time allocated to all services, 85 percent was directed toward treatment of individual patients and 15 percent toward preventive work in the community, in the year 1952-53. It is estimated that these percentages will amount to 86 percent and 14 percent respectively, in 1953-54.				
63	<sup>a</sup> Federal funds, neither receipts nor expenditures are included in the budget totals.				
64	<sup>b</sup> A reduction in the amount of the federal grant under the National Mental Health Act is anticipated. The continued operation of the Berkeley Clinic, which heretofore has been financed entirely from the federal grant, will require \$42,130 from state funds to supplement the federal funds unless the amount of the grant is greater than anticipated, in which case savings will be made in the amount of state General Fund appropriation available for the Berkeley Clinic.				
65	<sup>c</sup> Composed of savings in salaries and wages, \$45,606; operating expenses, \$17,055; equipment, \$980; and loss in reimbursements, \$13,613.				
66	<sup>d</sup> Composed of savings in salaries and wages, \$6,100; and operating expenses, \$2,590.

GENERAL ANALYSIS—Continued

The chief factors responsible for the variation in cost per service hour from clinic to clinic are: (1) the age of the clinic (e.g. the necessary time elapsed before staffing can be completed in more recently established clinics like Riverside and Chico); (2) the duration of normally occurring vacancies (e.g. in areas remote from metropolitan centers, recruiting is more difficult); (3) the proportion between children and adults in the case load of patients (e.g. a child's case takes two to three times more staff time than does an adult case); (4) the ratio between group psychotherapy and individual psychotherapy offered in a given clinic (e.g. 10 hours of professional staff time may produce 100 patient-hours in group therapy but only 10 patient-hours in individual treatment interviews); (5) uncontrollable, extraneous factors (e.g. the transportation workers' strike in the East Bay that made it impossible for many patients to reach the Berkeley Clinic over a period of two months).

The figures projected for 1954-55 are based on: (1) the assumption that all authorized positions will be filled; (2) 900 service-hours per professional worker per year; (3) the ratio between direct services to patients and preventive services to communities as estimated for 1953-54.

In conjunction with the rendering of these services, the Berkeley Clinic conducts an extensive training program for social workers, psychologists, and psychiatrists.

	NUMBER ON PROFESSIONAL STAFF	ALL SERVICES		TREATMENT SERVICES TO PATIENTS Number of visits by patients (in hrs.)	PREVENTIVE SERVICES TO COMMUNITIES Number of hours	CLINIC OPERATION Cost per service hour

Riverside -----	6	62,513	5,400	4,800	600	11.58
Chico -----	5	56,188	5,200	4,100	1,100	10.81

SALARIES AND WAGES: The increase of \$34,279 is accounted for as follows: One additional psychiatrist II position for the Sacramento Clinic at a cost of \$8,520 will replace the similar position which was discontinued effective July 1, 1953, in accordance with Section 16 of the Budget Act of 1953. In view of a definite recruitment commitment for July 1, 1954, this position is again authorized to provide the Sacramento Clinic with a level of service comparable to that authorized at the other similar clinics. Decreased cost of authorized positions, \$4,177, due primarily to the discontinuance of four positions financed from federal funds; and decreased salary savings, \$29,936, due to a large savings in the current year caused by positions being held vacant by administrative action to stay within National Mental Health Act grants, account for the balance of change in salaries in 1954-55.

OPERATING EXPENSES: The increase of \$13,962 is due primarily to increases in the cost of contracts with state and local agencies for mental health clinics and training, \$6,600; mental health institute and education, \$2,531; and Los Angeles Clinic rent and utilities, \$2,813.

EQUIPMENT: Seven thousand three hundred dollars is provided for 1954-55 and includes the following significant items: chairs and table for conference room and chairs for waiting room at Los Angeles Clinic, \$1,410.

<sup>a</sup> Including 3.5 psychiatric residents not in budget.

<sup>b</sup> Including one psychiatric resident not in budget.

<sup>c</sup> This is the total number of authorized positions (53) plus two psychiatric residents.

<sup>d</sup> Includes two psychiatric residents not in budget.

				(1.8%)
Outpatient (per interview)	15.27	14.22	14.35	-0.13
				(-0.9%)

## Analysis

Total expenditures for support in 1954-55 amount to \$1,033,149, an increase of \$18,033 or 1.8 percent over 1953-54. The average population remains unchanged in the 1954-55 Fiscal Year.

**SALARIES AND WAGES:** The increase of \$29,566 is due to increased cost of authorized positions, \$29,738, and a small increase in salary savings, \$172.

**OPERATING EXPENSES:** The increase of \$3,084 is due to miscellaneous adjustments in the various allotments based on anticipated requirements.

**EQUIPMENT:** The amount of \$16,655 provides \$8,226 for replacement and \$8,429 for additional equipment. The replacement equipment amounts to 3.6 percent of the equipment investment on June 30, 1953. The following are significant additional items: steam chef cooker, \$1,552; medical books, \$600; microtome for the neuropathology department, \$655.

SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55	
	52-53 (Filled)	53-54 (Auth.)	54-55 (Auth.)				
ADMINISTRATION							
SALARIES AND WAGES							
Executive:				SALARY RANGE			
Medical superintendent ( $\frac{3}{4}$ time)----	0.8	0.8	0.8	\$1,100-1,200	\$10,688	\$10,800	
Senior stenographer-clerk-----	1	1	1	281-341	4,092	4,092	
General Office:							
Junior research technician-----	1	1	1	341-415	4,262	4,476	
Medical record librarian-----	0.6	1	1	341-395	4,245	4,458	
Senior clerk-----	1	1	1	281-341	3,930	4,080	
Intermediate stenographer-clerk----	7.1	8	8	243-295	25,298	26,220	

<sup>a</sup> Composed of savings in salaries and wages, \$17,956; operating expenses, \$16,588; equipment, \$2,563; and loss in reimbursements, \$730.

<sup>b</sup> Composed of savings in operating expenses, \$425.

<sup>c</sup> Represents average count Monday through Friday and excludes week-end visits. Practically all active treatment and therapy is given during these five days. The feeding allotment is based upon the seven-day average for approximately 10 percent less in-patients than shown above.

<sup>d</sup> Represents total number of interviews by the professional staff.

<sup>e</sup> Costs have been allocated between inpatient and outpatient departments on the basis of estimated time distribution of all employees and a proportioned allocation of other expenses.

16	GENERAL ANALYSIS				
17					
18					
19	The Psychiatric Hospital Clinic, Los Angeles, is to operate in conjunction with the University of California at Los Angeles, similar				
20	to the method of operating the Langley Porter Clinic in conjunction with the University of California on the campus of the				
21	Medical School in San Francisco.				
22	Continuation is provided in the budget for the three-fourths time salary for this medical superintendent and a senior stenographer-				
23	clerk, in order that the superintendent might consult with architects for the department regarding the plans for construction of				
24	the Psychiatric Hospital Clinic which is to be built as a portion of the Medical School of the University of California at Los				
25	Angeles. Office and traveling expense necessary for the functioning of these two positions is also provided.

Per capital cost-----	\$1,124	\$1,189	\$1,228	\$39
				(3.3%)

## Analysis

Total expenditures for support in 1954-55 amount to \$5,458,274, an increase of \$182,482, or 3.5 percent over 1953-54. The average population for 1954-55 is .2 percent greater than the estimate for 1953-54.

**SALARIES AND WAGES:** The increase of \$204,749 is accounted for as follows: Ten new positions at a cost of \$66,960 are explained under "State Hospitals for Mentally Ill and Mentally Deficient" following the departmental summary. The increased cost of authorized positions, \$91,503, and decreased salary savings due to improved recruitment conditions, \$46,286, account for the balance of change in salaries in 1954-55.

**OPERATING EXPENSES:** The increase of \$9,818 is accounted for as follows: An annual cost of \$10,000 relating to connection with the San Francisco metropolitan water system is estimated, of which \$1,000 is for stand-by supply charge and \$9,000 is for use of the supply during periods of shutdown of the domestic supply due to breakdowns or the cleaning of equipment.

**EQUIPMENT:** The amount of \$97,065 provides \$60,763 for replacement and \$36,302 for additional equipment. The replacement equipment amounts to 3.3 percent of the equipment investment on June 30, 1953. The following are significant additional items: tray carts for ward dining rooms, \$1,200; bedside stands for wards, \$1,650; sterilizer for surgery, \$4,500; equipment for an eye clinic, \$3,800; television sets, \$1,250; stand-by electric plant for surgery, \$925; office equipment for new positions, \$2,430.

## GENERAL ANALYSIS

24	Number of positions	-	368.7	332.4	-36.3
25	<b>POPULATION AND UNIT COSTS</b>				
26	Average population	-	21	675	654
27	Per capita cost	-	\$18,692	\$2,234	-\$16,458

## Analysis

Total expenditures for support in 1954-55 amount to \$1,508,144 and represents the first full-year operating cost of this new hospital. It is anticipated that the initial group of 250 patients will be received at Atascadero on June 1, 1954. Increases in this resident population are estimated at 100 for each of the months September through December, 1954, and at 75 for each of the months January through June, 1955. This schedule will result in a June 30, 1955, resident population of 1,100 as compared with 250 estimated for June 30, 1954.

**SALARIES AND WAGES:** The increase of \$837,210 is accounted for as follows: Seven new positions at a cost of \$42,900 are explained under "State Hospitals for Mentally Ill and Mentally Deficient" following the departmental summary. The increased cost of authorized positions, \$985,282, and increased salary savings, \$190,972, are due to full-year extensions of the authorized positions as compared to partial-year authorization during 1953-54.

**OPERATING EXPENSES:** The increase of \$249,878 is due also to full-year operating costs of this new hospital during 1954-55 together with the factor of increased population during the budget year.

**EQUIPMENT:** All basic equipment for furnishing this hospital is being provided from capital outlay funds. The inclusion of \$3,000 in the 1954-55 support budget will provide for additional miscellaneous items.

SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55

15					(3.6%)
16	GENERAL ANALYSIS				
17	Number of positions-----	711.4	681.1	696.6	15.
18	POPULATION AND UNIT COSTS				
19	Average population-----	3,051	3,089	3,060	-29
20	Per capita cost-----	\$1,166	\$1,228	\$1,284	\$56
21					(4.6%)
22	Analysis				
23	Total expenditures for support in 1954-55 amount to \$3,927,612, an increase of \$135,658, or 3.6 percent over 1953-54. The average population for 1954-55 is 0.9 percent less than 1953-54.				
24	SALARIES AND WAGES: The increase of \$122,120 is accounted for as follows: One new position at a cost of \$4,740 is explained under "State Hospitals for Mentally Ill and Mentally Deficient" following the departmental summary. The increased cost of authorized positions, \$67,272, and decreased salary savings due to improved recruitment conditions, \$50,108, account for the balance of change in salaries in 1954-55.				
25	OPERATING EXPENSES: The decrease of \$6,450 is due to decreases in estimated population.				
26	EQUIPMENT: The amount of \$86,496 provides \$60,201 for replacement and \$26,295 for additional equipment. The replacement equipment amounts to 6.3 percent of the equipment investment on June 30, 1953. The following are significant additions:				
27	items: food carriers, \$1,068; dinette chairs and tables, \$2,305; bedpan washer and sterilizer for medical and T. B. ward, \$1,815; hypodermic needle cleaner, \$695; fork-lift truck, \$4,430.				
28	REIMBURSEMENTS: A total of \$82,098 from services to employees is estimated for the 1954-55 Fiscal Year.

## GENERAL ANALYSIS

Number of positions----- 579.3 589.7 634.2 44.5

## POPULATION AND UNIT COSTS

Average population----- 2,604 2,645 2,677 32  
 Per capita cost----- \$1,102 \$1,204 \$1,262 \$58  
 (4.8%)

## Analysis

Total expenditures for support in 1954-55 amount to \$3,377,179, an increase of \$192,163, or 6 percent over 1953-54. The average population for 1954-55 is 1.2 percent greater than the estimate for 1953-54.

**SALARIES AND WAGES:** The increase of \$174,657 is accounted for as follows: Fifty-five new positions at a cost of \$164,370 are explained under "State Hospitals for Mentally Ill and Mentally Deficient" following the departmental summary. The decreased cost of authorized positions, \$1,539, and decreased salary savings due to improved recruitment conditions, \$11,826, account for the balance of change in salaries in 1954-55.

**OPERATING EXPENSES:** The increase of \$19,597 is due primarily to increases in the cost of light, heat, and power, \$13,312, and maintenance of structures, \$2,700, relating to physical plant expansions.

**EQUIPMENT:** The amount of \$64,544 provides \$42,465 for replacement and \$22,079 for additional equipment. The replacement equipment amounts to 4.0 percent of the equipment investment on June 30, 1953. The following are significant additional items: television sets for hospital wards, \$1,400; over-bed tables for bedridden patients, \$750; medical books for doctors, \$750; hydraulic tail gate for food truck, \$750; ambulance for transportation of sick patients, \$4,500.

18	<b>POPULATION AND UNIT COSTS</b>				
19	Average population	2,407	2,416	2,324	-92
20	Per capita cost	\$1,302	\$1,433	\$1,491	\$58
21					(4%)
22	<b>Analysis</b>				
23	Total expenditures for support in 1954-55 amount to \$3,464,268, an increase of \$1,705 over 1953-54. The average population for 1954-55 is 3.8 percent less than 1953-54.				
24	SALARIES AND WAGES: The increase of \$65,620 is accounted for as follows: Three new positions at a cost of \$14,508 are explained under "State Hospitals for Mentally Ill and Mentally Deficient" following the departmental summary. The increased cost of authorized positions, \$7,604, and decreased salary savings due to improved recruitment conditions, \$43,508, account for the balance of change in salaries in 1954-55.				
25	OPERATING EXPENSES: The decrease of \$18,478 relates primarily to anticipated decreases in the patient population and to discontinuance of the poultry ranch during the current fiscal year.				
26	EQUIPMENT: The amount of \$99,021 provides \$66,115 for replacement and \$32,906 for additional equipment. The replacement equipment amounts to 5.7 percent of the equipment investment on June 30, 1953. The following are significant additional items: electric fountain coolers for convalescent wards, \$750; hassocks for patient wards, \$1,250; tablet arm chairs for in-service-training classes, \$720; electric floor polishers, \$1,250; air compressor for the laundry, \$970; whirlpool bath for treatment of neuromuscular disorders, \$1,000; medical books, \$750; hydraulic lift for the garage, \$1,200; air compressor for service station, \$650.

 (1.9%)

## Analysis

Total expenditures for support in 1954-55 amount to \$4,523,920, an increase of \$150,656 or 3.4 percent over 1953-54. The average population for 1954-55 is 1.5 percent greater than the estimate for 1953-54.

**SALARIES AND WAGES:** The increase of \$153,519 is accounted for as follows: Ten new positions at a cost of \$41,802 are explained under "State Hospitals for Mentally Ill and Mentally Deficient" following the departmental summary. The increased cost of authorized positions, \$76,367, and decreased salary savings due to improved recruitment conditions, \$35,350, account for the balance of change in salaries in 1954-55.

**OPERATING EXPENSES:** The increase of \$13,494 is due primarily to increases in the cost of feeding, \$10,730, and clothing, \$1,141, relating to corresponding increases in the estimated patient population.

**EQUIPMENT:** The amount of \$67,235 provides \$26,874 for replacement and \$40,361 for additional equipment. The replacement equipment amounts to 3 percent of the equipment investment on June 30, 1953. The following are significant additional items: equipment for new positions, \$1,029; cake batch mixer for the bakery, \$4,178; steam kettles for the kitchen, \$1,600; food conveyors, \$1,545; waste receptacles for each ward, \$1,265; bedspreads, \$1,600; chairs for dayrooms, \$3,250; adult cribs for infirm and aged patients, \$2,316; foam rubber mattresses for cribs, \$936; autoclave, \$1,510; autopsy table for pathology, \$1,360; dental chair for new position, \$1,385; television sets, \$1,250.

**REIMBURSEMENTS:** A total of \$71,482 from services to employees is estimated for the 1954-55 Fiscal Year.

Number of positions	919.5	1,137	1,235.4	98.4
<b>POPULATION AND UNIT COSTS</b>				
Average population	4,620	5,154	5,620	466
Per capita cost	\$1,025	\$1,122	\$1,137	\$15
				(1.3%)

## Analysis

Total expenditures for support in 1954-55 amount to \$6,389,894, an increase of \$606,924, or 10.5 percent over 1953-54. The average population for 1954-55 is 9 percent greater than the estimate for 1953-54.

**SALARIES AND WAGES:** The increase of \$452,229 is accounted for as follows: Twenty-four new positions at a cost of \$62,598 are explained under "State Hospitals for Mentally Ill and Mentally Deficient" following the departmental summary. The increased cost of authorized positions, \$134,077; and decreased salary savings due to improved recruitment conditions, \$24,554; and due to full recruitment of new positions for the receiving and treatment building which were authorized effective July 1, 1953, but which were delayed on a staggered basis by administrative action, \$231,000, account for the balance of change in salaries in 1954-55.

**OPERATING EXPENSES:** The increase of \$123,146 is accounted for as follows: The increases in the cost of feeding, \$70,298; clothing, \$12,088; and housekeeping, \$6,990, relate primarily to anticipated increases in patient population. Increases in the cost of light, heat, and power, \$10,560, and water and sewage, \$6,562, are due to expansion of the physical plant for the increased population.

**EQUIPMENT:** The amount of \$92,134 provides \$49,575 for replacement and \$42,559 for additional equipment. The replacement equipment amounts to 3.6 percent of the equipment investment on June 30, 1953. The following are significant additional items: dictating equipment, \$3,606; adding machines, \$879; dishwasher for ward, \$1,600; reach-in refrigerators for milk cans, \$1,648; clothing cabinets for patients, \$1,440; electric floor polishers, \$1,296; overbed tables for tubercular patients, \$6,000; dormitory beds for increased population, \$3,200; plastic mattress covers, \$1,100; laundry tubs, \$1,400; pick-up truck for poultry ranch, \$1,355.

17	<b>POPULATION AND UNIT COSTS</b>				
18	Average population-----	4,363	4,418	4,493	75
19	Per capita cost-----	\$1,108	\$1,193	\$1,278	\$85
20					(7.1%)
21	<b>Analysis</b>				
22	Total expenditures for support in 1954-55 amount to \$5,743,068, an increase of \$473,959 or 9 percent over 1953-54. The average population for 1954-55 is 1.7 percent greater than the estimate for 1953-54.				
23	SALARIES AND WAGES: The increase of \$431,062 is accounted for as follows: One hundred and eleven new positions at a cost of \$369,780 are explained under "State Hospitals for Mentally Ill and Mentally Deficient" following the departmental summary. The increased cost of authorized positions, \$92,993, and increased salary savings due to the increase in number of positions \$31,711, account for the balance of change in salaries in 1954-55.				
24	OPERATING EXPENSES: The increase of \$49,779 is accounted for as follows: Increases in the cost of feeding, \$13,237; clothing, \$1,945; and housekeeping, \$1,275, are due primarily to increases in anticipated patient population. Increases in the cost of maintenance of structures, \$4,800; light, heat, and power, \$20,832; and telephone and telegraph charges, \$4,432, relate to expansion of the physical plant.				
25	EQUIPMENT: The amount of \$69,919 provides \$40,838 for replacement and \$29,081 for additional equipment. The replacement equipment amounts to 2.5 percent of the equipment investment on June 30, 1953. The following are significant additional items: dictating equipment for new positions, \$2,106; furniture for wards and cottages, \$2,000; furniture for employees' quarters, \$800; electric floor polishers, \$600; wheelchairs and walkers, \$600; oxygen machines, \$700; altar equipment for chaplain, \$800; hydraulic tailgate for food truck, \$800.				
26	REIMBURSEMENTS: A total of \$75,693, consisting of services to employees, sale of surplus products and miscellaneous is estimated for the 1954-55 Fiscal Year.

Average population 4,528 4,876 5,151 275  
 Per capita cost \$1,162 \$1,225 \$1,224 -1  
 (-0.1%)

## Analysis

Total expenditures for support in 1954-55 amount to \$6,304,989, an increase of \$332,725, or 5.6 percent over 1953-54. The average population for 1954-55 is 5.6 percent greater than the estimate for 1953-54.

**SALARIES AND WAGES:** The increase of \$300,879 is accounted for as follows: Fourteen new positions at a cost of \$78,576 are explained under "State Hospitals for the Mentally Ill and Mentally Deficient" following the departmental summary. The increased cost of authorized positions, \$108,592, and decreased salary savings due to improved recruitment conditions, \$113,711, account for the balance of change in salaries in 1954-55.

**OPERATING EXPENSES:** The increase of \$45,133 is accounted for as follows: Increases in the cost of feeding, \$22,277; clothing, \$7,134; housekeeping, \$4,125; and medical care, \$3,328, relate to anticipated increases in the patient population. An increase of \$5,184 in the cost of light, heat, and power is due to a full year's requirement for new buildings being activated during the current year.

**EQUIPMENT:** The amount of \$106,811 provides \$70,884 for replacement and \$35,927 for additional equipment. The replacement equipment amounts to 4.3 percent of the equipment investment on June 30, 1953. The following are significant additional items: equipment for new positions, \$2,649; mixer for central kitchen, \$1,600; meat chopper for butcher shop, \$1,200; electric food cart, \$900; back refrigerator bar, \$1,300; bedside commodes, bedside tables, and bedside benches, \$2,450; oxygen tent, \$716; television sets, \$1,250; chaplain equipment, \$2,000; medical books, \$750; electric floor polishers, \$646; hand trucks, \$700.

Average population----- 1,999 2,000 2,500 500  
 Per capita cost----- \$1,402 \$1,505 \$1,519 \$14  
 (0.9%)

## Analysis

Total expenditures for support in 1954-55 amount to \$3,796,945, an increase of \$786,909, or 26.1 percent over 1953-54. The average population for 1954-55 is 25 percent greater than the estimate for 1953-54.

**SALARIES AND WAGES:** The increase of \$562,546 is accounted for as follows: One hundred eighty-two new positions at a cost of \$543,174 are explained under "State Hospitals for Mentally Ill and Mentally Deficient" following the departmental summary. The increased cost of authorized positions, \$60,551, and increased salary savings due to the new positions effective July 1, 1954, \$41,179, account for the balance of change in salaries in 1954-55.

**OPERATING EXPENSES:** The increase of \$174,837 is accounted for as follows: Increases in the cost of feeding, \$106,144; clothing, \$15,560; housekeeping, \$9,750; medical care, \$8,350; and other miscellaneous increases, \$12,208, relate primarily to anticipated increases in patient population. Increases in the cost of maintenance of structures, \$8,000, and light, heat, and power, \$14,825, are due to expansion of the physical plant for the increased population.

**EQUIPMENT:** The amount of \$103,053 provides \$59,181 for replacement and \$43,872 for additional equipment. The replacement equipment amounts to 6.6 percent of the equipment investment on June 30, 1953. The following are significant additional items: equipment for new positions, \$3,153; dictating equipment for increased work load, \$1,504; files for increased population, \$1,468; bedside rails for ward beds, \$1,000; laundry rack trucks, \$752; iceless oxygen tent for medical ward, \$695; instrument drug and supply cabinets, \$1,484; hydraulic hoist for garage, \$1,200; food truck, \$4,230; two ½-ton trucks with service master body, \$5,520; 1½-ton flat bed truck, \$2,650; station wagon, \$2,248.

31					(—35.9%)

Analysis

Total expenditures for support in 1954-55 amount to \$2,425,104, an increase of \$859,805 or 54.9 percent over 1953-54. The average population for 1954-55 is 141.5 percent greater than the estimate for 1953-54.

SALARIES AND WAGES: The increase of \$546,795 is accounted for as follows: Ninety-three new positions at a cost of \$258,060 are explained under "State Hospitals for Mentally Ill and Mentally Deficient" following the departmental summary. The increased cost of authorized positions, \$199,083, and increased salary savings due primarily to the new positions effective July 1, 1954, \$89,652, account for the balance of change in salaries in 1954-55.

OPERATING EXPENSES: The increase of \$254,666 relates primarily to the large patient population increase anticipated and the activation of new buildings at this hospital during the budget year.

EQUIPMENT: The amount of \$14,337 provides \$3,600 for replacement and \$10,737 for additional equipment. The replacement equipment amounts to 0.9 percent of the equipment investment on June 30, 1953. The following are significant additional items: equipment for new positions, \$3,087; medical books, \$750; books for patients' library, \$500.

36					
37	POPULATION AND UNIT COSTS				
38	Average population-----	3,102	2,716	3,200	484
39	Per capita cost-----	\$1,441	\$1,704	\$1,607	\$97
40					(-5.7%)
41	Analysis				

Total expenditures for support in 1954-55 amount to \$5,140,944, an increase of \$514,231, or 11.1 percent over 1953-54. The average population for 1954-55 is 17.8 percent greater than the estimate for 1953-54.

SALARIES AND WAGES: The increase of \$384,021 is accounted for as follows: One hundred forty-seven new positions at a cost of \$397,894 are explained under "State Hospitals for Mentally Ill and Mentally Deficient" following the departmental summary. The increased cost of authorized positions, \$55,521, and increased salary savings due primarily to the new positions effective July 1, 1954, \$69,394, account for the balance of change in salaries in 1954-55.

OPERATING EXPENSES: The increase of \$126,533 is accounted for as follows: Increases in the cost of feeding, \$64,536; clothing, \$15,062; housekeeping, \$9,438; and medical care, \$8,082, relate primarily to anticipated increases in patient population. An increase of \$20,742 in the cost of light, heat, and power is due to the activation of new ward buildings in the budget year.

EQUIPMENT: The amount of \$63,205 provides \$29,114 for replacement and \$34,091 for additional equipment. The replacement equipment amounts to 1.8 percent of the equipment investment on June 30, 1953. The following are significant additional items: dictating equipment for increased work load, \$1,504; food-shaping machine for butcher shop, \$1,020; bread boxes for bakery and wards, \$1,179; equipment for new positions, \$876; psychological testing equipment, \$500; medical books, \$750; chaplain equipment, \$1,200; two-ton truck for food delivery, \$4,230; car hoist for garage, \$1,200; hydraulic lift gates for trucks, \$1,600.

10	<i>Nonmilitary</i> -----	8.5	7.7	9.3	1.6
11					
12	Support of the Military Department for 1954-55 provides for continuation of operations at the presently authorized level with al				
13	California National Guard units returned to state service and the California National Guard Reserve continued in an in				
14	active state militia status.				
15	The budget reflects changes in organization of the functions "Headquarters Staff" and "Maintenance and Operation of Installa				
16	tions" adopted by the Adjutant General for more effective management of the department.				
17	Support of the California Cadet Corps is continued to provide for training approximately 7,000 cadets in 117 schools throughou				
18	the State.

45	MAINTENANCE AND OPERATION OF INSTALLATIONS—						
46	ARMY						
47	This function provides for the maintenance and operation of state-owned and leased armories, ground installations licensed from the Federal Government, and the State's interest in Camp San Luis Obispo.						
48	Analysis						
49	The completion of armories under construction will require 11 additional positions to perform custodial and maintenance duties and increased expenditures for utilities.						
50	Reimbursements from the Federal Government for operation of facilities are reduced due to National Guard units moving from federal facilities to state-owned armories.

60							
61	FIELD ORGANIZATION—NATIONAL GUARD						
62							
63	This function is concerned with the expenses related to the field units of the California National Guard which are not paid by the						
64	Federal Government. It includes administrative help for headquarters units, expenses for recruiting, medical examinations, of-						
65	ficers' uniform allowances, weekend field exercises and Officer Candidate Schools.						
66							
67	Analysis						
68							
69	The Officer Candidate School is reduced in the 1954-55 Fiscal Year due to anticipated federal support. The Chief of the National						
70	Guard Bureau has stated that the Federal Government will support 11 Officer Candidate Schools. As California operates one						
71	of the four presently in existence this budget contemplates receiving such federal support. The items to be paid for by the Fed-						
72	eral Government are the cadre, instructors, and subsistence. In 1954-55 these amounts would have been: cadre, \$20,000; in-						
73	structors, \$2,700; subsistence, \$2,500.						
74

1	<b>CALIFORNIA NATIONAL GUARD RESERVE</b>						
2							
3							
4	<b>Analysis</b>						
5							
6	The California National Guard Reserve is maintained on a cadre basis to provide a nucleus of trained personnel to be used to build the						
7	state military forces in the event the California National Guard is called to federal duty. This activity will be continued at the						
8	same level as budgeted in 1953-54 with two minor changes: Additional travel is provided so that the commanders may observe						
9	their units and ammunition is to be provided for training purposes.						
10

24	CALIFORNIA CADET CORPS							
25								
26								
27	The California Cadet Corps provides a military training program for schools of high school and junior college level not in the							
28	R. O. T. C. program. Periodic inspections of each school are made by supervisors from the Adjutant General's Office. Equip-							
29	ment, including uniforms and rifles, is furnished by the State. Leadership schools, rifle matches, and a field training ex-							
30	campment are provided each year.							
31								
32	Analysis							
33								
34	The program is continued for 1954-55 based on a level of 117 schools and 7,000 cadets participating in the program.

## DEPARTMENT OF MOTOR VEHICLES

Registers and licenses motor vehicles and maintains registration records, tests and licenses operators of motor vehicles, license driving schools, administers the provisions of the financial responsibility law, which relate to vehicle accidents; and collects the "in lieu" tax on motor vehicles.

The Motor Vehicle Fund finances the major portion of the activities of the department.

The Motor Vehicle License Fee Fund finances that portion of the activities connected with the collection of the "in lieu" tax.

63	<b>GENERAL ANALYSIS</b>				
64					
65	<i>Number of positions</i> -----	2,653.6	2,875	2,989.9	114.4
66					
67	The budget provides for no basic change. Additional positions are recommended in the Division of Administration and the operating divisions to meet anticipated increased work load. Other increases are: four positions in the Division of Drivers Licenses to regulate automobile driving schools, and provision has been made in field office operations for the establishment of four additional branch offices in areas where work load or population concentrations require such facilities.				
68					
69	<sup>a</sup> Composed of savings in salaries and wages, \$31,976; operating expenses, \$351,099; equipment, \$37,975; and loss in reimbursement \$13,147.				
70	<sup>b</sup> Composed of savings in salaries and wages, \$3,186; operating expenses, \$229,755; and equipment, \$883.

## DEPARTMENT OF MOTOR VEHICLES—Continued

LINE	SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
		52-53 (Filled)	53-54 (Auth.)	54-55 (Auth.)			
1	DIVISION OF ADMINISTRATION						
2	This function includes the office of the director, general administration, fiscal, personnel, and procedures and analyses sections.						
3							
4	Analysis						
5							
6	Increases in this function are based on increased work load, primarily attributable to increased activity in the operating divisions.						
7	The net reduction in operating expenses is caused by the fact that the printing of Motor Vehicle Codes will not be repeated in the						
8	1954-55 Fiscal Year.						
9

48	DIVISION OF DRIVERS LICENSES						
49	General Operations						
50	This function provides for the licensing of drivers including: testing of applicants, issuance of licenses, and suspensions and revocations of licenses under the drivers' improvement program.						
51	Analysis						
52	Four additional positions are to provide for the regulation of automobile driving schools and driving instructors under Sections 445 to 445.5 inclusive of the Motor Vehicle Code.						
53	Provision has been made for 6.9 additional positions in temporary help to handle increased work load due to the sections in the Vehicle Code which require verification before issuance of drivers license, to check the records of the applicants for convictions of traffic violations, traffic accidents, and notices for failure to appear in court.						
54	A reduction of 7.3 positions in temporary help results from a slight decrease in work load in general operations.

2	DIVISION OF DRIVERS LICENSES—Continued						
3							
4							
5	Financial Responsibility						
6							
7	Analysis						
8							
9	This function administers the Financial Responsibility Law regarding motor vehicle accidents. The work load, based on cases handled, shows an increase of 5.6 percent over 1953-54. Two additional positions are required due to the provision of Section 421d, Motor Vehicles Code, pertaining to California drivers who fail to meet the financial responsibility requirements of other states, and plus \$2,400 in temporary help is proposed to eliminate the backlog of microfilming. The decrease in operating expenses is caused by the fact that in 1953-54 Fiscal Year, pamphlets were printed explaining the requirements and operation of this act.

1	<b>DIVISION OF FIELD OFFICE OPERATIONS</b>						
2							
3							
4	Includes the operation of branch offices and performs the following services: Registers motor vehicles, issues drivers licenses, and						
5	furnishes information regarding the Financial Responsibility Law.						
6							
7	<b>Analysis</b>						
8							
9	Increases in this function are due primarily to the following:						
10	1. Provision for one additional position for general administration to handle increased clerical work load.						
11	2. Provision for an additional 76 positions for existing branch offices to meet anticipated increased work load in 40 locations as						
12	follows: North—Antioch, Berkeley, Concord, Daly City, Eureka, Hayward, Modesto, Monterey, Palo Alto, Redwood City,						
13	Richmond, Sacramento, Salinas, San Bruno, San Jose, San Rafael, Santa Rosa, Stockton, and Vallejo; South—Bakersfield,						
14	Bellflower, Burbank, Compton, Culver City, East Los Angeles, Glendale, Hollywood, Lancaster, Long Beach, North Holly-						
15	wood, Oceanside, Pasadena, Pomona, Riverside, San Bernardino, San Diego, San Fernando, Santa Ana, Ventura, and Whittier.						
16	3. Provision for an additional five positions to staff new branch offices at Ridgecrest and West San Bernardino County.						
17	4. Provision for an additional three positions to assume Department of Motor Vehicle functions from the California Highway						
18	Patrol at the following locations: Bridgeport, Mariposa, and Truckee.						
19	5. Operating expenses and equipment related to the above additional positions.						
20

DEPARTMENT OF FISH AND GAME

The Department of Fish and Game, administered by the director under general policies established by the Fish and Game Commission and the statutes, is responsible for the enforcement of state fish and game laws, including regulation of commercial fishing; the establishment and maintenance of fish hatcheries; importation, propagation, and distribution of wild life; the control of predators; research; and the collection of statistics covering all phases of fish and game.

17	TOTAL EXPENDITURES, ALL FUNDS	\$6,941,636	\$7,946,866	\$8,298,827	
18	<b>GENERAL ANALYSIS</b>				
19	Number of positions	743.9	783.2	810.5	27.3
20	The budget is presented on the basis of the new organization structure and is detailed by regions. The 1952-53 Fiscal Year ex-				
21	penditures are reported as though the new organization had been in effect during the whole of such period.				
22	Fifteen additional positions are provided as follows:				
23	Seven for Marine Fisheries, six of which are staff for an intensive tuna tagging program and one to provide an adequate crew				
24	for the boat <i>Nautilus</i> .				
25	Three for expanded hatchery operations at Hot Creek and Mt. Whitney Hatcheries resulting from completion of new facili-				
26	ties under the Wildlife Conservation Board program.				
27	Five for other specific activities based on expanded and increased work load.				
28	New or expanded facilities causes the increase in operating expenses such as travel and automobile operation. In addition a sub-				
29	stantial increase in fish food expense is provided as the program to release more catchable-size trout makes it necessary to				
30	hold fish in the hatcheries for longer periods and in greater numbers.

## MARINE RESEARCH COMMITTEE

Research in the development of commercial fisheries of the Pacific Ocean and of marine products susceptible to being made available to the people of California; authorized by Chapter 1276, Statutes of 1947, as amended by Chapter 1323, Statutes of 1951, and Chapter 512, Statutes of 1953. Payable from additional privilege tax of five cents (\$0.05) per hundred pounds on sardines, pacific mackerel, jack mackerel, squid, herring, and anchovies, to be levied until December 31, 1955, as authorized by Chapter 1108, Statutes of 1951.

9	<b>GENERAL ANALYSIS</b>				
10	The Marine Research Committee is composed of nine members of which at least five are members experienced in and actively				
11	engaged in the canning or reduction of California sardines.				
12	The proposed budget for 1954-55 Fiscal Year represents an increase as compared to the current fiscal year thereby reflecting an				
13	expenditure program related to estimated revenues.

# **Department of Fish and Game** **WILDLIFE CONSERVATION BOARD**

The Wildlife Conservation Board, created by Chapter 1325, Statutes of 1947, is charged with administration of the Wildlife Restoration Fund in accordance with the Wildlife Conservation Act for the betterment of wild life and recreation in the State. The board is composed of the Director of Finance, the President of the Fish and Game Commission, and the Director of the Department of Fish and Game. In addition to the board, the act created a Joint Interim Investigating Advisory Committee composed of three Members of the Senate appointed by the Committee on Rules, and three Members of the Assembly appointed by the Speaker.

## Department of Natural Resources

## DIVISION OF ADMINISTRATION

The Department of Natural Resources administers the conservation laws of the State and those relating to the development of its natural resources. The Division of Administration provides for the office of the director, the accounting section, the property section, and the personnel section which serve all divisions of the department and coordinates the conservation education program.

## GENERAL ANALYSIS

Number of positions ----- 379.2 390 400 10

The 1954-55 Fiscal Year program provides for continuation at the authorized level of all functions except maintenance and operation. Additional positions and operating expenses are proposed for operation of newly acquired and developed areas and for increased attendance and facilities at existing areas. Revenues estimated for 1954-55 reflect increased fees for use of park facilities and services approved by the State Park Commission.

SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
	52-53 (Filled)	53-54 (Auth.)	54-55 (Auth.)			

## ADMINISTRATION

Administration provides for expenses of the State Park Commission, administrative offices for business management, and conservation education.

## Analysis

Provision is made for continuation of activities of this function at the existing level except for a temporary park naturalist authorized for the 1953-54 Fiscal Year only.

64	MAINTENANCE AND OPERATION						
65							
66	Provision is made in this function for operation and maintenance of beaches, parks, historical monuments and riding and hiking						
67	trails in the State Park System.						
68							
69	Analysis						
70							
71	Additional positions with related operating expenses and equipment are proposed for newly acquired and developed areas and for						
72	existing areas where increased attendance and public demand has made it necessary to increase staffing as follows:						
73	State park ranger II, Henry Cowell Redwoods State Park.						
74	State park ranger I, two positions, Emerald Bay and one each, Calaveras Big Trees, George J. Hatfield, Tomales Bay						
75	Anza Desert, and Palomar Mountain State Parks.						
76	Park attendant, Henry Cowell Redwoods (four months), George J. Hatfield (six months), San Buenaventura Beach (12						
77	months), and Morro Bay (six months).						
78	Beach lifeguards, San Buenaventura Beach (14 man-months), and Carpinteria Beach (seven man-months).						
79	One intermediate account clerk is proposed for the District VI Headquarters office for increased work load of accounts						
80	and record keeping in order to relieve the district superintendent for adequate supervision of district operations.						
81

1	LANDS SECTION							
2								
3	Negotiation for acquisition of beach and park property and acquisition of rights of way for riding and hiking trails is the function of this section.							
4								
5	Analysis							
6								
7	Activities of this section are budgeted to continue at the 1953-54 level except for a reduction of \$20,000 in the amount provided for appraiser and expert witness fees. Expenditures for these services in connection with acquisition of beach and park property under provisions of Chapter 1422, Statutes of 1945, are to be included as part of the cost of the property. The amount budgeted is to cover these costs where appraisals are made but acquisition is not completed and therefore cannot be charged to the Chapter 1422, Statutes of 1945, appropriation due to the requirement for matching amounts expended from these funds from other than state sources.

## Department of Natural Resources

## DIVISION OF FORESTRY

The Division of Forestry is responsible for the prevention and suppression of forest fires occurring on all state and private land having state-wide interest values; for furnishing fire protection on a reimbursable basis to counties on request for local rural areas; for administration and enforcement of forest practice rules; for forestry advisory services; for range improvement programs; for production of nursery stock for public plantings, windbreak, soil erosion control, and reforestation purposes; for management of state forests; for control of white pine blister rust and forest insect infestations in cooperation with federal and private agencies; and for cooperation with the Federal Government on forest surveys.

**GENERAL ANALYSIS**

*Number of Positions:*

Regular-----	475.4	484.2	486.7	2.5
Seasonal—equivalent man-years-----	1,424.8	1,453.8	1,455.5	1.7
Totals-----	1,900.2	1,938	1,942.2	4.2

The Division of Forestry program proposed for the 1954-55 Fiscal Year continues currently budgeted services and activities with the addition of the following:

District Headquarters: Two one-half time janitors are extended to full time for janitorial and grounds maintenance at the District I and II headquarters offices recently completed.

Forestry Honor Camps: One forestry work project supervisor and 18 man-months forestry work project foreman as partial staffing for a new forestry camp to be constructed in Humboldt County and 12 forestry equipment operators to provide an operator for the bulldozer and other heavy equipment at each camp are proposed.

Other Current Expenses: The program authorized by Chapter 1875, Statutes of 1953, for wild land vegetation and soil mapping is also continued.

SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
	52-53 (Filled)	53-54 (Auth.)	54-55 (Auth.)			

**ADMINISTRATION**

The function of administration includes the Office of the State Forester, business management, fire control, engineering section, and the operation of the Davis Warehouse and Equipment Repair Shop.

**Analysis**

Seasonal help funds are increased for 1954-55 to provide temporary assistance for the State Forester during regular sessions of the Legislature.

The increase in operating expenses results principally from a reduction in requirements for legal advertising offset by installation and maintenance charges for additional radio units.

Equipment is increased to provide for the replacement of three automobiles and the consolidation of automotive sirens and spotlights replacement on a division-wide basis under administration for volume purchasing.

**SALARIES AND WAGES**

10	FOREST PROTECTION						
11	FIELD OPERATIONS—DISTRICT HEADQUARTERS						
12	The Division of Forestry is divided into six administrative districts with activities in each district coordinated through district headquarters. Personnel assigned full time to maintenance of Division of Forestry installations also operate on a district-wide basis from these headquarters.						
13	Analysis						
14	The extension of two one-half time janitors to full time for Districts I and II headquarters offices is proposed. A full-time position is required at each of these locations to adequately provide for janitorial and grounds maintenance duties.						
15	Minor increases in operating expenses and for replacement of automobiles and radios account for the balance of the increase in this function.						
16	SALARIES AND WAGES

## Department of Natural Resources

## DIVISION OF FORESTRY—Continued

LINE	SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
		52-53 (Filled)	53-54 (Auth.)	54-55 (Auth.)			
1	FIELD OPERATIONS—FORESTRY HONOR CAMPS						
2	Forestry honor camps for forest protection and fire suppression work are provided for 265 inmates of the Youth Authority and 570						
3	inmates from the Department of Corrections. Three permanent camps and four "spike" or temporary camps are provided for						
4	Youth Authority inmates, and nine permanent camps and one spike camp are provided for Department of Corrections inmates.						
5	Analysis						
6	One forestry work project supervisor and 18 man-months forestry work projects foremen are proposed for partial staffing of a						
7	new work camp in Humboldt County proposed for construction in 1954-55.						
8	One hundred forty-four man-months forestry equipment operator (one operator for each of 12 permanent camps) to provide a full-						
9	time operator for the bulldozer and other heavy equipment are also proposed. Operators for this equipment were formerly included						
10	in capital outlay appropriations. This will provide an operator for this equipment on work projects and to move the bulldozer and						
11	operate it on fire suppression work.						
12	Major equipment items include replacement of automobiles and additional radios for the work camps.						
13	SALARIES AND WAGES

## Department of Natural Resources

## DIVISION OF MINES

The Division of Mines encourages and makes special studies of the mineral industry and mineral resources of the State; publishes results of these studies for sale to the general public and distribution to the libraries; collects and displays typical geological and mineralogical specimens; maintains a library; and serves as a bureau of information to the mineral industries of the State.

Headquarters Office in San Francisco

23	The current program is continued without change; however, reassignment of office space in the Ferry Building due to the establish-				
24	ment of the World Trade Center has resulted in increased rental costs. This increase is partially offset by nonrecurring				
25	moving costs. Included also is the second step in the five-year plan for the replacement of museum show cases at \$2,578.				
26	Geological exploration, consisting of exploration and mapping of important mineral regions, in cooperation with the United States				
27	Geological Survey is continued at the current rate.

## Department of Natural Resources

## DIVISION OF OIL AND GAS

The Division of Oil and Gas supervises the method of drilling and maintenance of oil wells to prevent waste and damage to the oil and gas deposits and to protect the surface and subsurface fresh water resources from contamination. The division is charged with enforcement of the law to prevent unreasonable waste of natural gas. The division is supported by an annual assessment against oil and gas producers. This assessment is made at a uniform rate for each barrel of oil produced and for each 10,000 cubic feet of gas produced and sold.

GENERAL ANALYSIS

14	Number of positions	5	5	8	3
15	A substantial increase, from 67 in 1950 to 97 in 1953, in the number of organized soil conservation districts, has created additional work load for the commission. To provide for this increase three additional positions are proposed.				
16		Actual 1950-51	Actual 1951-52	Actual 1952-53	Estimated 1953-54
17	Number of proposals for new districts	11	12	24	25
18	Number of proposals for additions	27	26	18	21
19	Number of requests for assistance	279	365	551	600
20	Includes preliminary meetings and assistance, information on law and operation of district for new district formation; and assistance to old districts, cooperation with other agencies, and general information.				
21	Number of proposals for transfer of land, consolidation, dissolution, partition, and ultimate boundaries	-	-	1	3

## Department of Professional and Vocational Standards

## DEPARTMENTAL ADMINISTRATION

performs all accounting, personnel, and fiscal work for the 29 boards and commissions under the Department of Professional and Vocational Standards. Acts as a liaison with all other governmental agencies, prepares the budgets and exercises budgetary control over all units within the department, and manages the Business and Professions Building and Annex.

<sup>a</sup> Expenditures and revenues of the Professional and Vocational Standards Fund are not carried into the budget totals, since the assessments against the various boards and the rent receipts for the building have been included as expenditures in the budgets of the respective boards and agencies.

<sup>b</sup> A continuing appropriation which makes available for expenditures all moneys in the fund in accordance with Sections 200 to 204 of the Business and Professions Code.

## GRAND TOTAL, BUSINESS AND PROFESSIONS BUILDING

\$1,877,318

\$98,000

\$160,210

\$163,529

<sup>a</sup> Represents 1% of building revenue less cost of major repairs.<sup>b</sup> Estimated on accrual basis. Actual repayments are made semiannually, after the close of the period in which net rentals have accrued.<sup>c</sup> In accordance with the provisions of Sections 400 to 404 of the Business and Professions Code, the Business and Professions Building

was constructed and is being operated by the Department of Professional and Vocational Standards as a self-sustaining enterprise.

Out of the rentals received from state agencies occupying space in the building and fees paid by users of its parking facilities, are

defrayed the cost of operating and maintaining the building. The remaining receipts are apportioned back to the agencies contribut-

ing to the cost of the building in proportion to their respective investments.

## Department of Professional and Vocational Standards

## DIVISION OF ADMINISTRATIVE PROCEDURE

The major functions of this division are: To undertake a continuing study of administrative law and procedure and submit any suggestions for improvements to the Governor, the Legislature, and the various state agencies; to furnish trained hearing officers when requested by any state agency conducting quasi-judicial disciplinary proceedings; to compile and publish rules and regulations for the various state agencies which are published as the California Administrative Code.

## GENERAL ANALYSIS

Number of positions-----	19	19	19.8	0.8
CASE LOAD	ACTUAL	ACTUAL	ESTIMATED	ESTIMATED
Cases heard-----	1951-52	1952-53	1953-54	1954-55
	862	1,006	1,000	1,000

It is estimated that the number of cases heard by the staff will remain at same level as now experienced.

The budget provides for a new position of intermediate stenographer-clerk to meet the increased clerical load resulting from the enactment of Chapter 1362, Statutes of 1953, and Chapter 1500, Statutes of 1953. The former requires that all administrative rules and regulations be submitted to the division for examination as to form before they are filed with the Secretary of State. The latter created the State Building Standards Commission, and the division will be required to assist in the compilation of a State Building Standards Code.

The above increase is more than offset by an increase in estimated charges for the services of hearing officers and reporters. This estimate is based on recovering at least 75 percent of the cost of rendering services to the agencies benefiting from the service.

## GENERAL ANALYSIS

Number of positions ----- 10 9.6 9.6 -

The work load of the State Athletic Commission is governed almost entirely by the number of boxing and wrestling shows held during the year. There were 1,843 shows in 1951-52, 1,696 during 1952-53, and it is estimated there will be 1,700 during 1953-54 and 1954-55. Estimated expenditures for 1954-55 shows an increase of \$1,648 over 1953-54, to provide the current level of service.

## GENERAL ANALYSIS

Number of positions 15.4 15.3 15.3 -

The budget reflects a continuation of the same level as currently authorized. Changes in the fee structure made by the 1953 Session of the Legislature have increased revenues to the point that a balanced budget for the 1954-55 Fiscal Year is presented and the decline in surplus has been halted.

## GENERAL ANALYSIS

Number of positions----- 20.9 21 21 -

The work load for this agency shows a 5.8 percent increase in the anticipated number of licentiates over the 30,543 licensed as of June 30, 1953. The "engineer-in-training" group appears to have leveled off with the professional group, increasing more sharply than anticipated, causing a shift in the type of work load. Expenditures for the 1954-55 year exceed the estimated 1953-54 year by \$6,609, attributable to increased work load and price changes.

## GENERAL ANALYSIS

Number of positions----- 79.6 83.3 83.3 -

The budget for this agency provides for a continuation of the existing program. The continuation on a permanent basis of the two district supervisor positions is justified by work load statistics showing a marked increase in the number of investigations closed per man.

**SALARIES AND WAGES:** Increase \$11,211, is due to more stable employment.

**OPERATING EXPENSES:** Increase of \$3,851, which is composed mainly of the following: postage, \$1,000; pro rata departmental administration, \$5,000, which is offset by some decreases.

**EQUIPMENT:** \$2,143, for filing equipment for expanding work load; \$9,840, for seven automobiles, whose mileage exceeds, or will exceed 100,000 miles, and miscellaneous items.

13	<b>GENERAL ANALYSIS</b>				
14	Number of positions	5.2	5.2	5.2	-
15	The operations of this agency are being maintained at the current level with an anticipated increase of 7.2% in the number of licenses to be in effect on June 30, 1953, as compared with the number actually in effect on June 30, 1953. The decrease is largely due to not printing the directory during the budget year.

## GENERAL ANALYSIS

Number of positions----- 19.1 20 20.3 0.3

The budget reflects a continuation of the same practice as currently authorized. Continuation on a permanent basis of the positions of supervising inspector and inspector, which were set up during the 1953-54 Fiscal Year is proposed. Justification is to be found in improved performance shown in work load statistics for the period they have been employed.

## GENERAL ANALYSIS

Number of positions----- 3.6 3.6 4.6 1

The proposed increase of \$7,794 represents the salary of a proposed additional field representative, \$4,512, and related expenses amounting to \$3,300. This position is required in order that all establishments be inspected at least twice annually, enforce public health requirements, and protect the public. The presently authorized executive secretary and one field representative cannot carry on the inspection program and make prompt investigation of complaints received.

## GENERAL ANALYSIS

Number of positions—Medical Examiners Contingent Fund-----	16.2	17	17.1	0.1
Number of positions—Physical Therapy Fund-----	-	0.4	0.6	0.2

Chapter 1823, Statutes of 1953, which provides for the registration of physical therapists, and Chapter 1826, Statutes of 1953, which provides for the licensing of physical therapists added new functions to this board. The expenditures connected with these operations will be financed by the license fees.

**SALARIES AND WAGES:** An increase of \$4,912 reflects the full-year cost of the two new functions and adjustments for changing work load.

**OPERATING EXPENSES:** A decrease of \$2,665 consists of a \$7,020 decrease in examinations with an offsetting increase in other sub-objects.

**EQUIPMENT:** A total of \$1,210 is proposed primarily to provide filing space for an increased number of licentiates.

## GENERAL ANALYSIS

Number of positions	16	17.3	17.7	0.4
The enactment of Chapter 1174, Statutes of 1953, which changed the method of renewing nurses' registration from an annual to a biennial basis will increase revenue by approximately \$40,000 during the 1954-55 Fiscal Year. This increase will be offset by a decrease during the 1955-56 Fiscal Year. The loss in revenue is expected to be made up gradually by an annual savings commencing in the 1955-56 Fiscal Year, in temporary help, postage, and printing expense. Due to the changeover from the present system, an increase is necessary for the 1954-55 Fiscal Year for temporary help and postage.

## BOARD OF PHARMACY

Examines, licenses, and regulates pharmacists and pharmacies, manufacturers and wholesalers of drugs, general dealers and itinerant vendors, issues permits for hypodermics, and licenses and regulates the sale of poisons, hypnotic and dangerous drugs. The total number of effective licenses as of June 30, 1955, is expected to be 18,300, a decrease of 10,983 over the number licensed as of June 30, 1953.

12	<b>GENERAL ANALYSIS</b>				
13	Number of positions	20.3	20	20.5	0.5
14	The budget provides for a continuation of the same program currently in effect. The decrease of licenses is due to the consolidation by Chapter 1651, Statutes of 1953, into one license the individual licenses for store licenses, prophylactics, hypodermic, and hypnotic. The increase of \$3,629 is composed of adjustments required by current trends.

## GENERAL ANALYSIS

Number of positions----- 1.4 1.4 1.4 -

An increase in work load is indicated primarily due to the increase in the number of persons applying for examination. An overall increase of \$776 over estimated 1953-54 expenditures consists primarily of \$150 for per diem allowances for board members attributable to a 1953 law change, \$575 for publishing and distributing a roster.

## GENERAL ANALYSIS

Number of positions 4 4 5 1

An additional position of special investigator is provided for one year. Complaints have been increasing beyond the ability of the present two investigators to keep investigations current. The backlog has increased from 29 in July of 1951 to 106 as of September 1953, despite the fact the number closed for the 1952-53 Fiscal Year was 269 as against only 123 closed for the 1951-52 Fiscal Year. The complaints filed have increased and the increase is expected to continue.

SALARIES AND WAGES: Increase of \$5,013, of which \$4,512 is for the proposed new position of special investigator.

OPERATING EXPENSES: Increase of \$1,400, of which \$600 is for additional traveling expenses for the proposed new position, as well as \$780 for automobile mileage and small adjustments.

EQUIPMENT: The \$1,420 proposed is made up of \$1,320 for the replacement of a 1948 automobile, which it is estimated will have reached an excess of 108,000 miles, prior to June 30, 1955, and \$100 for small miscellaneous items.

## BOARD OF PILOT COMMISSIONERS

Qualifies persons as pilots operating vessels on San Francisco, Suisun and San Pablo Bays. Revenues are received from pilotage fees. In accordance with Section 1159 of the Harbors and Navigation Code, the unencumbered balance in excess of \$6,500 in the Pilot Commissioners' Special Fund, according to the records of the Board of Pilot Commissioners, at the close of business on June 30th of each year, shall, on order of the State Controller, be transferred to the General Fund.

## HORSE RACING BOARD

The board licenses, regulates, and supervises all horse racing meetings where there is pari-mutuel betting. The board also licenses trainers, jockeys, track officials and other persons employed by the racing associations. The main office of the board is at Los Angeles with branch offices at each of the tracks.

## GENERAL ANALYSIS

Number of positions..... 17 15 14

The reduction is due primarily to the closing of the board's San Francisco office on January 1, 1954. The budget continues the investigative and licensing service at the current year level and is based on a program of 459 days of racing of which 274 are at major tracks, 83 days at fair tracks, 47 days for harness meetings, and 55 days for combination meetings.

## DEPARTMENT OF PUBLIC HEALTH

The Department of Public Health is responsible for a broad preventive medical and dental health program, for the provision of sanitary environment, and for the registration of vital statistics. Service is primarily through the local health departments which are assisted through consultations and subventions, although in a number of cases licensure, inspection, or other direct service is provided.

18					
19					
20					
21					
22	GENERAL ANALYSIS				
23					
24	Number of positions	818.7	853.2	878.2	25
25					
26	In the Bureau of Business Management provision is made for 29 new positions and the operating expenses of the new building,				
27	which the department expects to occupy in January, 1955. Temporary help is proposed in the Bureau of Crippled Children's				
28	Services to prepare records for transfer to the counties as they assume administration of the crippled children's program. To more				
29	correctly reflect the division between the support and subvention budgets, diagnostic charges in connection with the crippled chil-				
30	dren's program are transferred to the subvention budget. Provision is made for an encephalitis investigation in the Bureaus of				
31	Vector Control and Acute Communicable Diseases and the Division of Laboratories. Training is eliminated other than the special				
32	federal grant for support of the School of Public Health at the University of California.				
33	The uncertainty as to the amounts which the Federal Government will continue to grant for public health purposes raises a difficult				
34	problem in connection with the budget for the Department of Public Health. Some of the programs are wholly financed from				
35	the federal grant; in other instances the federal grant is available for partial financing. Some of the programs, such as chronic				
36	diseases, are considered to be financed from federal funds and dependent upon the continued receipt of such funds. In others,				
37	it would be desirable to maintain programs at present levels even though the federal grant might be significantly reduced. If				
38	there should be a substantial reduction during the 1954-55 Fiscal Year, however, it is doubtful whether there would be sufficient				
39	emergency funds available to make up entirely for such a reduction in the federal grant. In this case, it might be necessary to				
40	curtail important and desirable programs below the level presented in this budget. Federal funds other than those for hospital				
41	construction were \$481,433 less than anticipated for the Fiscal Year 1953-54. Of this, \$369,489 was saved by reducing the sub-				
42	ventions to local health departments and the balance was accounted for by program decrease in the support budget.				
43					
44	Federal Grants for the Following Programs Are Included in the				
45	Support Budget:				
46	Tuberculosis	—	\$65,760	\$65,760	
47	General health service	\$639,209	529,500	529,500	
48	Cancer control	185,169	153,248	153,248	
49	Heart disease control	72,129	49,979	49,979	
50	Venereal disease control	50,127	—	—	
51	Venereal disease—rapid treatment	6,071	1,000	1,000	
52	Maternal and child health services	155,445	212,602	212,602	
53	Special training project	38,800	47,800	40,000	
54	Crippled children's services	394,645	308,821	308,821	
55	Current morbidity project	40,393	66,056	66,056	
56	Pathogenesis of Q Fever	25,670	26,545	26,545	
57	Biological warfare defense	940	—	—	
58					
59	Totals, Support	\$1,608,598	\$1,461,311	\$1,453,511	
60					
61	Additional federal grants for tuberculosis control and maternal and child health services are subvented to cities and counties and				
62	are shown under Local Assistance, Aid to Local Health Departments. Federal grants for hospital construction are subvented				
63	to cities, counties, districts and nonprofit hospital associations and are shown under Local Assistance, Aid to Local Agencies				
64	for Hospital Construction.				
65					
66	Federal funds received as a reimbursement of expenditures made rather than an advance grant are included in the support budget as				
67	follows:				
68	Army influenza project contract	\$38,753	\$49,150	\$49,150	
69	Army airborne Q Fever project contract	37,448	18,000	—	
70	Department of Mental Hygiene contract	38,410	27,301	27,301	
71	National Office of Vital Statistics contract	4,566	12,000	12,000	
72					
73	<sup>c</sup> Grants from the Federal Government and the expenditures therefrom are not included in the over-all budget totals. See Schedule				
74	7 for summary of federal aid revenues and expenditures.

		52-53 (Filled)	53-54 (Auth.)	54-55 (Auth.)			
1	<b>DIVISIONAL ADMINISTRATION</b>						
2							
3							
4	This unit is composed of the director's office and the office of the division of administration.						
5							
6	<b>Analysis</b>						
7							
8	There are no program or work load changes in the budget year in this unit.						
9							
10	<b>SALARIES AND WAGES</b>						
11	Director's Office:				SALARY RANGE		
12	Director of public health	1	1	1	\$1,250	\$15,000	\$15,000
13	Senior stenographer-clerk	2	2	2	281-341	7,590	7,960
14	Intermediate stenographer-clerk	0.8	1	1	243-295	2,916	2,916
15	Intermediate typist-clerk	1	1	1	231-281	3,372	3,372
16	Division Chief's Office:						
17	Chief, division of administration	1	1	1	745-905	10,731	10,861
18	Senior typist-clerk	1	1	1	281-341	3,900	3,900
19							
20	Totals, Salaries and Wages	6.8	7	7	\$41,199	\$43,509	\$44,009
21							
22	<b>BUREAU OF BUSINESS MANAGEMENT</b>						
23							
24							
25	The Bureau of Business Management is the centralized service bureau for the entire department. The functions of this bureau include general housekeeping service, stockroom, mail and messenger service, operation of the telephone switchboard, accounting, budget preparation and control, personnel recruitment and record keeping, purchasing and maintenance of a car pool.						
26							
27							
28	<b>Analysis</b>						
29							
30							
31	It is anticipated that the building now being constructed for the department will be completed January 1, 1955. The department will assume operation of the building on that date and be able to discontinue rental payments on five locations currently being leased. Twenty-six new positions are provided to maintain the building, garage and telephone switchboard. The increase in operating expense is primarily the result of the cost of moving which is \$25,000.						
32							
33							
34

44							
45							
46							
47	This is a federal research project for the study of measurements of morbidity, aimed at the evaluation of methods of securing current						
48	data, development and refinement of methods, and the development of a plan for establishing a current morbidity service which						
49	would be applicable to California as well as other states.						
50	Analysis						
51							
52							
53	This project was planned and approved as a three-year project commencing in May 1950. Expenditures during the past years were						
54	not as great as anticipated and the federal grant will continue to be available during Fiscal Year 1954-55. No state funds are						
55	used in this project.						
56	No work load or program changes are reflected in this budget.

11	Totals, Divisional Administration				\$35,527	\$37,309	\$37,772
14	BUREAU OF MATERNAL AND CHILD HEALTH						
16	The function of the bureau is to provide a program for the maternal and child health services in the State. This is accomplished by						
17	promoting prenatal and child health services and consultation in the maternal and child health field to local health departments,						
18	maternity homes, hospitals, schools, local physicians and other professional groups. Field consultation with local medical per-						
19	sonnel in the program areas of prematurity and infant mortality is provided by contract with two universities in the State.						
21	Analysis						
23	No changes are proposed in this budget for this bureau. Should the federal grants for maternal and child health be substantially						
24	reduced, it will probably be necessary to reduce this budget below the level shown.

## DEPARTMENT OF PUBLIC HEALTH—Continued

LINE	SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
		52-53 (Filled)	53-54 (Auth.)	54-55 (Auth.)			
1	BUREAU OF CRIPPLED CHILDREN SERVICES						
2							
3							
4	The function of this bureau is the administration of a program for the care of handicapped children. The program includes the						
5	administration of a general crippled children program as well as cerebral palsy and hearing programs, and rheumatic fever						
6	program added by the Legislature in 1949. These programs are accomplished by:						
7	A. Maintenance of a state file of all children reported with handicapping conditions.						
8	B. Establishment of standards for care and consultation in the maintenance of such standards.						
9	C. Provision of funds for expert diagnostic services and care.						
10	D. Planning for necessary treatment and consultation in the provision of treatment and rehabilitation services.						
11	E. Maintenance of statistical records of children receiving services.						
12							
13	Analysis						
14							
15	At the time a crippled children program is shifted from dependent to independent status in a county, it is necessary to make a						
16	complete summary of all actions on each case, together with a record of the financial status of each case, and forward this						
17	to the county which will need the information in caring for the child in the future. Temporary help, is therefore provided in the						
18	amount of \$5,500 to be used in handling this temporary work load. No other adjustments of the support budget for this						
19	bureau are being requested. Because this bureau supervises the state subvention for care of crippled children, it would be neces-						
20	sary to maintain the level of expenditures shown even though federal grants were reduced.						
21

1	BUREAU OF VENEREAL DISEASE CONTROL						
2	This bureau provides consultation to local health agencies and private physicians in problems related to venereal disease control.						
3	Liaison is maintained with the armed forces to facilitate control of venereal disease resulting from the large military population of the State.						
4							
5							
6	Analysis						
7							
8	The reduced incidence of these diseases has made feasible the consolidation of the duties of the two medical positions in this bureau thereby permitting the abolishment of one such position during the budget year. The investigator position is transferred to local assistance budget under Aid to Local Health Departments.

52							
53	BUREAU OF ACUTE COMMUNICABLE DISEASES						
54							
55	This bureau provides clinical and administrative consultation to local health departments on problems pertaining to communicable diseases. Certain morbidity statistics with regard to communicable diseases are maintained to provide the basis for cooperation with local health departments in controlling these diseases.						
56							
57							
58							
59	Analysis						
60							
61	Temporary help of \$3,000 is proposed for the hiring of medical students during the summer months to summarize the known facts of encephalitis as pertains to the control program to be initiated during the budget year in the Bureau of Vector Control.						
62							
63

23	Totals, Bureau of Acute Communicable Diseases				\$152,486	\$164,720	\$169,320
24	BUREAU OF CHRONIC DISEASE CONTROL						
25	This bureau is financed wholly from federal funds granted the department for use in connection with heart, cancer, and diabetes programs. Consultation is provided to local health agencies, hospitals, and private physicians with regard to the best methods of diagnosis and treatment of chronic diseases. The cancer control program is supplemented by a tumor registry program wherein the major hospitals of the State, under contract, maintain registries of tumors, the types of treatment and the results of those treatments. Surveys for the diagnosis of these three diseases are promoted by subventions with federal funds, as well as by advisory and educational activities.						
26	Analysis						
27	The tumor registry program was reduced during 1953-54 because of reduced federal expenditures. Should federal funds for cancer and heart disease be reduced in 1954-55 the state program will of necessity be reduced from the existing level.

1	<b>BUREAU OF PUBLIC HEALTH NURSING</b>						
2	This bureau assists the various bureaus and services in the department in carrying out the nursing aspects of the various programs						
3	and serves to coordinate nursing activities within the department. Consultation services are provided to local agencies on the						
4	administration of nursing service, including program planning, coordination of activities, personnel policies, evaluation of nurs-						
5	ing services, techniques, and procedures. A recruitment selection program is carried out to assist the local agencies in filling						
6	their needs for nurses in public health and in industry.						
7	<b>Analysis</b>						
8	No program or work load changes are reflected in this budget.

42	<b>MEDICAL SOCIAL SERVICE</b>						
43	This bureau provides assistance and consultation to the department and to local health agencies in the development of adequate pro-						
44	grams in the medical social service field. The limited amount of direct service given in the crippled children program to local areas						
45	without organized local health departments is continually diminishing and will probably be discontinued during the current fis-						
46	cal year.						
47	<b>Analysis</b>						
48	No program or work load changes are reflected in this budget.						
49	<b>SALARIES AND WAGES</b>

18	<b>NUTRITION SERVICE</b>						
19	The major function of the nutrition service unit is to provide consultation to the professional staff of the state and local health departments on the nutritional aspects of public health programs. (These services are also extended to local health departments, school administrators, nurses and teachers.) In areas where there is no organized health program, services are provided to local public health workers in carrying out their nutrition activities. Limited nutrition service is provided to the Bureau of Hospitals for the review of architects' plans for the dietary departments, and to the Department of Education.						
20	<b>Analysis</b>

1	<b>MENTAL HEALTH SERVICE</b>						
2							
3							
4	The Mental Health Service unit provides an educational, consultative and advisory service to the staff of the department and to						
5	local health agencies to train them to meet the mental health problems associated with public health practice; advisory serv-						
6	ices for development of mental health programs, particularly in relation to training and long-range planning, and advising						
7	many local health departments and agencies in the most effective use of federal and local mental health funds. This service is						
8	completely supported by a reimbursement contract with the Department of Mental Hygiene, which now receives the federal grant						
9	as the Mental Health Authority. No state funds are expended in the program.						
10							
11	<b>Analysis</b>						
12							
13	No program or work load changes are reflected in this budget. This function was reduced during 1953-54 because of reduced federal						
14	grants for mental health services. Should a further reduction occur during 1954-55 this function will of necessity be further						
15	reduced from the existing level.						
16

1	<b>BUREAU OF FOOD AND DRUG INSPECTION</b>						
2	This bureau administers the program insuring the purity of foods and drugs in California. Manufacturing, wholesale and retail						
3	outlets throughout the State are constantly inspected by the bureau working with local health departments. The work is de-						
4	signed not only to remove particular lots of unfit food from consumer channels but to bring about long-range corrections of						
5	unsatisfactory conditions.						
6	<b>Analysis</b>						
7	No program or work load increases are reflected in this budget.

43	Totals, Bureau of Food and Drug Inspection				\$211,030	\$254,293	\$251,702
44	<b>CANNERY INSPECTION</b>						
45	This section provides inspection of canneries for two purposes: The prevention of botulism, and the maintenance of sanitation. It						
46	is partially self-supported since the individual canners are assessed on an hourly basis for the inspection necessary to prevent						
47	botulism; approximately 64 percent of the expenditures are recovered as General Fund revenue under the assessment program.						
48	<b>Analysis</b>						
49	No program or work load increases are reflected in this budget.

23	BUREAU OF VECTOR CONTROL						
24	This bureau is engaged in the survey of, the evaluation and development of, control measures for, and the supplying of control recom-						
25	mendations pertaining to those diseases of man and animals in California which are conveyed, carried or harbored by arthro-						
26	pods and certain mammals.						
27	The program of the bureau is mainly of a field nature, designed for the development and encouragement of adequate vector control						
28	programs to be conducted by local authorities. Activities include the following basic components:						
29	1. Endemic surveys to determine the existence and distribution of actual or potential vector-borne disease hazards.						
30	2. Studies and demonstrations to establish and evaluate control techniques, methods and equipment.						
31	3. Services to control vector-borne diseases.						
32	Analysis						
33	Three new positions are proposed to provide systematic collection, and analysis of mosquitoes to aid in the control of encephalitis.						
34	They will be used to establish four study zones in the Central Valley where the collection of mosquitoes during the encephalitis						
35	season (May through October) will be carried out, namely: Kern, Fresno, San Joaquin and Sutter. These mosquitoes will be						
36	identified, frozen, and then tested in the virus lab on a current basis for the presence of virus. This will be correlated with						
37	observations of hospital admissions of human cases of the encephalitis syndrome and with mosquito measurements of preva-						
38	lence which will be carried out by the mosquito abatement districts in these same areas. The Division of Laboratories and the						
39	Bureau of Acute Communicable Diseases include small items to provide service to this investigation.

EXPENDITURES FOR THE CARE OF THE  
RECALCITRANT TUBERCULOUS

## General Fund

## Analysis

In the 1949 Session, the Legislature appropriated funds to the Department of Public Health to care for persons suffering from tuberculosis who violate the quarantine or isolation orders of the health officers.

A contract has been drawn up with the Department of Corrections to care for a limited number at the Terminal Island Medical Facility. During the budget year a maximum of 25 persons will be confined.

The estimated expenditures are in accordance with the above contract.

## OPERATING EXPENSES

Care of patients	\$38,232	\$43,800	\$43,800
------------------	----------	----------	----------

Totals	\$440,155	\$408,300	\$408,300

## WATER POLLUTION CONTROL BOARD

The State Water Pollution Control Board formulates general state-wide policy for the control of water pollution, gathers, compiles, and disseminates data, and administers a program of financial assistance for water pollution control.  
The Regional Water Pollution Control Boards coordinate programs of abatement and prevention of water pollution in local areas, recommend projects for financial assistance, and prescribe requirements for waste and sewage disposal systems.

## GENERAL ANALYSIS

Number of positions ..... 39.1 41.3 40.7 —0.6

The current program for the State and Regional Water Pollution Control Board is continued for the 1954-55 Fiscal Year. Increased efficiency and decrease in work load make possible the deletion of one typist-clerk in the state board. Reductions are made in research in technical phases of water pollution control and field and laboratory services by other state agencies.  
A program of investigative and consultative work on industrial waste surveys and methods of reporting and compiling the results of these surveys is being accomplished by means of a federal grant, made under the provisions of Public Law 845.

<sup>a</sup> Composed of savings in salaries and wages, \$26,389; operating expenses, \$34,040; and equipment, \$2,936.

<sup>b</sup> Composed of savings in salaries and wages, \$3,449; and operating expenses, \$14,722.

## PUBLIC UTILITIES COMMISSION

Establishes rates for services furnished by public utilities and common carriers, and fixes minimum rates for other carriers engaged in the transportation of property; regulates service in the interest of public safety and convenience; and controls the issuance of securities and other transactions relating to the capital structure of public utilities.

## GENERAL ANALYSIS

Number of positions—General Fund	387.2	414	418.5	4.5
Number of positions—Transportation Rate Fund	124.1	131.5	132	0.5
Total Number of Positions	511.3	545.5	550.5	5

Provision is made for continuation of the existing level of service with some increased costs due to an anticipated improvement in employment stability.

SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55

## ADMINISTRATION

This function includes the commissioners, their secretaries, accounting, personnel, public information and other general administrative and ministerial activities.

## Analysis

Allocations from the Emergency Fund in the amount of \$118,040 have been necessary during the current year. Of this amount \$42,000 was allotted to provide for temporary help and consultants to be employed in the analysis and presentation of testimony in two unusually large rate cases which were before the commission staff simultaneously. The remaining portion of the allocation is due to a deficiency of \$76,040 which exists in the General Fund budget with a corresponding savings in the Transportation Rate Fund budget under the plan of financial adjustment which allocates the cost of certain functions that relate to either fund. This deviation in the respective budgets results from an increase in the volume of work load relating to General Fund activities in comparison to the volume of work load pertaining to the Transportation Rate Fund which relates primarily to transportation of property regulation.

OPERATING EXPENSES: A decrease results primarily from a reduction in rent which is due to moving a hearing room from leased quarters to a state-owned building. Other reductions result from nonrecurring items, less out-of-state traveling, and fewer items of furniture to be refurnished.

EQUIPMENT: Provision is made for replacement of worn-out office furniture and equipment, additional transfer cases for inactive decision files, technical books, and small testing instruments.

a Composed of savings in salaries and wages, \$14,240; operating expenses, \$33,468; equipment, \$10,143; and loss in reimbursements, \$2,793.

b Composed of savings in salaries and wages.

c Composed of savings in salaries and wages, \$456; operating expenses, \$1; and equipment, \$1,630.

d Composed of savings in operating expenses.

## PUBLIC UTILITIES COMMISSION—Continued

LINE	SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
		52-53 (Filled)	53-54 (Auth.)	54-55 (Auth.)			
1	CONTROL AND REGULATION						
2							
3							
4	This function provides the technical and clerical staff to analyze and conduct studies relating to the regulation and rate fixing activi-						
5	ties of the commission.						
6							
7	Analysis						
8							
9	SALARIES AND WAGES: The net increase is due to the full-year cost of the salary range change effective October 1, 1953, and						
10	anticipated improvement in employment stability. A partially offsetting reduction is due to the elimination of a temporary						
11	help allotment which was provided in 1953-54 to assist in two unusually large rate cases which were before the commission						
12	staff simultaneously.						
13							
14	OPERATING EXPENSES: The reduction is due primarily to the elimination of consultant fees and less traveling expense as a						
15	result of the completion of the two rate cases referred to above.						
16							
17	EQUIPMENT: Provision is made for replacement of worn-out office machines, additional dictating equipment, and an additional						
18	adding machine.						
19							
20	SALARIES AND WAGES						
21	Utilities Division:						
22	Director of utilities	1	1	1	\$1,000-1,100	\$13,073	\$13,200

g During 1952-53 reimbursements for reporting service rendered by the General Fund on behalf of the Transportation Rate Fund were reported in a net amount after deduction was made for the amount of reimbursements collected from litigants involved in Transportation Rate Fund matters. The deductions were reported as reimbursements for services to litigants in the General Fund budget.

In the 1953-54 and subsequent budgets the reimbursements from litigants involved in Transportation Rate Fund matters will be reported as reimbursements in the Transportation Rate Fund budget and the cost of reporting services rendered by the General Fund on behalf of the Transportation Rate Fund will be reported in the gross amount.

## PUBLIC UTILITIES COMMISSION—Continued

LINE	SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
		52-53 (Filled)	53-54 (Auth.)	54-55 (Auth.)			
1	TRANSPORTATION RATE FUND ACTIVITIES						
2	Activities supported by the Transportation Rate Fund are largely regulatory upon rail, truck, and water carriers engaged in the trans-						
3	portation of property. The Transportation Rate Fund revenue is derived primarily from a fee of 0.25% of the gross operating						
4	revenue earned by carriers from the transportation of property and other related fees.						
5	A plan of financial adjustment between the General Fund activities and the Transportation Rate Fund allocates the cost of certain						
6	functions which relate to either fund—the details of which are reflected in the General Fund activities budget and offset by esti-						
7	mated reimbursements from the Transportation Rate Fund. The portion of charges to be borne by the Transportation Rate Fund						
8	are shown herein as operating expenses. Functions which pertain entirely to the Transportation Rate Fund are budgeted entirely						
9	in this portion of the budget.						
10	Analysis						
11	Provision is made for increased reimbursements to the General Fund resulting from the anticipated increase in employment stability.						
12	Equipment items include replacement of worn-out office furniture and one typewriter, additional files for expansion of truck permittee						
13	files, and replacement of four automobiles.						
14	ADMINISTRATION

## Department of Public Works

## DEPARTMENTAL ADMINISTRATION

Directs and coordinates the activities of the Division of Architecture, the Division of Highways, and the Division of Water Resources; and provides accounting service for the Division of Architecture and the Division of Water Resources. The State Highway Fund is charged with that portion of the cost of administration attributable to the Division of Highways.

19	Analysis						
20	Accounting service is provided for the Water Resources Board, the Water Project Authority, and the Architecture Public Building						
21	Fund on a reimbursement basis, and for the Divisions of Architecture and Water Resources. It is proposed in 1954-55 to charge						
22	the Division of Architecture Revolving Fund for accounting services in accordance with the changes proposed in the Division of						
23	Architecture budget where support and revolving fund activities are being separated. During the current year two intermediate						
24	account clerk positions were dropped from the accounting office due to less turnover and retention of experienced help.

## Department of Public Works

## DIVISION OF ARCHITECTURE

Under direction of the State Architect the division is responsible for the preparation of surveys, designs, plans, specifications, and estimates of cost for state structures and related improvements, alterations, and mechanical and electrical installations, including major maintenance and repair projects; for project construction by day labor and supervision of construction by contract; for supervision of public school building construction; and for technical service, advice, and reports to state agencies.

## DIVISION OF ARCHITECTURE—Continued

LINE	EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55	CHANGE FROM 1953-54
1	GENERAL ANALYSIS				
2					
3	Number of positions—General Fund-----	52.9	51.2	12	—39.2
4	Number of positions—Public Building Fund-----	62.6	83.8	84	0.2
5					
6	Total-----	115.5	135	96	—39
7					
8	No substantive change in the construction activities of the division is proposed. However, for improved accuracy in reporting project costs and to reflect all costs of design and planning, construction supervision and related services as a capital outlay expenditure it is proposed that, except for the top administrators of the divisions and their clerical assistants, all personnel and related expenses be charged to the Division of Architecture Revolving Fund. The number and classification of positions, the salaries of which are paid from the Division of Architecture Revolving Fund, are reported in the budget for this fund which appears in the appendix.				
9	Based upon completion of the initial surveys of major state installations and the strengthening of maintenance staffs at the several institutions and colleges, the termination of maintenance survey and supervision activity as a General Fund support charge is recommended. Surveys or studies necessitated by special circumstances may be undertaken as required through deposit of the required funds in the Division of Architecture Revolving Fund by the agency concerned.

31	SUPERVISION OF PUBLIC SCHOOL BUILDING							
32	CONSTRUCTION							
33	Division of Architecture Public Building Fund							
34	This unit checks and approves plans and specifications for all new public school building construction and for all alterations or re-							
35	modeling exceeding \$4,000 in estimated cost. The unit inspects such buildings periodically during the course of construction to							
36	assure compliance with approved plans and specifications, as required by the Education Code. It is estimated that the work load							
37	of public school building construction will be maintained at the current level of approximately \$240,000,000.							
38	Analysis							
39	Based upon relationship of personnel to work load the division believes a larger staff is necessary to properly discharge its responsi-							
40	bilities. However, technical personnel with the required qualifications are extremely difficult to recruit, therefore substantial							
41	salary savings are estimated.							
42	To assist the division's staff in passing on plans for school building construction and to permit standards established by the division							
43	to be adjusted to allow the use of most economical materials, design, and methods consistent with structural safety, continuation							
44	of the materials research program is proposed.

## Department of Public Works

## DIVISION OF WATER RESOURCES

The major portion of the State's activities pertaining to the investigation of water resources, and to the conservation, control, and utilization of such water resources, is conducted by the Division of Water Resources.

The division has responsibility for the administration and supervision of the appropriation of water and the adjudication of water rights; for supervision of safety of dams; for maintenance and operation of the Sacramento River Flood Control and Reclamation Works; beach erosion control; for administration of the state mapping program, including preparation of a state base map; for administration of state water quality investigations; and for storm and flood damage rehabilitation.

In addition, the division is responsible for stream gaging and collection of hydrologic data on the Sacramento and San Joaquin rivers for the purpose of determining water supply and best means of utilizing these water resources. Also, reviews are made of various federal reports on proposed flood control and reclamation projects, and recommendations are made on such proposed projects to the Federal Government.

Other activities of the division include the providing of technical assistance to the Water Project Authority concerning the Central Valley Project and engineering and legal problems coincident thereto, and the furnishing of engineering services to the State Water Resources Board in pursuance of that agency's program of state-wide water resources investigations and the preparation of plans and specifications for the Feather River Project preliminary to a decision as to whether or not the project will be constructed.

The division also cooperates in many ways with the Federal Government, other state agencies, and with local governments in the pursuance of such activities as topographic mapping, stream gaging, salinity sampling, snow surveys, the making of special hydraulic engineering studies, and in supervision of construction of a wide variety of construction projects.

LINE	EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55	CHANGE FROM 1953-54
------	--------------	-------------------	----------------------	---------------------	------------------------

## GENERAL ANALYSIS

Number of positions ----- 235.3 239.6 255.2 15.6

In general the existing level of service is continued with adjustments for work load increases in connection with diversions of water from the Sacramento and San Joaquin Rivers, applications for permits to appropriate water, and maintenance of the Sacramento-San Joaquin flood control project.

## GENERAL ADMINISTRATION

This function consists of the Office of the State Engineer and other administrative functions of the division. The legal, stenographic, library, files, equipment, purchasing, auditing, automotive, budgeting and fiscal control, and reports sections are included in this function. It also includes the administration of public districts coming under the Office of the State Engineer, and the licensing of rainmakers.

## Analysis

One additional stenographer-clerk position is proposed for increased work load in the Water Rights and Resources function resulting from the growing complexity and difficulties in determining available, unappropriated water supplies in acting on applications to appropriate water. The principal cause of the increase in rental expense is provision for the division's share of maintenance costs in the new Public Works Building Annex which were absorbed by the Division of Buildings and Grounds during the current fiscal year.

29	WATER QUALITY INVESTIGATION						
31	The activities of this unit include: (1) investigation of the quality of all water, including saline water (coastal and inland), and as						
32	related to all sources of pollution, together with recommendations as to improvement or protection of the quality of such waters;						
33	(2) surveys, investigations, and formulation of plans for the reclamation of waste waters for beneficial purposes; (3) investiga-						
34	tion of damage to ground water by reason of abandoned or defective wells, together with recommendations for minimum stand-						
35	ards for well construction. Well log forms are made available to all water well drillers for filing with the appropriate regional						
36	water pollution control board through the Division of Water Resources. This unit also supervises the work being done for state						
37	and regional water pollution control boards by the Division of Water Resources, and assists in water quality problems with						
38	other investigations of the Division of Water Resources, such as the Bay Barrier Study, and the salinity investigation for the						
39	Bureau of Reclamation.						
41	Analysis						
43	Activities are budgeted to continue at the same level of service; however, completion of a large number of reports will increase prin-						
44	ing costs by \$15,740.

49	SACRAMENTO-SAN JOAQUIN WATER SUPERVISION						
50	The primary activity of this unit is to perform stream gaging activities and to collect hydrological and water utilization data on						
51	the Sacramento and San Joaquin Rivers to provide basic information on water supply utilization and water rights in con-						
52	nection with the Central Valley Project.						
53	Similar activities are performed under contract for the United States Bureau of Reclamation, for which reimbursement is received.						
54	In addition two wholly reimbursable projects are supervised; the assembly of factual data on diversions in the Sacramento Val-						
55	ley, and salinity conditions.						
57	Analysis						
59	One additional assistant hydrographer and two junior civil engineers are proposed to bring the work of measuring, computing, and						
60	reporting the quantities of water diverted from the Central Valley streams for irrigation up to the same level of accuracy as						
61	existed during 1949. The number of points of diversion has increased approximately 25 percent and resulted in a corresponding						
62	increase in work load.						
64	SALARIES AND WAGES				SALARY RANGE

43							
44	WATER RIGHTS AND RESOURCES						
45	This function is primarily concerned with the supervision of the appropriation of waters within the State, the supervision of the						
46	adjudications of water rights by court reference and statutory adjudication, the supervision of watermaster service, and the						
47	studies of water problems in the southern California area.						
48							
49	Analysis						
50	One additional associate hydraulic engineer and two assistant hydraulic engineers are proposed for field investigations of water right						
51	application before water right hearings are held and findings made. The rapidly increasing population of California has resulted						
52	in many more applications for the use of water on the various stream systems of the State. In many instances all of the water,						
53	or a large part of it, has been appropriated already.						
54	The division collects water right application and permit fees, which are now being studied to determine the adequacy of the present						
55	amounts and the need for adjustment to make such fees consistent with current cost levels.

## DIVISION OF WATER RESOURCES—Continued

LINE	SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
		52-53 (Filled)	53-54 (Auth.)	54-55 (Auth.)			
1	FLOOD CONTROL PROJECT MAINTENANCE						
2							
3							
4	The primary function of this unit is maintenance of the Sacramento-San Joaquin Flood Control Project. Chapter 1152, Statutes of						
5	1951, added 32 miles of levees and 17 miles of channels; Chapter 1376, Statutes of 1953, added maintenance of the flowage						
6	area of the Western Pacific intercepting canal; and Chapter 1859, Statutes of 1953, added the responsibility for beach erosion						
7	control.						
8	In addition, responsibilities were added during the past year for inspection of levees on Deer Creek, the Merced Stream Group, and						
9	the Littlejohn Creek Group in Fresno County.						
10							
11	Analysis						
12							
13	Proposed new positions of one flood control maintenance and construction man and 1.5 man-years for levee patrol maintenance and						
14	construction are proposed for the increased maintenance area.						
15	The snow surveys activity was transferred from the water rights and resources function effective July 1, 1953, because of the similar-						
16	ity of the work. An additional one-half time levee patrol maintenance and construction man is proposed in lieu of temporary						
17	help for this function.						
18

13	REVIEW OF FEDERAL REPORTS							
14	Federal law provides that the various states be given an opportunity to review federal reports on proposed reclamation, flood con							
15	trol, and water conservation projects within their boundaries. Analysis of and recommendations on such projects are prepared b							
16	the Division of Water Resources for the State of California. During the past year practically all federal projects were held u							
17	for review before being reauthorized. At the present time the number of federal reports for review has increased and it is an							
18	ticipated that the number will continue to increase during the 1954-55 Fiscal Year.

1	<b>GENERAL FUND</b>						
2							
3	<b>WORK IN COOPERATION WITH THE</b>						
4	<b>FEDERAL GOVERNMENT</b>						
5							
6	<b>Analysis</b>						
7							
8	The Division of Water Resources cooperates with federal agencies in the accomplishment of projects of mutual concern. State						
9	funds are matched by the Federal Government. The projects for which provision is made for 1954-55 Fiscal Year are:						
10	1. Yuba River Debris Control: For restoring, impounding, and controlling debris along the Yuba River in cooperation						
11	with the U. S. Army Engineers.						
12	2. Topographic Mapping: For the continuation of the preparation of topographic maps of California in cooperation						
13	with the U. S. Geological Survey.						
14	3. Irrigation Investigations: Investigations concerning the use, transpiration, evaporation, and percolation of waters, are						
15	conducted by the Soil Conservation Service, U. S. Department of Agriculture.						
16	4. Stream Gaging: Provides data on water supply, runoff, and utilization of streams in California not otherwise covered						
17	by the Division of Water Resources in cooperation with the U. S. Geological Survey.						
18	5. Gaging Stations: Provides for the establishment or reconstruction of stream gaging stations in California not other-						
19	wise covered by the Division of Water Resources in cooperation with the U. S. Geological Survey.						
20							
21							
22							
23	<b>EXPENDITURES BY PROJECT</b>						
24							
25	Yuba River debris control -----				\$30,000	\$15,000	\$15,000
26	Topographic mapping -----				286,647	300,000	300,000
27	Irrigation investigations -----				7,500	7,500	7,500
28	Stream gaging -----				127,349	155,025	159,425
29	Gaging stations -----				-	14,000	12,850
30							
31	Totals, Work in Cooperation With the Federal Government-----				\$451,496	\$491,525	\$494,775
32							
33							
34	<b>FEATHER RIVER PROJECT</b>						
35							
36	<b>Analysis</b>						
37							
38							
39	Chapter 1441, Statutes of 1951, authorized and directed the State Engineer to conduct the necessary investigations, surveys and						
40	studies and preparation of plans and specifications for the construction of the units set forth in the publication of the State						
41	Water Resources Board entitled "Report on Feasibility of Feather River Project and Sacramento-San Joaquin Delta Diversion						
42	Projects Proposed as Features of the California Water Plan"; and to submit such material to the Water Project Authority for						
43	its approval. It is proposed during the 1954-55 Fiscal Year to continue the investigations and studies and it is anticipated that						
44	the plans and specifications and estimates of costs will be sufficiently complete to determine the economic feasibility of the project.						
45							
46							
47	<b>EXPENDITURES BY PROJECT</b>						
48							
49	Survey and plans for relocation of highway and railroads-----				\$87,149	-	-
50	Exploration of Oroville Dam and afterbay sites-----				139,183	-	-
51	Topographic strip maps from San Joaquin Valley to						
52	Mexican Border-----				341,474	-	-
53	Negotiation of contracts and preparation of plans and specifications				202,478	-	-
54	Field surveys and topographic maps for conduit routes-----				-	\$350,530	-
55	Preparation of plans, designs, and cost estimates of project						
56	features -----				-	248,030	-
57	Negotiation of contracts with persons and agencies whose properties						
58	would be affected by the construction of the projects-----				-	45,980	-
59	Negotiation of contracts for water delivery and disposal of						
60	electric power-----				-	69,100	-
61	Preparation and printing of reports to Water Project Authority--				-	36,360	-
62	Continuation of the preparation of designs, plans and specifications						
63	and cost estimates for the Oroville Dam, Oroville Afterbay						
64	Dam, power plants, relocations of state highway, railroads,						
65	and county roads for Oroville Reservoir, including consulting						
66	engineers' services and hydraulic model studies-----				-	-	\$175,556
67	Continuation of preparation of designs, plans and specifications and						
68	field location of canals, tunnels, pumping plants and appurte-						
69	nant structures on the routes of the Sacramento-San Joaquin						
70	Delta Diversion Projects -----				-	-	189,000
71	Continuation of geologic studies and geologic mapping along the						
72	routes of canals and tunnels, pumping plant and power plant						
73	foundation sites and along the projected relocations of the						
74	state highway and Western Pacific Railroad-----				-	-	84,000
75	Continuation of the preparation of forms of contract for conduit						
76	crossings of the various types of utilities, the preparation of						
77	contracts with agencies for relocation of utilities, including the						
78	Western Pacific Railroad, state highway, Pacific Gas and						
79	Electric Company, Pacific Telephone and Telegraph Company,						
80	Feather River Railroad, Butte County, and the United States						
81	Forest Service, and the preparation of contracts for the sale						
82	of water and power-----				-		25,000
83

## AERONAUTICS COMMISSION

The Aeronautics Commission provides advisory, planning, and engineering services to public agencies on aviation problems; fosters the development of a state-wide system of airports to expand air service and commerce through intrastate, local and feeder services; fosters and coordinates improvement in the use of agricultural aircraft; cooperates with the Civil Aeronautics Board and Authority in the investigation of nonairline accidents; and coordinates civil aviation plans for disaster relief and civil defense.

## COLORADO RIVER BOARD

The Colorado River Board was created for the purpose of protecting California's rights in the waters of the Colorado River. The board and its staff collects, compiles and analyzes engineering and legal data on the existing and proposed utilization of the Colorado River water supply; appears before congressional committees and interested federal agencies; and confers with representatives of other Colorado River Basin states regarding legislation and developments affecting California's rights and interests.

## COLORADO RIVER BOUNDARY COMMISSION

The commission was created by Chapter 1693, Statutes of 1953, to confer with a similar commission established by the State of Arizona, the two commissions to define a common boundary between the states along the Colorado River, and report to their respective legislatures concerning the same and on the adoption of a compact between the states relative to the boundary.

## RECLAMATION BOARD

operates with the Corps of Engineers, United States Army, in construction of flood control projects through the acquisition of rights of way for such projects; acts as governing body for the Sacramento and San Joaquin Drainage District, approves construction on levee systems and flood channels, and fulfills such construction obligations as have been assumed by the State in its agreement with the Federal Government.

Office at Sacramento

## GENERAL ANALYSIS

20					
21					
22					
23	Number of positions .....	28.6	33.5	35.5	2
24					
25	The budget as proposed is predicated upon continuation of the accelerated program of flood control project construction by the				
26	United States Engineers to complete authorized works.				
27					
28	One additional intermediate account clerk position and one junior drafting aid position are recommended to handle the increased				
29	work load resulting from the increased number of right of way acquisitions.				
30	During the current fiscal year accounting procedures were put into effect under which the direct cost of right of way acquisitions are				
31	being charged to the appropriations for such purpose.

INTERIM SAN FRANCISCO BAY PORTS COMMISSION

The Interim San Francisco Bay Ports Commission was created by Chapter 737, Statutes of 1951, for the purpose of studying the needs for a cooperative Bay area ports program and to cooperate, coordinate, and work jointly with any legislative committee for establishing a coordinating agency for the San Francisco Bay area, in determining the nature, characteristics, and powers of such agency.

GENERAL ANALYSIS

The commission reported the results of its studies and investigations to the 1953 Session of the Legislature. It is anticipated that a nonprofit organization will be organized during the current fiscal year to administer the cooperative ports program and for this reason further state appropriations will not be necessary.

## **GENERAL ANALYSIS**

Number of positions ----- 2 3 3 -

The commission made a formal report to the Legislature in January, 1953. On the basis of conclusions and recommendations contained therein the State appropriated \$400,000, by Chapter 1212, Statutes of 1953, to enable the commission to develop a coordinated master rapid transit plan for the nine Bay area counties and to carry out the studies and surveys required as a factual basis for the plan. It was estimated \$750,000 would be required to carry out this project.

Chapter 1212, Statutes of 1953, contains a provision that no expenditure be made from the funds appropriated therein until the nine counties have appropriated additional funds totaling \$350,000 for this purpose. These counties have appropriated such funds.

# WATER RESOURCES BOARD

This agency has been designated to study and make recommendations to the Legislature on water conservation and flood control matters; to investigate and recommend allocations from the Flood Control Fund of 1946 to local agencies to cover the cost of cooperation in flood control works constructed by the Federal Government; and to represent the State and local agencies in matters pertaining to federal authorizations and appropriations for flood control projects.

## STATE-WIDE WATER RESOURCES INVESTIGATION

## General Fund

## Analysis

This investigation constitutes a revision and completion of the State Water Plan adopted by the Legislature in 1941. Its objective is the preparation of a plan for the full conservation, control, and utilization of the State's water resources, underground as well as surface, to meet present and future water needs for all beneficial purposes and uses in all areas of the State. The results of the investigation are to be presented in four bulletins, as follows: Bulletin No. 1—Water Resources of California—a complete inventory of water resources for each of the seven hydrographic units was printed and sent to the Water Resources Board July 6, 1951. Bulletin No. 2—Water Utilization and Requirements of California—is to be completed during 1953-54. Bulletin No. 3—Plans for Development of Water Resources of California—field work is to continue at the present rate through 1954-55. Bulletin No. 4—Summary Report on the California Water Plan—is to be drafted upon completion of Bulletin No. 3.

## Expenditures by Project

Investigations, surveys, studies, preparation of plans and estimates, and preparation and publication of reports on state-wide water plan	\$438,944	\$520,022	\$561,295
Geological investigation in cooperation with the Federal Government	50,000	37,500	30,000
Total Expenditures	\$488,944	\$557,522	\$591,295

## COOPERATIVE MINOR WATER RESOURCES INVESTIGATIONS

## General Fund

## Analysis

Comprehensive local investigations are conducted in areas where the acuteness of water supply problems require immediate and more intensive study than that provided by the state-wide investigation. This cost is shared equally by the state and local governments.

## Expenditures by Project

San Joaquin County <sup>a</sup>	\$2,000	\$3,000	\$3,000
Lake County	750	750	-
Salinas Basin	1,750	5,000	1,750
San Luis Obispo County	-	15,000	13,000
Ventura County	-	10,000	-
Total Expenditures	\$4,500	\$33,750	\$17,750

<sup>a</sup> Includes Calaveras River, Farmington-Collegeville, and Mokelumne River projects.

# WATER PROJECT AUTHORITY—SAN FRANCISCO BAY STUDY ON SALINITY CONTROL BARRIERS

The Water Project Authority was created to construct, operate, and administer the Central Valley Project. Since assumption by the Federal Government of the construction and operation of the project, the authority has represented the State in matters pertaining thereto, relying upon the staff of the State Engineer for technical assistance. Chapter 1104, Statutes of 1953, directed the Water Project Authority to report to the Legislature the results of its studies and investigation of the feasibility and economic value of salinity control barriers for reclamation, for salinity and flood control purposes, and for the purpose of creating a supply of fresh water.

## GENERAL ANALYSIS

The budget is based upon a continuation of the investigation and study of the feasibility and economic value of construction by the State of suitable salt water barriers at several alternate locations across San Francisco Bay, San Pablo Bay, Suisun Bay, and the Sacramento-San Joaquin Delta, for reclamation, for salinity and flood control purposes, and for the purpose of creating a supply of fresh water for irrigation, domestic uses, and related purposes. It is planned that the final report will be prepared and submitted to the Legislature by March 30, 1955, as required by Chapter 1104, Statutes of 1953.

## STUDY OF SALINITY CONTROL BARRIERS— SAN FRANCISCO BAY

Services of Division of Water Resources, Department of Public			
Work <sup>a</sup> -----	—	\$215,000	\$200,000
Consultants-----	—	35,000	50,000
<b>Total Expenditures</b> -----	—	\$250,000	\$250,000

<sup>a</sup> Detail of expenditures by the Division of Water Resources is included in the "Special Activities" section of the Division of Water Resources budget in the Appendix.

## DEPARTMENT OF SOCIAL WELFARE

The Department of Social Welfare supervises the county administration of old age security, aid to needy blind, aid to partially self-supporting blind, aid to needy children and child welfare services; administers the prevention of blindness program; investigates independent adoptions; licenses private agencies placing children for adoption and/or temporary care; licenses and supervises county adoption agencies; inspects and licenses boarding homes, institutions and other facilities for the care of aged and children; supervises the licensing of boarding homes for aged and children by local agencies; and grants certificates authorizing the execution of contracts for life care.

50	<b>Bureau of Financial Administration</b>						
51	<b>Analysis</b>						
52	This unit is responsible for the development of major fiscal policies with respect to all programs administered or supervised by						
53	the department. The Administrative Accounting Section maintains accounting, budgetary, cost accounting and property records						
54	of the department. It maintains records of county estimates and expenditure statements, and compiles estimates and expendi-						
55	ture statements for submission to the Federal Government. The Fiscal Services Section has general responsibility for the re-						
56	ceipt, audit, and approval of all claims for assistance, subventions, and administrative expenditures submitted by the counties						
57	and other agencies; prescribes the scope and technique of field audit of private institutions applying for or possessing a cer-						
58	tificate of authority to enter into life care agreements; develops accounting systems recommended to counties, and has gen-						
59	eral responsibility for the development of departmental policy, rules, regulations, and forms pertaining to fiscal administration						
60	of the programs. The expenditures for the 1952-53 Fiscal Year are shown under the Division of Financial Administration.

31	AREA OPERATIONS						
32							
33	Analysis						
34							
35	This unit is responsible for the supervision of local agencies and the execution of departmental policies throughout the State. The						
36	State is divided into three areas, with area offices located at Los Angeles, San Francisco, and Sacramento. Each area office						
37	is headed by an area deputy who has full responsibility for all operations within the area, and who directs a staff of profes-						
38	sional, technical and clerical personnel. Increase is due to work load.						
39

## DEPARTMENT OF VETERANS AFFAIRS

The Department of Veterans Affairs has four functions: The administration of the Veterans' Farm and Home Purchase Act; extension of financial assistance to veterans and dependents of veterans in securing an education; coordination of all state veterans' programs and provision of informational and advisory service to agencies in contact with the individual veterans and assistance to veterans in presenting claims against the United States arising out of war service; and administration of the Veterans Home of California and the Woman's Relief Corps Home.

Office at Sacramento

16					
17					
18	GENERAL ANALYSIS				
19					
20					
21	Number of positions	60.6	55	55.5	0.5
22					
23	The 1954-55 Fiscal Year budget for support is a continuation of the program previously authorized with one position now authorized				
24	being abolished.				
25	Educational assistance to veterans is expected to increase \$93,000. A slight increase in enrollment and continuation of the current				
26	level of student costs is estimated. It is assumed that Korean War veterans will more than offset decreased World War II vet-				
27	erans.				
28	Contracts with veterans' organizations for assistance to veterans in pursuing claims against the United States arising out of war				
29	service is continued at the same level as the 1953-54 Fiscal Year.				
30	Educational assistance to veterans dependents is estimated to increase \$9,660 over 1953-54. This is primarily due to the increased				
31	birth rates of 1937 and 1938 being reflected in increased enrollments.				
32

DIVISION OF EDUCATIONAL ASSISTANCE						
This division administers the program of educational aid in the form of subsistence payments to veterans and veterans' dependents.						
Analysis						
The increase is due to increased rent in the new offices in Los Angeles and Sacramento. One position is abolished June 30, 1954.

DIVISION OF SERVICE AND COORDINATION						
This division coordinates all of the State's veterans' programs and provides informational and advisory services to agencies in contact with veterans and assistance to veterans in presenting claims against the United States arising out of war service.						
Analysis						
The increase is primarily due to increased rent due to the new offices in Los Angeles and Sacramento.

		52-53 (Filled)	53-54 (Auth.)	54-55 (Auth.)			
1							
2	GENERAL FUND						
3							
4	For Educational Assistance to Veterans, to Be Expended Under						
5	the Provisions of Article 2 of Chapter 6 of Division 4 of the						
6	Military and Veterans Code						
7							
8	The assistance is limited to a total payment of \$1,000 per California veteran. The subsistence is limited to \$40 per month based on						
9	actual attendance in school, and tuition and other items of school books and supplies as are necessary, or not to exceed \$50						
10	per month. Duration of eligibility is for the life of the veteran.						
11							
12	Analysis						
13							
14	The amount proposed assumes a slight increase in enrollments and continuation of the current year level of student costs. It is						
15	estimated that Korean War veterans will more than offset decreased World War II veterans. The amount will provide						
16	assistance for 4,000 summer session, 6,500 fall semester and fall quarter, 1,000 winter quarter, and 7,000 spring semester						
17	and spring quarter students.						
18							
19	OPERATING EXPENSES						
20	Tuition and fees			\$1,517,885	\$1,579,500	\$1,618,876	
21	Subsistence			1,382,115	1,420,500	1,474,124	
22							
23	Totals			\$2,900,000	\$3,000,000	\$3,093,000	
24							
25							
26							
27	For Veterans Claims and Rights Service to Be Expended Under						
28	the Provisions of Section 699.5 of the Military and Veterans						
29	Code						
30							
31	OPERATING EXPENSES						
32	Payments to American Legion			\$323,521	\$317,001	\$574,000	
33	Payments to Veterans of Foreign Wars			133,277	142,249		
34	Payments to Disabled American Veterans			93,292	90,750		
35	Payments to American Veterans of World War II			15,910	24,000		
36							
37	Totals			\$566,000	\$574,000	\$574,000	
38							
39							
40							
41	For Educational Assistance to Veterans Dependents, to Be						
42	Expended Under the Provisions of Article 2 of Chapter 4 of						
43	Division 4 of the Military and Veterans Code						
44							
45	OPERATING EXPENSES						
46	Educational assistance to veterans dependents			-	\$10,775	\$33,605	
47							
48							
49							
50	VETERANS DEPENDENTS EDUCATION FUND						
51							
52	The educational aid to widows and orphans is not limited as to total amount for each eligible. However, subsistence payments shall not						
53	exceed \$480 per year on the basis of school attendance. Payments are limited to \$40 per month for college students, and \$20 per						
54	month for high school students, and represent only amounts for subsistence per Department of Veterans Affairs policy. Orphans						
55	over 16 years but not over 21 years of age may file for and receive assistance until the course is completed or until 27 years of age is						
56	reached, whichever first occurs. Assistance to widows is limited to not more than four years duration.						
57							
58	Analysis						
59							
60	A small increase in enrollment of widows is expected and the orphan enrollments are expected to increase due to the sharp upward						
61	trend in birth rates of 1937 and 1938.						
62	The amount proposed will provide assistance to 100 summer, 620 fall, and 630 spring semester students, and is estimated to cost \$184,000						
63	or \$9,660 over 1953-54.						
64	The annual excess costs over the \$150,000 transferred from the State Lands Act Fund have depleted the surplus in the Veterans Depend-						
65	ents Education Fund to the point where an appropriation from the General Fund is required.						
66							
67	SUPPORT						
68	Division of Educational Assistance			\$16,500	\$17,000	\$17,000

## Department of Veterans Affairs

## VETERANS' HOME OF CALIFORNIA

The Veterans' Home of California is for aged and disabled honorably discharged former members of the armed forces who served during a war period and are eligible for hospitalization or domiciliary care in a veterans' facility of the United States Veterans Administration and have been bona fide residents of California for 10 years preceding date of application for admission.

Located Near Yountville, Napa County

## GENERAL ANALYSIS

22	<i>Number of positions</i>				
23	Civilian -----	483.6	491.3	526.3	35
24	Member -----	105.4	110.3	114.3	4
25	<b>POPULATION AND UNIT COSTS</b>				
26	Average member population -----	1,631	1,756	1,862	106
27	Year-end population -----	-	-	(1,952)	(6%)
28	Cost per member -----	\$1,610	\$1,655	\$1,653	-\$2
29					(-0.1%)

The increase is primarily due to increased members, expanded facilities, and proposed new positions. A 204-bed convalescent and chronic barracks is scheduled for completion January 1, 1955.

**SALARIES AND WAGES:** The increase of \$123,095 includes the following:

## Proposed New Positions:

30	4 Food service assistant (effective January 1, 1955) -----	\$5,040
31	1 Janitor, member (effective January 1, 1955) -----	690
32	1 Company commander, member (effective January 1, 1955) -----	882
33	1 First sergeant, member (effective January 1, 1955) -----	660
34	13 Hospital aid (six effective January 1, 1955 and seven February 1, 1955) -----	15,620
35	1 Physician and surgeon II (effective January 1, 1955) -----	4,259
36	8 Graduate nurse (five effective January 1, 1955 and three February 1, 1955) -----	13,275
37	2 Janitor (effective January 1, 1955) -----	2,772
38	These positions, together with positions now authorized for a small temporary convalescent and chronic unit, will staff the 204-bed convalescent and chronic barracks to be ready for occupancy January 1, 1955, on the same staffing pattern as the existing unit.	
39	Dining room assistants are assigned three on each of two shifts. Hospital aids are assigned two on the day shift, and one on each of the other two shifts for each of the three wards. Graduate nurses will provide coverage of one nurse per ward on the day shift, two nurses for the three wards on the afternoon and evening shift, and one nurse for the night shift.	
40	1 Intermediate clerk (adjutant's office) -----	2,844
41	This position is for work load increase and will be assigned to the adjutant's office where the membership records, waiting lists, and statistical reports are maintained. This office also serves as a central information center.	
42	1 Janitor, member -----	1,416
43	This position, together with an existing janitor, will be assigned to the new 23,625 square foot recreation center.	

<sup>a</sup> Composed of savings in salaries and wages, \$3,274; operating expenses, \$89,317; equipment, \$4,088; and loss in reimbursements, \$13,417.

<sup>b</sup> Contributions from the Federal Government are not included in the over-all budget totals, either as revenue or expenditures. For summary of federal aid funds, see Schedule 7.

## Department of Veterans Affairs

## WOMAN'S RELIEF CORPS HOME

The home is for custodial, medical and nursing care of the widows, destitute unmarried daughters and sisters of Union Veterans of the Civil War and for nurses who served in that war. Admissions to the home have been closed since 1947. Effective May 1, 1954, the home will be leased to private persons as a nursing home for the aged with the provision that members of the home shall be cared for in accordance with standards of care and service prescribed by the Department of Veterans Affairs, pursuant to Chapter 271, Statutes of 1953.

Located near San Jose, Santa Clara County

## Analysis

In accordance with the provisions of Chapter 271, Statutes of 1953, the home will be leased to a private party effective May 1, 1954, to conduct a nursing home with the provision that the present membership will be cared for at a standard of care and service prescribed by the Department of Veterans Affairs. The decreasing membership has resulted in increased per capita cost to such an extent that it is now more economical to lease the home and care for the members on a contractual basis at approximately \$3,000 per member per year than it is for the State to operate it solely for state patients.

SUMMARY AND  
RECONCILIATION WITH APPROPRIATIONS

## General Fund

Budget Act appropriation	\$14,000,000	\$9,350,000	-
Allocations included in agency budgets (detail by agency is set forth under "Reserve for Contingencies")	-12,035,574	-6,817,527	-
Unallocated balance, estimated savings	-1,964,426 <sup>a</sup>	-2,532,473 <sup>b</sup>	-
TOTAL EXPENDITURES	-	-	-

## GENERAL ANALYSIS

In the 1952-53 and 1953-54 Budgets, there was provided a lump sum amount, which was to be allocated to the various agencies, to provide for the cost of salary increases that were granted after the final appropriations were determined for support of each agency.

No provision for a separate salary increase appropriation for the 1954-55 Fiscal Year is recommended. The Personnel Board Report states that a general salary increase during 1954-55 will not be needed. The report does indicate, however, that salary increases might be required in some occupational groups to keep them in line with prevailing rates and suggests an amount of \$475,000 for this purpose. This amount is included with the other unforeseen contingencies in the general emergency fund appropriation.

<sup>a</sup> Savings due to the legislative increase of \$1,633,375 over budget estimate. Other savings due to use of excess salary savings in agency appropriations.

<sup>b</sup> Savings due primarily to (1) certain classes were not granted increases and (2) the use by the University of California of \$2,416,541 of prior year saving to finance their salary increases.

## GENERAL ANALYSIS

These debt service charges do not include charges on bonds issued for construction at the San Francisco harbor, or charges on bonds issued for the veterans' farm and home loan program. They are general obligation bonds; however, the charges are primarily the obligation of the respective utility fund. The activity of these utility funds are reported in the appendix section of the budget. Debt service charge on school building bonds are considered as assistance to local units of government and are reported under the Local Assistance Budget, Subventions for Education.

Interest and redemption on highway bonds chargeable to the General Fund is covered by motor vehicle license fee revenues which are transferred to the General Fund in the amount necessary to meet the annual charges.

Interest and redemption charges on bonds issued for construction of state and university buildings, and for acquisition of areas for state park purposes, are currently met from funds which were set aside from General Fund surplus and placed in the Bond Sinking Fund of 1943. Sufficient funds were set aside to meet all debt service requirements to final maturity; however, \$5,000,000 was transferred to the Highway Fund to be used as a loan to the Golden Gate Bridge and Highway District, to be returned out of toll revenues after the bonded indebtedness of the district is retired in 1971. Available funds in the Bond Sinking Fund of 1943 will be exhausted in 1957.

There has been transferred to the State Buildings Interest and Sinking Fund sufficient money to retire the outstanding Sacramento state buildings bonds, which will become due in 1965.

<sup>a</sup> Donated funds. Neither receipts nor expenditures are included in the budget totals.

22					
23					
24	<b>GENERAL ANALYSIS</b>				
25					
26	The amount appropriated for the Emergency Fund for 1952-53 Fiscal Year included contingencies arising from increases in prices				
27	of commodities over the amount computed in the agencies' budgets, as well as other contingencies.				
28	A provision was made in the 1953-54 appropriation for the Emergency Fund whereby, should prices fall below the amounts budzreted,				
29	the savings in the agencies' budgets could be transferred to the Emergency Fund and become available for other contingencies.				
30	The amounts estimated to be transferred to the Emergency Fund derived from such savings from price declines are as follows:				
31	Department of Corrections.....			\$130,160	
32	Department of the Youth Authority.....			43,083	
33	Department of Education.....			8,378	
34	Department of Mental Hygiene.....			645,093	
35	Division of Forestry.....			29,970	
36	Veterans Home.....			6,933	
37					
38	<b>Total</b> .....			\$863,617	
39	It is the policy of the Department of Finance to reserve this amount for unforeseen requirements in operating expenses and not to				
40	allow its use for salaries.				
41	It is recommended that the Department of Finance be authorized to allocate from the \$1,500,000 for the 1954-55 Fiscal Year not to				
42	exceed \$475,000 to augment General Fund agencies' budgets to finance any special salary range increases approved by the Per-				
43	sonnel Board.

## MISCELLANEOUS REVENUES

LINE	REVENUES	ACTUAL 1952-53	ESTIMATED 1953-54	ESTIMATED 1954-55
1	Interest income is shown here for the General Fund, reserve funds, and the State School Fund. Interest accruing to special funds			
2	is included in the departmental revenues.			
3	State moneys that are not immediately needed, and where the law so permits, are invested in interest-bearing securities. Those funds			
4	which have no direct investment provisions may deposit excess moneys in the Surplus Money Investment Fund, which, in			
5	turn, may invest and return any interest earned to the participating funds.			
6	In addition, that part of the remaining money that is not immediately needed may be placed in banks in interest-bearing time de-			
7	posits. The balance of the state moneys which is determined to be required to meet the daily warrants issued are retained in			
8	active bank accounts.			
9	By this procedure, all moneys that are not required for immediate use may earn interest.			
10	The General Fund also earns interest on certain advances or loans to other funds, and miscellaneous income not otherwise classified.			
11				
12				
13				
14	<b>INTEREST INCOME</b>			
15				
16	<b>General Fund</b>

## Part II. Capital Outlay Section

---

### **SUMMARIES**

#### SUMMARY OF CAPITAL OUTLAY EXPENDITURES BY PROGRAM

- A. State Building Program
- B. Civil Defense Program
- C. District Fair Construction Program
- D. Beach and Park Acquisition and Improvement Program
- E. Wildlife Conservation Program
- F. State Highway Program
- G. Flood Control and Water Conservation Program

#### SUMMARY OF 1954-55 EXPENDITURES BY AGENCY, BY FUND, AND BY TYPE OF APPROPRIATION

- A. Summary of Proposed New Appropriations for 1954-55
- B. Summary of 1954-55 Estimated Expenditures From Carry-over Appropriations
- C. Statement of Fund Condition—Capital Outlay and Savings Fund
- D. Analysis of 1954-55 Program by Agency and Project

## STATE BUILDING PROGRAM

## SUMMARY OF PROPOSED NEW APPROPRIATIONS FOR 1954-55

The following table summarizes the proposed new appropriations for the 1954-55 Fiscal Year for the State Building Program. The major projects are shown by departments in order of priority. Detailed explanation and description of each project is contained in the analysis following this table. Estimated expenditures in 1954-55 from "carry-over appropriations" are discussed in the following table.

LINE	AGENCY AND PROJECT	PROPOSED NEW APPROPRIATIONS	
		FROM CAPITAL OUTLAY AND SAVINGS FUND	FROM SPECIAL FUNDS
1			
2	Department of Agriculture:		
3	Plant Quarantine Station—Fort Yuma, site acquisition and construction	\$152,800	—
4	Plant Quarantine Station—Alturas, site acquisition	750	—
5	Minor construction and improvements	17,300	—
6			
7	Totals, Department of Agriculture	\$170,850	—
8			
9	Poultry Improvement Commission:		
10	Additional facilities for new turkey testing project	—	\$18,480 <sup>a</sup>
11			
12	Department of Corrections:		
13	Soledad Prison—Additional cell building—480 capacity	\$1,194,000	—
14	New Medium Security Prison—Working plans for institution of 1,812 capacity	533,000	—
15	Chino Prison—Tehachapi Farm Branch—Recondition facilities for 500 capacity	609,500	—
16	Temporary Facility—(San Luis Obispo)—Temporary facility for 600 capacity	490,000	—
17	Correctional Facility, Chino—Working plans for institution for older men—1,000 capacity	171,000	—
18	Chino Prison—Additions to west dormitory, 100 capacity	295,650	—
19	Minor construction and improvements	294,660	—
20			
21	Totals, Department of Corrections	\$3,587,810	—
22			
23	Department of the Youth Authority:		
24	Youth Training School—Site purchase	\$200,000	—
25	Paso Robles School—Restricted detention building	233,100	—
26	Preston School—Control and counseling center	188,800	—
27	Preston School—Firehouse replacement	36,450	—
28	Minor construction and improvements	113,460	—
29			
30	Totals, Department of the Youth Authority	\$771,810	—
31			
32	Department of Education:		
33	San Jose College—Additional boiler	\$59,500	—
34	San Francisco College—Health Clinic	139,000	—
35	School for Deaf, Berkeley—Gymnasium	458,900	—
36	Humboldt College—Wild Life Management Laboratory	85,192	—
37	School for Deaf, Berkeley—Athletic Field	214,700	—
38	San Diego College—Education Classroom Building	486,800	—
39	San Francisco College—Demonstration School Playfield	76,000	—
40	Fresno College—Physical Science Building completion	273,590 <sup>f</sup>	—
41	Long Beach College—Administration Building	507,000	—
42	Polytechnic College—(Kellogg)—Completion of Science Building	1,037,000	—
43	San Jose College—Classroom building	1,380,925	—
44	San Jose College—Completion of Library Building	746,000	—
45	San Francisco College—Additional boiler	55,800	—
46	Polytechnic College (San Luis Obispo)—Working plans for first unit of Engineering Building	70,500	—
47	Minor construction and improvements	464,290	\$125,400
48	Minor construction and improvements	—	141,590
49			
50	Totals, Department of Education	\$6,055,197	\$266,990
51			
52	University of California:		
53	Berkeley—Classrooms, building	\$2,458,000	—
54	Los Angeles—Conversion and alteration of existing buildings	900,000	—
55	Equipment for New Departments:		
56	Los Angeles—New Medical Center	700,000	—
57	Mt. Hamilton—Instrumentation of 120-inch telescope	100,000	—
58	Riverside—Final increment of initial equipment	100,000	—
59	Minor construction and improvements	362,150	—
60			
61	Totals, University of California	\$4,620,150	—
62			
63	Department of Finance:		
64	Buildings and Grounds Division:		
65	Alterations and improvements, Los Angeles State Building	\$139,500	—
66	Replace and repair roof and gutters, San Francisco State Building	24,500	—
67	Alterations to office quarters, State Treasurer, Sacramento	56,000	—
68	Improvement to elevators, State Building, San Francisco	68,000	—
69	Lunch room (snack bar), State Building, San Francisco	31,900	—
70	Conversion of existing Printing Plant, Sacramento	375,000	—
71	Lunch room (snack bar), Personnel Building, Sacramento	17,800	—
72	Minor construction and improvements	18,422	—
73			
74	Totals, Buildings and Grounds Division	\$731,122	—
75			
76	<sup>a</sup> Fair and Exposition Fund		
77	<sup>b</sup> State College Fund		
78	<sup>f</sup> In addition \$327,510 is available in Chapter 33, Statutes of 1950 (General Fund) accruing from sale of one of the campuses.

Military Department—Unallocated balance, \$26,252.

Veterans' Home—Equipment for hospital wing and recreation center, \$107,650.

## ANALYSIS OF 1954-55 PROGRAM BY AGENCY AND PROJECT

## Department of Agriculture

## GENERAL ANALYSIS

The Capital Outlay Program of the Department of Agriculture has been and is directed toward the replacement of inadequate plant quarantine and fruit and vegetable standardization stations and the construction of animal and poultry disease diagnostic laboratories located so as to most efficiently serve the poultry and livestock industry.

Many of the inspection stations were constructed during or prior to the depression years and some were intended for use as seasonal facilities only. Because of obsolescence and greatly increased traffic volume, the construction of new stations is considered essential.

The program as proposed for the 1954-55 Fiscal Year together with the projects previously approved will substantially complete the major capital outlay plan of the department for the immediate future.

## PROJECTS PROPOSED FOR 1954-55

Project and Description	Expenditure*
<b>Plant Quarantine Station, Fort Yuma (COSF)</b> .....	<b>\$152,800</b>
Site acquisition .....	\$15,000
Construction .....	136,600
Equipment .....	1,200
The existing station was constructed over 20 years ago and is situated on leased property. Planned realignment of the highway will bypass the present station requiring relocation. The new station is to be of the type adopted as standard by the department for anticipated traffic volume.	
<b>Plant Quarantine Station, Alturas—Site Acquisition (COSF)</b> .....	<b>750</b>
The station is now situated on land held by the U. S. Government on behalf of Indians. Such land is not available on a long-term lease. Construction funds are available and to permit construction to proceed purchase of the necessary site is proposed.	
<b>Minor Construction and Improvements (COSF)</b> .....	<b>17,300</b>
The recommended projects are necessary to realize the maximum value from existing facilities and to provide a safe entry and egress from the Banning-Beaumont Standardization Inspection Station. (See agency budget hereafter for detail of projects.	
<b>Total, Department of Agriculture—Proposed New Appropriation (COSF)</b> .....	<b>\$170,850</b>

## Poultry Improvement Commission

## GENERAL ANALYSIS

The program provides additional funds for the establishment of the necessary facilities for a new project for testing turkey breeding stock. The original project was authorized by the Legislature as an amendment to the Budget Act of 1953 (Item 289.1).

## PROJECTS PROPOSED FOR 1954-55

Project and Description	Expenditure*
<b>Additional Facilities (F&amp;EF)</b> .....	<b>\$18,480</b>
This additional amount together with the \$76,500 appropriated by the Budget Act of 1953 will be for the following project development:	
Site .....	\$7,500
Living quarters (one house and one duplex) .....	25,000
Brooding houses .....	26,600
Fencing .....	7,000
Feeding equipment .....	13,880
Roadways .....	2,000
Water system .....	4,000
Storage building .....	3,000
Shelters and shade .....	6,000
<b>Total</b> .....	<b>\$94,980</b>

\* Unless indicated otherwise, expenditures are estimated from proposed new appropriations.

## DEPARTMENT OF CORRECTIONS

## GENERAL ANALYSIS

The long-range capital outlay program of the Department of Corrections is designed to provide for population increase, reducing overcrowding, reducing the number of inmates housed in temporary structures, and structural renovation at the oldest prisons. Total California prison populations per 100,000 state population has varied from a high of 154 in 1934, a depression year, to 64 in 1944, a war year, after which it climbed to 114 on June 30, 1953, and is expected to continue to climb to 124 by June 30, 1960. The 1954-55 program represents an austerity program in preparation for additional capacity only. Inasmuch as the total prison population is expected to increase approximately 1,000 per year until July 1, 1955, when the next permanent prison (Vacaville) is scheduled to open, and with the Terminal Island facilities to be recalled by the Department of the Navy in July, 1955, the 1954-55 Budget includes proposals to reactivate two facilities to provide immediate overcrowding relief in the 1954-55 Fiscal Year, and funds for working drawings and/or construction of initial increments of permanent facilities for later activation. The construction of permanent facilities provides for a separate cell for each inmate and proper segregation of types so that the rehabilitation program can operate at maximum efficiency. The program is designed for minimum construction costs; using inmate labor inside the walls in secure prisons, such as Folsom and San Quentin, and contract labor for rehabilitation and reactivation of facilities to open in 1954-55. New prisons are being planned with a cluster of housing units around central utilities and service units. The latter will provide for economies in operating costs, as will a plan with locked cells rather than open dormitories to minimize night custodial coverage. As of June 30, 1953, 3,166 of the total 13,792 inmates were housed in overcrowded conditions. With 18,000 inmates expected by June 30, 1960, and the probable return of the Terminal Island facilities to the U. S. Navy Department by July, 1955, it is most important that expanded facilities be provided as soon as possible.

<sup>a</sup> Population.

<sup>b</sup> Inmates housed in permanent building within rated capacity (includes isolation, segregation, detention and guidance center sections, but not hospitals).

<sup>c</sup> Includes buildings of other than reinforced concrete or equipment construction but designed for use 20 years or more.

<sup>d</sup> Includes prefabricated steel buildings.

<sup>e</sup> Inmates housed in permanent, semipermanent and temporary buildings above rated capacity. (Population under capacity not deducted.)

<sup>f</sup> Medical facility—Terminal Island—expect to return to U. S. Navy Department by July, 1955.

<sup>g</sup> Medical facility—Vacaville—reception center to be completed.

<sup>h</sup> Medical facility—Vacaville—farm workers dormitory—working plans to be proposed in 1955-56.

<sup>i</sup> Temporary facility—to be discontinued as permanent facilities are completed. Construction proposed in 1954-55.

<sup>j</sup> California correctional facility at Chino—working plans proposed in 1954-55.

<sup>k</sup> Chino—additions to West Dormitory (100 capacity)—construction proposed in 1954-55.

<sup>l</sup> Chino—three outside cell buildings (500 capacity)—construction to be proposed in 1955-56.

<sup>m</sup> Chino—Tehachapi Farm Branch—construction proposed in 1954-55.

<sup>n</sup> Folsom—temporary reactivation of old cell block.

## PROJECTS PROPOSED FOR 1954-55:

Project and Description	Expenditures *
<b>Soledad Prison—Additional Cell Buildings (COSF)</b>	\$1,194,000
Construction	\$1,084,000
Equipment	110,000

This unit is planned for an initial capacity of 480 medium security inmates and an eventual capacity of 1,200. Individual locked cells will be provided to minimize the number of correctional officers required on the night shift. Construction will be of relatively inexpensive, precast concrete or concrete block. Because of the large number of inmates to be housed therein and for proper inmate segregation, the unit will eventually include the following structures in addition to cell blocks; administration, hospital clinic, kitchen, mess halls, boiler plant, vocational and maintenance shops, library, chapels, control station and canteen, entrance gate control, garage and fire station, and parking space. This facility will use laundry, bakery, and hospital facilities of the main institution. 1954-55 construction, however, would provide only for cell blocks, dining and day rooms. This facility will initially be additional capacity, but ultimately will replace the temporary farm barracks. It will open in the 1956-57 Fiscal Year. Original complements of equipment, \$110,000 will be confined to furnishings for cells, dining and day rooms only.

**New Medium Security Prison—Working plans (COSF)**
533,000

This proposal represents 4 percent of the construction cost of \$13,325,000 for a 1,812 capacity institution required to meet the increasing population and to relieve overcrowding in the department. The institution is planned to provide greater overall capacity with four separate cell block units, each with its own mess hall, classrooms, and recreation areas, clustered about a central administration building, hospital, kitchen, laundry, commissary and powerhouse. This plan is designed to permit larger capacity in one institution, maintain inmate segregation by types of inmates, and take advantage of operating economies by centralized service and utility units. If working plans are provided in 1954-55, construction funds would be proposed in 1955-56 with the institution being scheduled to open during 1959-60. Selection of a site is anticipated in the current fiscal year.

<sup>a</sup> Population.

<sup>o</sup> San Quentin—construction of 80 capacity farm dormitory proposed in 1954-55.

<sup>p</sup> Soledad—construction of new cell building (480 capacity) proposed in 1954-55; enlargement to 1,200 capacity to be proposed in 1955-56.

<sup>q</sup> New medium security prison—working plans to be proposed in 1954-55.

<sup>r</sup> Deuel—reception-guidance center—working plans to be proposed in 1955-56.

\* Unless indicated otherwise, expenditures are estimated from proposed new appropriations.

## DEPARTMENT OF CORRECTIONS—Continued

## PROJECTS PROPOSED FOR 1954-55—Continued

Project and Description	Expenditures *
<b>Chino Prison—Tehachapi Branch (COSF)</b> -----	<b>\$609,500</b>
Construction -----	\$384,500
Equipment -----	225,000
This proposal is to reactivate the former women's prison to house 500 minimum and medium security male inmates. The project has been reduced to an absolute minimum to make the presently existing buildings habitable. The work is planned on a contractual basis for completion early in the 1954-55 Fiscal Year. Original complement of equipment in the amount of \$225,000 is proposed to equip this branch institution, which will be complete in itself, with the exception of full hospital facilities.	
<b>Temporary Facility—(San Luis Obispo) (COSF)</b> -----	<b>490,000</b>
Construction -----	\$190,000
Equipment -----	300,000
This proposal is to rehabilitate the hospital section of Camp San Luis Obispo, owned by the State of California, and leased to the U. S. Department of the Army, to operate as a 600 inmate State facility, mostly for elderly and chronically infirm inmates. As in the case of Tehachapi, the project has been reduced to an absolute minimum and will be performed on a contractual basis for occupancy during the 1954-55 Fiscal Year. Original complements of equipment, \$300,000, will be required to equip this complete institution.	
<b>California Correction Facility at Chino—Working plans (COSF)</b> -----	<b>171,000</b>
This proposal is for 4 percent of an estimated \$4,273,000 construction cost to provide a permanent institution for 1,000 elderly and chronically infirm inmates on the property of the Chino institution. It will be a complete institution in itself. Because of its location, no site will have to be purchased and special technical medical personnel should serve both this facility and the Chino institution.	
<b>Medical Facility—Equipment Purchase (COSF)</b> -----	<b>927,484a</b>
For Unit 1—permanent facility (Budget Act of 1950, Item 286)-----	\$356,484
For Unit 4—recreation, maintenance shops, library, chapel, gymnasium-auditorium, classrooms, vocational shops, garage and service station (Budget Act of 1953, Item 209b)-----	405,000
For Unit 5—Reception-Guidance Center, cell rooms, mess hall, classroom and day room (Budget Act of 1953, Item 290c)-----	166,000
<b>Chino Prison—Additions to West Dormitory (COSF)</b> -----	<b>295,650</b>
Construction -----	\$277,650
Equipment -----	18,000
These additions will provide 100 additional minimum and medium capacity at a reasonable cost. It will be of concrete construction and will utilize existing day rooms and toilet facilities. Original complements of equipment will be limited to items directly related to the cell block, guarding costs consist of two correctional officers for the six-month construction period to prevent passage into the construction area of the 264 men already housed in the west dormitory.	
<b>Minor Construction and Improvements (COSF)</b> -----	<b>294,660</b>
Total departmental minor construction, improvements, repairs, and equipment is proposed at a reduced figure from 1953-54, and is confined to items that are mandatory and necessary to provide additional capacity, security, and program, for institutions in a department with an increasing population and overcrowding. Guarding and nominal pay for inmate work crews have generally been included, in accordance with Chapter 630, Statutes of 1953. (See agency budgets for detail of projects.)	
<b>Total, Department of Corrections</b> -----	<b>\$4,515,294</b>
Proposed new appropriations (COSF)-----	3,587,810
Carry-over appropriations (COSF)-----	927,484

\* Unless indicated otherwise, expenditures are estimated from proposed new appropriations.

a Denotes an expenditure estimated from "carry-over appropriations" previously enacted by the Legislature.

## Department of the Youth Authority

## GENERAL ANALYSIS

The capital outlay program of the Department of the Youth Authority is planned to replace existing inadequate facilities and to meet the capacity requirements resulting from the increased California juvenile population. The demand for additional capacity is being alleviated to some extent by a program of encouraging improvements in juvenile law enforcement improvements, and increased use of probation, increased use of county juvenile homes and camps (subsidized by the State at one-half cost or not to exceed \$95 per month per ward), reducing the ward's time in the institutions, and increased use of parole. The latter two parts of the program include the time the youths are wards of the Youth Authority. The effectiveness of this part of the program will be significantly improved when the two reception centers are opened in summer, 1954.

The Youth Authority may refuse new commitments if facilities are not available pursuant to Section 1731.5 of the Welfare and Institutions Code. This prevents overcrowding in the institutions, although a backlog of boys and girls in county jails awaiting admission to Youth Authority facilities after acceptance by the Youth Authority is a constant problem.

<sup>a</sup> Sections 1731.5 and 1736 of the Welfare and Institutions Code provides that the Youth Authority may accept commitments if facilities are available. Because of these sections of the code, the Youth Authority does not have resident population in excess of total capacity. Population is estimated at approximately 95 percent of total capacity, less hospital and detention capacity, to allow for turnover.

<sup>b</sup> Capacity in permanent buildings not scheduled for replacement.

<sup>c</sup> Housing capacity in temporary buildings or buildings scheduled for replacement.

<sup>d</sup> Includes clinic operated at Preston up to summary, 1954, when separate clinics will be in operation.

<sup>e</sup> Capacity in existing dormitories will be reduced as new facilities are placed in operation.

<sup>f</sup> These wards will come from the counties and Preston and not as transfers from the Deuel Vocational Institution at Tracy.

## Department of the Youth Authority—Continued

## PROJECTS PROPOSED FOR 1954-55

Project and Description	Expenditure <sup>a</sup>
<b>Youth Training School—Site Acquisition and Construction (COSF)</b> -----	\$200,000
This institution for boys is authorized by Section 1250 of the Welfare and Institutions Code which provide for "an institution for the confinement of males to be known as the Youth Training School." This school will ultimately house 600 wards in the 16 to 21 age group. The primary emphasis of the school program will be vocational and educational. The need for this additional facility results from the fact that an increasing number of older boys with worse records are being committed. The increasing state population results in increased commitments although greater use of local facilities, while partly offsetting the increase, results in older, more experienced boys being committed.	
The appropriation includes authorization for construction so that site clearance and development will be possible should such be a necessary condition for utilization of site.	
<b>Fred C. Nelles School for Boys—Equipment for Restricted-detention Building (COSF) (Budget Act of 1953, Item 304)</b> -----	11,515 a
<b>Paso Robles School for Boys—Restricted-detention Building (COSF)</b> -----	233,100
Construction -----	\$225,300
Equipment -----	7,800
This building, with 40 single rooms, replaces a 30-bed temporary, dormitory-type unit. Proper segregation and control of inmates is virtually impossible in the existing, open dormitory-type structure. The increased age level of the wards together with the 150 per cent population increase at this institution result in an urgent need for this permanent restricted-detention unit.	
<b>Preston School of Industry—Control and Counseling Center (COSF)</b> -----	188,800
Construction -----	\$181,600
Equipment -----	7,200
This unit is the first part of a two increment replacement of the present administration building. The existing building has been condemned by the Fire Marshal. The new facilities will be located near the new dormitories and will result in reduced inmate movement.	
<b>Preston School of Industry—Fire House Replacement (COSF)</b> -----	36,450
Construction -----	\$35,000
Equipment -----	1,450
The present fire house, little more than a garage, is located outside of the new security area and does not have living quarters. For proper fire protection, the present fire house should be replaced with a new structure including living quarters and a hose-drying tower and should be located within the security area.	
<b>Preston School of Industry—Equipment for Vocational Trade Building, Kitchen and Bakery, Commissary Building, Two Dormitories (COSF) (Budget Act of 1953, Item 307)</b> -----	67,500 a
<b>Los Guilucos School for Girls—Equipment for Auditorium-chapel, Two Girls Dormitories, School Building (COSF) (Budget Act of 1952 and 1953, Items 309 and 322)</b> -----	48,915 a
<b>Minor Construction and Improvements (COSF)</b> -----	113,460
This includes only the most urgent projects for the forestry camps and institutions of the Department of the Youth Authority. (See agency budgets hereafter for detail of projects.)	
<b>Total, Department of the Youth Authority</b> -----	\$899,740
Proposed new appropriations (COSF) -----	771,810
Carry-over appropriations (COSF) -----	127,930

\* Unless indicated otherwise, expenditures are estimated from proposed new appropriations.

<sup>a</sup> Denotes an expenditure estimate from "carry-over appropriations" previously enacted by the Legislature.

## DEPARTMENT OF EDUCATION

## GENERAL ANALYSIS

**State Colleges:** There are, at present, 11 established state colleges and technical schools, six of which are operating in permanent quarters which have been built to handle enrollments experienced prior to World War II. The California State Polytechnic College, located at San Luis Obispo, with branches at San Dimas and the Kellogg Ranch, and the California Maritime Academy at Vallejo, also have been operating permanent sites, but principally occupying temporary structures. Three new colleges have been established during the last six years, one of which is still operating in rented facilities in Los Angeles, while the other two are operating new campuses in Long Beach and Sacramento.

A major portion of the capital outlay funds appropriated since 1946 for educational purposes has been used to design and construct portions of four new state college campuses at San Francisco, Fresno, Long Beach, and Sacramento. Long Beach State College has been operating in temporary structures pending completion of permanent buildings in 1954-55. Sacramento State College has already occupied its original six buildings, with six additional structures scheduled for completion during the budget year. San Francisco State College will move completely to its new campus during 1954-55, and must immediately limit enrollment until further classroom facilities are provided. Fresno State College has also been budgeted sufficient buildings to permit a complete move to its new campus during 1955-56.

Despite gains made by new construction, the colleges are becoming more overcrowded, due to unexpectedly large enrollment growth. In 1939-40, the highest prewar enrollment of the State College System was 10,376 full-time equivalent students, while 1953-54 current enrollments are 29,098 full-time students. Department of Finance estimates project the number of state college students in 1960 at 46,300, and in 1965 at 62,600.

During 1954-55, construction funds are provided primarily to meet this growing problem of overcrowding and to permit the maximum utilization of existing facilities in absorbing post-Korean enrollments. Additional classrooms are being provided first at those colleges where imminent pressure of enrollments are overtaking present facilities, rather than at this time attempting to add new institutions.

**Special Schools:** At present, residence schools for the deaf and blind exist at Berkeley, both housed in recently expanded or modernized quarters. A new School for the Deaf at Riverside began operations with 50 students in February, 1953. During the current year it is operating at 225 students, its present capacity, pending construction of a second unit of buildings which should be completed during the 1955-56 Fiscal Year. Residential schools for cerebral palsied children have been established in temporary rented quarters in both Northern and Southern California. The northern school will move to its new permanent home on the San Francisco State College campus during the budget year. In addition, one residential orientation center for intensive training of the blind, and three nonresidential sheltered workshops for the blind are operated in permanent quarters in Los Angeles, Oakland, and San Diego. The shops in San Diego and Oakland are housed in older structures. The Los Angeles shop is in adequate quarters recently acquired by the State.

During the 1954-55 Fiscal Year, the only major plant additions are planned at the School for the Deaf at Berkeley. Recent expansion of dormitories and classrooms has left this residential institution with completely inadequate gymnasium facilities, and with its playfield usurped in part by the building expansion.

## DEPARTMENT OF EDUCATION—Continued

## POPULATION AND CAPACITIES

The following table outlines the actual enrollments in the several state colleges and special schools for the 1951-52 and 1952-53 Fiscal Years, and the estimated enrollments for 1953-54 through 1958-59:

ACTUAL AND ESTIMATED ENROLLMENTS  
FULL-TIME EQUIVALENT STUDENTS

COLLEGE	ACTUAL			ESTIMATED <sup>a</sup>				
	1951-52	1952-53	1953-54	1954-55	1955-56	1956-57	1957-58	1958-59

Totals, Special Schools	620	698	872	918	1,064	1,074	1,079	1,084
<b>GRAND TOTAL</b>	<b>25,136</b>	<b>26,773</b>	<b>29,970</b>	<b>31,953</b>	<b>34,094</b>	<b>36,529</b>	<b>39,059</b>	<b>40,389</b>

The present permanent buildings and the buildings under construction or financed by current appropriations will not adequately house the above enrollments. The following table indicates by percentage the extent to which present and financed buildings fill the need for the 1958-59 enrollments for instructional and noninstructional facilities:

STATE COLLEGE	Estimated Enrollment (F. T. E.) 1954-55	Estimated Enrollment (F. T. E.) 1958-59	Percent of financed or completed classrooms of 1958-59 enrollment needs (F. T. E.) as of		Percent of total permanent plant financed or completed based on ultimate enrollment needs (F. T. E.) as of	
			June 30, 1954	June 30, 1955	June 30, 1954	June 30, 1955
Chico	1,300	1,500	73	73	55	55
Fresno	3,250	3,600	68	73	48	53
Humboldt	650	850	88	88	45	45
Long Beach	2,000	4,300	61	61	50	50
Los Angeles	3,500	5,000	—	—	—	—
Sacramento	1,800	2,500	63	63	63	63
San Diego	4,350	5,000	58	62	57	62
San Francisco	4,500	5,000	68	68	68	68
San Jose	6,000	6,000	68	68	68	68
California Polytechnic College:						
San Luis Obispo	3,060	3,700	47	47	45	45
Kellogg-Voorhis	425	1,380	40	60	15	22
California Maritime Academy	200	200	85	85	52	52

<sup>a</sup> These estimates of future enrollments, based on projections in the Report of the Survey of the Needs of Higher Education in California, are unrealistically conservative in light of more recent population estimates. Total enrollment in 1958-59 is more likely to reach 43,000.

## DEPARTMENT OF EDUCATION—Continued

## PROJECTS PROPOSED FOR 1954-55:

Project and Description	Expenditure *
<b>San Jose State College—Additional Boiler (COSF)</b> ----- The San Jose heating plant is already at capacity, with the speech and drama, men's physical education, library addition, and other new buildings still to be added. In order to heat these new buildings, already financed and under construction, this boiler must be provided.	\$59,500
<b>San Francisco State College—Health Center (COSF)</b> ----- Construction ----- \$121,000 Equipment ----- 18,000	139,000
This project will provide a student health center which will replace temporary facilities now being used at the new campus site. A new state college student health program, partially paid for by student fees, is being inaugurated at all colleges. This particular building will be the minimum required to meet the recommended program. It will house doctors' offices and examination rooms, nurses' quarters, with provision for minor treatment and laboratory facilities.	
<b>School for the Deaf, Berkeley—Gymnasium (COSF)</b> ----- Construction ----- \$439,400 Equipment ----- 19,500	458,900
The present gymnasium was designed in 1914 for a school of less than 200 students. This residential school for the deaf now has approximately 450 students, thereby completely overtaxing this facility. This project provides a new gymnasium for the School for the Deaf, with a standard basketball court and showers and lockers for both boys and girls. Completion of the structure will permit transfer of the use of the present building to the School for the Blind, which has no gymnasium of its own.	
<b>Humboldt State College—Complete Fisheries Building, Raceways, and Ponds (COSF)</b> ----- This second unit of the wildlife management project will provide additional troughs to complete the Hatchery Building; provide tank, piping filters, water circulation, etc., within the building and at the following proposed outside installations: earth pool, six circular concrete pools, concrete raceway and necessary site work.	85,192
<b>School for the Deaf, Berkeley—Athletic Field (COSF)</b> ----- This project will provide a one-fifth mile track and a standard football field but will not include a grandstand. The former playfield for this school was partially destroyed when additional dormitories were added to increase the capacity of the school in the past few years. The playfields are essential for a proper intramural and interscholastic sports program, such as track, football, and baseball, and will provide possibilities for other recreation outlets to the major portion of the student body who are residents seven days a week for the entire school year.	214,700
<b>San Diego State College—Education Classroom Building (COSF)</b> ----- Construction ----- \$437,000 Equipment ----- 49,800	486,800
This project will provide seven additional classrooms and related work areas for the Education department, and permit centralization of all educational and teacher training facilities in the same campus area. At present the education department is dispersed in several temporary structures of poor quality throughout the campus. Classroom facilities at this state college are the lowest for enrollment needs at any of the already established campuses, and the currently accelerated growth at this school makes mandatory the proper housing of this division.	
<b>San Francisco State College—Demonstration School Playfield, Construction (COSF)</b> ----- This project will include fencing, paving, and related playground equipment for playgrounds adjacent to the demonstration elementary school site. The San Francisco City School District will complete by July 1, 1955, a new million dollar demonstration elementary school which will be operated by the state college. As part of the agreement the State is furnishing the playgrounds..	76,000
<b>Fresno State College—Completion of Physical Science Building</b> ----- Construction (COSF) ----- \$237,490 Construction (GF) ----- 327,510 <sup>a</sup> Equipment (COSF) ----- 36,100	601,100
This project provides the physics wing to the new physical science building already appropriated. This wing was originally included in the scope of the science building, but was deleted because of inadequate financing. The building will contain physics laboratories and shops, an electronics laboratory, departmental offices, lecture rooms and equipment rooms. In order to permit moving to the new Fresno campus, this physics wing in mandatory. The project will be partly financed from funds received for the sale of a prior campus site made available by Chapter 33, Statutes of 1950.	
<b>Long Beach State College—Administration Building (COSF)</b> ----- Construction ----- \$474,000 Equipment ----- 33,000	507,000
This project will house the administrative officers of the college, the registrar and student activities offices, the admissions office and business office. Present facilities in temporary structures are completely inadequate, and the administrative functions of the college are beginning to suffer due to the unusually large growth at this school. Completion of this new structure will permit the presently occupied temporary buildings to be returned to classroom use as originally contemplated.	

\* Unless indicated otherwise, expenditures are estimated from proposed new appropriations.

<sup>a</sup> Denotes an expenditure estimated from "carry-over appropriations" previously enacted by the Legislature.

## DEPARTMENT OF EDUCATION—Continued

Project and Description	Expenditure *
<b>Polytechnic College (Kellogg Campus)—Completion of Science Building (COSF)</b> -----	<b>\$1,037,000</b>
Construction -----	\$800,000
Equipment -----	237,000
This project completes the science building at the Kellogg campus, originally appropriated in 1953-54. This additional appropriation is necessary in order to provide an effective, operable, instructional unit for the 1,000 students estimated for the Kellogg campus by 1956. A total of 26 laboratories and eight lecture rooms will be provided, as well as office space for 36 faculty members.	
<b>San Jose State College—Classroom Building (COSF)</b> -----	<b>1,380,925</b>
Construction (COSF) -----	\$1,283,700
Equipment (COSF) -----	97,225
This project will provide classrooms, lecture halls and laboratories plus offices and necessary appurtenances for the psychology, social science, philosophy and audio-visual departments. At the present time the students in these departments are housed entirely in temporary quarters. The current full-time enrollment in the classes contemplated to use facilities is 1,616 students.	
<b>San Jose State College—Completion of Library Building, Construction (COSF)</b> -----	<b>746,000</b>
This addition to the existing and planned portions of the library will provide a total student-station capacity of 1,500 in the reading areas. A portion of the total library building was financed in 1953-54. This portion is contemplated to be almost entirely reading areas and divisional libraries, with a minimum of stack area. These funds, if made available, will permit economical construction of the entire unit, including the portion for which funds were appropriated last year.	
<b>San Francisco State College—Additional Boiler, Construction (COSF)</b> -----	<b>55,800</b>
This state college is already operating on an overload situation for its heating plant, with no standby facilities. With new buildings yet to be put into operation in the budget year, this boiler is mandatory to provide sufficient capacity for operation at the new campus.	
<b>Polytechnic College (San Luis Obispo Campus)—Working Plans and Specifications for First Unit of Engineering Building (COSF)</b> -----	<b>70,500</b>
These funds will allow the working plans and specifications for the project to progress to the contract estimate stage. The project, when funded, will provide 34 laboratories and classrooms. This will assure a minimum of time lapse between the funding and completion of project.	
<b>School for Cerebral Palsied Children, Northern California—Equipment (COSF) (Chapter 1765, Statutes of 1953)</b> -----	<b>111,320 a</b>
Construction of the new school is budgeted for the 1953-54 year. Equipment purchases from continuing appropriation (Chapter 1765, Statutes of 1953) are planned in the 1954-55 year.	
<b>Minor Construction and Improvements</b> -----	<b>731,280</b>
(COSF) -----	\$464,290
(SCF) -----	125,400
(F&EF) -----	141,590
To provide for several urgent improvement and alteration projects (see agency budgets for project details).	
<b>Total, Department of Education</b> -----	<b>\$6,761,017</b>
Proposed new appropriations (COSF) -----	6,055,197
Proposed new appropriations (SCF) -----	125,400
Proposed new appropriations (F&EF) -----	141,590
Carry-over appropriations (COSF) -----	111,320
Carry-over appropriations (GF) -----	327,510

\* Unless indicated otherwise, expenditures are estimated from proposed new appropriations.

a Denotes an expenditure estimated from "carry-over appropriations" previously enacted by the Legislature.

## UNIVERSITY OF CALIFORNIA

## GENERAL ANALYSIS

Based on conservative assumptions it is estimated that the University's total fall semester enrollment will be 36,900 in 1955, 56,700 in 1960, and 76,100 in 1965, with continuing increases to be expected beyond 1965.

The impact of such enrollments can be judged, at least roughly, from the fact that the University's total enrollment in 1935 was 20,105—or approximately the amount of increase in number of students predicted for each of the five-year periods beginning in 1955 and 1960. The conditions of 1935 constitute a good basis for comparisons in terms of building space, for the actual total per-student floor areas at that time were about what is now regarded as normal. Disregarding research activities and the increasing average space requirements of a student body with a growing proportion of upper division and graduate students, the University's physical plant would have to be expanded every five years by as much as the total building space existing in 1935 to keep physical expansion in pace with the enrollments predicted for 1955 to 1965, which will greatly exceed the University's postwar peak of 43,426 students (Fall 1949) before 1960.

The largest groups of the University's students are located where recently appointed local chief administrative officers have not had sufficient time to analyze and define long-range educational programs in the detail which should serve as the basis of long-range building programs. Furthermore, the problem of planning for future enrollments can not be solved independently for each campus, or even for the total University alone. The estimate that the University's Fall 1952 enrollment of 33,770 will increase to 76,100 by 1965 is only part of the estimate that, for every 100 students in California's publicly supported colleges and University in 1952, there will be 215 by the middle of the next decade—and that, at that time, there will be 255 students graduating from California's public high schools for every 100 who graduated in 1952.

California's state colleges and publicly supported junior colleges are also faced by approaching tremendous enrollment increases. The estimates of demands in 1965 are, in fact, far greater than the capacities proposed by "A Report of a Survey of the Needs of California in Higher Education," prepared by a committee appointed by the Liaison Committee of the Regents of the University of California and the State Board of Education, in accordance with Chapter 57, Statutes of 1947, and published March 1, 1948. They are greater by 27,600 in the case of the University, 23,400 in the case of the state colleges, and 10,700 in the case of the junior colleges. The problem of projecting educational and physical expansion programs is one which must be approached on a state-wide socio-economic basis and not merely from an educational viewpoint. The State's ability to support such an expansion program must be a major, if not the determining, consideration. Extensive studies are being undertaken in cooperation with other institutions, both public and private within and without California to determine the costs of higher education and the future demands on the State to finance higher education.

In view of all these circumstances—authoritative predictions of greater approaching enrollments than ever before expected, the shortness of time in which to analyze the implications of those predictions, and the forthcoming over-all survey—the University administration has not submitted their usual long-range building program. The State's original postwar building program (1946) included a long-range priority list of unfunded projects for each state institution and agency. The University revised its long-range priority list in 1950, in 1951, and in 1952, as requested on each of those occasions by the Director of Finance.

No previous revision of the University's long-range building program has involved many significant changes, either in priorities or in total scope. There would be equally slight changes in any revision made at this time by the University. It would be unrealistic to present such a program organized in terms of the existing campuses when by 1965, the University will have at least 25,000 more students than those campuses are now planned to accommodate in accordance with the approved recommendations of the 1948 Report.

No more accurate indications of the magnitude of the University's total long-range building needs can be given than the previous long-range programs until the findings of the survey of higher education authorized by the 1953 Legislature are available. The 1954-55 capital outlay program is limited to those projects which are required to meet existing critical needs.

## PROJECTS PROPOSED FOR 1954-55:

Project and Description	Expenditures *
<b>New Classroom Building, Berkeley (COSF)</b> -----	\$2,458,000
These classrooms will house the art, decorative art, and anthropology departments which are now housed in temporary and inadequate facilities.	
<b>Conversion and Alteration of Existing Buildings, Los Angeles (COSF)</b> -----	900,000
The construction of new buildings on the Los Angeles campus in recent years has made possible a removal of certain departments from quarters which they have long occupied. The space vacated must be rehabilitated for proper use by other departments and include the physics building (\$500,000 of which \$100,000 is to be provided from the Fair and Exposition Fund), Royce Hall (\$350,000), and the education building (\$150,000).	
<b>Equipment for New Departments (COSF)</b> -----	900,000
Initial complement of equipment projects includes the College of Letters and Science at Riverside (\$100,000), the final increment for the Medical Center at Los Angeles (\$700,000), and the final increment for the 120-inch telescope at Mount Hamilton (\$100,000).	
<b>Projects for Agricultural Purposes (F&amp;EF)</b> -----	1,279,600 a
Physics building conversion to classroom (Los Angeles)-----	\$100,000
Construct reservoir for domestic water supply (Riverside)-----	150,000
Construct greenhouse and headhouse (Riverside)-----	90,000
Construct commissary (Davis)-----	260,000
Construct respiratory control buildings (Davis)-----	95,000
Development of South Coast Field Station (Orange County)-----	240,000
Minor construction-----	344,600
<b>Unallocated by Regents (F&amp;EF)</b> -----	2,260,931 a
<b>Minor Construction and Improvements (COSF)</b> -----	362,150
To provide for urgently needed alteration and improvement. (See agency budget for project detail.)	
<b>Total, University of California</b> -----	\$8,160,681
Proposed new appropriations (COSF)-----	4,620,150
Carry-over appropriations (F&EF)-----	3,540,531

\*Unless indicated otherwise, expenditures are estimated from proposed new appropriations.

a Denotes an expenditure estimated from "carry-over appropriations" primarily enacted by the Legislature.

## DEPARTMENT OF FINANCE

## Buildings and Grounds Division

## 1 GENERAL ANALYSIS

The proposed program contains provision for alterations and improvements to state-owned facilities to relieve overcrowded conditions and to utilize space to its best advantage.

## 6 PROJECTS PROPOSED FOR 1954-55:

Project and Description	Expenditure *
<b>Alterations to State Building, Los Angeles (COSF)</b> -----	\$139,500
In order to more effectively utilize the space recently vacated by the Division of Architecture and the Department of Veterans Affairs, it is proposed to make certain alterations and improvements. The work is to be restricted to those locations where revisions of the existing layouts are required on the first and fourth floors. The program calls for partitions, painting, cleaning, plumbing, air conditioning and electrical alterations.	
<b>Replace and Repair Roof and Gutters, State Building, San Francisco (COSF)</b> -----	24,500
It is proposed to replace the deteriorated slate roof and corroded box gutter linings.	
<b>Alterations, Office Quarters, State Treasurer, Sacramento, (COSF)</b> -----	56,000
The work will consist of: extending the existing mezzanine; relocation of tellers' cages; installation of movable metal partitions, railings and doors; installation of wood counter and rail; relocation of writing stands; extending existing mezzanine stair rail; installing bulletproof glass in existing door grilles and bulletproof louvers in exterior windows; enclosing certain radiators; illuminating offices with fluorescent lighting; acoustic tile ceilings; air conditioning certain areas; redecoration and installation of carpet in certain offices; and installation of dumbwaiter from first to mezzanine floors.	
<b>Improvement to Elevators, State Building, San Francisco (COSF)</b> -----	68,000
It is proposed to modernize these elevators. Current service is inadequate as only two elevators are available for 800 employees and the public in this six floor and basement building. It is anticipated to effect economies in operating expenses with this modernization.	
<b>Lunchroom (Snack Bar), State Building, San Francisco (COSF)</b> -----	31,900
Construction -----	\$11,900
Equipment -----	20,000
It is proposed to establish these facilities in the basement in order to eliminate the eating of lunches in offices and to eliminate personnel loss of time due to leaving the building during the two authorized breaks per day. Proposed facilities would not permit preparation of hot meals on the premises.	
<b>Conversion of Existing Printing Plant Building, Sacramento (COSF)</b> -----	375,000
Study of a practical use for the existing Printing Plant Building, when it is relinquished by the Printing Division some time this year, indicates that it would serve well for the three-fold purpose of State Archives, a record storage center, and general storage.	
There exists a need for the centralization of state archive material, presently stored in three locations, all of which is under the control of the Secretary of State. Space is also rented for the storage of ballot paper at an annual rental of \$1,200. Centralization of state files and other records has not been feasible, due to the lack of adequate area to house such material.	
The available additional area for general storage would relieve the crowded condition in the present state warehouse which should be retained for material requiring track and truck loading. Partial use of the Printing Plant Building would postpone the need for an additional state warehouse in the near future, and would eliminate a warehouse under lease containing 17,000 square feet.	
<b>Equip Lunchroom (Snack Bar), State Building, Sacramento (COSF)</b> -----	17,800
Provision is made for equipping a snack bar in the new state building (Personnel Building) now under construction on the Capitol Mall—Sacramento. Facilities proposed would be of the snack-bar type and would not permit preparation of hot meals on the premises.	
<b>Return of Funds From Construction of Business and Professions Building (GF)</b> -----	—28,164 a
This minus expenditure represents the repayment of General Fund moneys advanced to assist in the construction of the Business and Professions Building. The remaining investment of the General Fund in this building on June 30, 1955, is estimated to be \$89,539. The agencies occupying this building are charged rent at a rate that will meet operating costs and repay the investment of the several funds that financed the cost of construction.	
<b>Minor Construction and Improvements (COSF)</b> -----	18,422
Primarily initial complements of equipment for the operation of new buildings. (See agency budget for project detail)	
<b>Total, Buildings and Grounds Division</b> -----	<b>\$702,958</b>
Proposed new appropriations (COSF)-----	731,122
Carry-over appropriations (GF)-----	—28,164

\* Unless indicated otherwise, expenditures are estimated from proposed new appropriations.

a Denotes an expenditure estimated from "carry-over appropriations" previously enacted by the Legislature.

## DEPARTMENT OF FINANCE

## CALIFORNIA STATE FAIR AND EXPOSITION

## GENERAL ANALYSIS

The proposal for the 1954-55 Fiscal Year represents those projects necessary for continued operations at the present site. Minimum repairs and replacements are proposed essential for safe and sanitary operation under present conditions. Pending decision on the move to the new site, long-range improvements have been deferred.

## PROJECTS PROPOSED FOR 1954-55:

Project and Description	Expenditure *
<b>Remodel Hall of Flowers (F&amp;EF)</b> -----	\$25,000
To rearrange present area and provide an additional 1,486 square feet for the flower arrangement section. This amount will complete the remodeling of this popular exhibit started during the current year.	
<b>Concession Stands (F&amp;EF)</b> -----	45,000
To construct five stands adjacent to the new Exhibits Building.	
<b>Race Horse Barns (F&amp;EF)</b> -----	22,400
To construct two barns to stable additional entries in better class horses and eliminate overcrowded conditions.	
<b>Sanitary Facilities (F&amp;EF)</b> -----	42,090
To provide six additional rest rooms in added areas.	
<b>Warehouse for Service and Supply (F&amp;EF)</b> -----	25,000
To provide concession storage and adequate housing for several service and safety activities.	
<b>Minor Construction and Improvements (F&amp;EF)</b> -----	232,488
For the necessary improvements to existing facilities in order to overcome plant obsolescence and to enable the fair to handle the increased activities related to the increased number of exhibits and exhibitors. (See agency budget for project detail.)	
<b>Total, State Fair and Exposition—proposed new appropriations (F&amp;EF)</b> -----	\$391,978

\* Unless indicated otherwise, expenditures are estimated from proposed new appropriations.

## DEPARTMENT OF FINANCE

## SIXTH DISTRICT AGRICULTURAL ASSOCIATION

## GENERAL ANALYSIS

No additional exhibits are proposed.

## PROJECTS PROPOSED FOR 1954-55:

Project and Description	Expenditures *
Return of Funds From Acquisition of Parking Facilities (GF) -----	—\$38,600 <sup>a</sup>
This minus expenditure represents the estimated repayment on the principal amount advanced. Chapter 1463, Statutes of 1947, provides for the acquisition of real property adjacent to Exposition Park in Los Angeles for parking lot purposes and further that the funds would be repaid with interest from the operations of the parking lot. Item 346, Budget Act of 1953, made an additional appropriation for acquisition of real property with similar provisions.	
Minor Construction and Improvements (F&EF) -----	8,820
Alterations to existing exhibits for continued showing (\$3,820). Preliminary plan preparation for development of a petroleum exhibit for the basement space now vacant (\$5,000). Such plans may serve as a basis to obtain private industry contributions toward exhibit construction. (See agency budget for project detail.)	
Total, Sixth District Agricultural Association -----	—\$29,780
Proposed new appropriations (F&EF) -----	8,820
Carry-over appropriations (GF) -----	—38,600

## DISTRICT AGRICULTURAL ASSOCIATIONS

## GENERAL ANALYSIS

Allocations from continuing appropriation for permanent improvements upon the property of state, citrus, county and district agricultural associations for fair purposes (prescribed by paragraph (c) of Section 19626 of the Business and Professions Code). (F&EF) ----- \$2,204,898<sup>a</sup>

\* Unless indicated otherwise, expenditures are estimated from proposed new appropriations.

<sup>a</sup> Denotes an expenditure estimated from "carry-over appropriations" previously enacted by the Legislature.

## DEPARTMENT OF THE CALIFORNIA HIGHWAY PATROL

## GENERAL ANALYSIS

The Highway Patrol operates from state constructed and leased buildings. In addition an academy in Sacramento is used for the training of new officers and refresher courses for permanent uniformed personnel. The academy and Sacramento headquarters building were constructed from funds borrowed from the School Land Fund. The loans are repayable with interest over a 20-year period. Provision is made under the state operations section of the budget for the annual repayment. Financing of the following projects is proposed from the Motor Vehicle Fund, rather than as a continuation of the above loan procedure.

## PROJECTS PROPOSED FOR 1954-55:

Project and Description	Expenditure *
<b>Fireproof Storage Vault (MVF)</b> -----	\$2,750
To provide adequate protection for the storage of explosives used as flares in highway patrol operations.	
<b>Partitions in Sacramento Headquarters (MVF)</b> -----	27,000
With the occupying of the new headquarters it has become apparent that partitioning of the central office area will materially add to the efficiency of office operation.	
<b>Air Conditioning Modification (MVF)</b> -----	3,500
Mechanical corrections to allow for effective operation of installed equipment.	
<b>Addition to Sacramento Area Office (MVF)</b> -----	5,000
To provide additional space for increased activity.	
<b>Total, Department of the California Highway Patrol—Proposed new appropriations (MVF)</b> -----	\$38,250

\* Unless indicated otherwise, expenditures are estimated from proposed new appropriations.

## DEPARTMENT OF MENTAL HYGIENE

## GENERAL ANALYSIS

The building program of recent years, for the Department of Mental Hygiene, has been to relieve overcrowding in state hospitals, to replace condemned and obsolete structures, and to provide modern treatment facilities in the various hospitals. During the period of such construction, the population of the State has increased rapidly and has added greatly to the population of the hospitals, thereby necessitating additional construction to care for the increased patient load.

As a result of appropriations heretofore granted, many of the condemned and obsolete buildings in the hospitals have been replaced with modern structures. The construction program for the 1954-55 Fiscal Year provides for urgently needed beds in the southern part of the State by authorizing construction for an additional 1,600 beds at Metropolitan State Hospital for mentally ill patients.

The bed requirements for the mentally deficient patients are estimated at one-tenth of 1 percent of the general population. This means an estimated need at the present time of approximately 12,075 beds in this type of hospital compared to the present actual number of 5,812 beds on June 30, 1953. From the appropriations that have been made in recent years, some bed facilities are now under construction, and other construction, for which funds have been provided, has not yet started. These are as follows:

	New beds	Replacement beds
Under construction	3,878	118
Financed, construction not started	2,319	80
Totals	6,197	198

If these structures were completed today, there would be 12,009 beds as compared with the need for 12,075. An estimate of one-tenth of 1 percent of the June 30, 1959, estimated population indicates a potential mentally deficient resident population of 14,190. This would mean the mentally deficient hospitals would be overcrowded by 2,181 patients.

The bed requirements for the mentally ill patients needed as of June 30, 1953, were 34,845 compared to the actual number of 30,420. From the appropriations that have been made in recent years, some bed facilities are now under construction, and other construction, for which funds have been provided, has not yet started. These are as follows:

	New beds	Replacement beds
Under construction	2,853	169
Financed, construction not started	2,540	314
Totals	5,393	483

With the population of our hospitals increasing each year, it is estimated that by June 30, 1959, there will be a need for 8,554 additional beds.

## SUMMARY OF POPULATION, CAPACITIES AND OVERCROWDING

INSTITUTION	Actual June 30, 1951	Actual June 30, 1952	Actual June 30, 1953	Estimated June 30, 1954	Estimated June 30, 1955	Estimated June 30, 1956	Estimated June 30, 1957	Estimated June 30, 1958	Estimated June 30, 1959	Estimated June 30, 1960

## PROJECTS PROPOSED FOR 1954-55:

Project and Description	Expenditures
<b>Agnews State Hospital—Receiving and Treatment Building (COSF)</b> -----	\$156,000
This will provide funds for working drawings for a 500-bed receiving and treatment building. Financing for construction will be provided in subsequent budgets.	
<b>Camarillo State Hospital—Rehabilitate Boiler Plant (COSF)</b> -----	30,800
Installation of boiler draft stacks and rehabilitate the existing boiler plant controls for increased efficiency.	
<b>Psychiatric Hospital Clinic, Los Angeles—Working Drawings (COSF)</b> -----	170,000
It is proposed to proceed with the preparation of working drawings, plans and specifications of a psychiatric clinic at the Medical Center in Los Angeles. Funds for the actual construction will be proposed in a subsequent budget. The clinic will be an integral part of the medical center and will be similar to Langley Porter Clinic at San Francisco.	
<b>Metropolitan State Hospital—Expand Facilities for 1,600 Additional Beds (COSF)</b> -----	9,252,775
Construct wards -----	\$5,556,000
Equipment for wards -----	416,000
Construct kitchen -----	1,496,400
Equipment for kitchen -----	29,000
Construct laundry -----	863,900
Expand boiler and auxiliaries -----	205,100
Storm drain facilities -----	240,875
Construct administration building -----	431,000
Equip administration building -----	14,500

The need for beds for mentally ill patients in the southern part of the State has increased greatly in the last few years. In order to provide these beds in the most expeditious and efficient way, it is appropriate that Metropolitan State Hospital be expanded to a capacity of approximately 4,100 instead of 2,500 as previously planned. The increase of patients at this hospital means that certain service facilities must be expanded to handle the increased work load. The present kitchen cannot be expanded further, so a new one will have to be constructed. This will be placed near the new receiving and treatment building, and the kitchen originally planned for this building will now become a serving kitchen only. Savings from this project plus funds originally scheduled to remodel the old kitchen are proposed for reversion in the 1953-54 Fiscal Year. The laundry

\* Unless indicated otherwise, expenditures are estimated from proposed new appropriations.

## DEPARTMENT OF MENTAL HYGIENE—Continued

## PROJECTS PROPOSED FOR 1954-55—Continued

Project and Description	Expenditure *
<b>Metropolitan State Hospital—Continued</b>	
will be relocated and additional facilities added to handle the increased volume. By adding one large boiler to the existing plant, no additional buildings for this project will be required. During the winter months, the grounds at this hospital are often flooded due to lack of storm drainage facilities. Financing is proposed in the 1954-55 Budget for the first of two phases of a project to correct this situation. Phase 2 may be deferred until the county installs its drainage line so that Metropolitan can connect to it.	
A new administration building, with equipment, is proposed to provide adequate facilities for the various administrative offices which are now dispersed throughout the hospital. The present administration building will be utilized primarily for rehabilitation and doctors' offices.	
<b>Patton State Hospital—Construct New Reservoir and Repair Old Reservoirs (COSF)</b> -----	\$76,200
In order to provide adequate water supply at Patton State Hospital, it is proposed to install a new steel cylindrical tank to hold one million gallons of water. The old reservoirs have large cracks and it is urgent that funds be provided for their repair.	
<b>Camarillo State Hospital—Completion of Calleguas Creek Flood Control (COSF)</b> -----	185,000
During the 1951-52 Fiscal Year, this hospital suffered considerable damage due to Calleguas Creek overflowing. Emergency repairs were made at that time. It is proposed to complete dredging, cleaning, widening, and straightening of the creek, and building of levees which have to be protected with riprap and fencing so that further damage to this hospital will be averted.	
<b>Patton State Hospital—Firehouse (COSF)</b> -----	49,760
Construction -----	\$44,760
Equipment -----	5,000
The present structure which is used as a firehouse is able to house only one of the three fire trucks. The new building will provide three stalls for fire trucks, workrooms for firemen, hose drying tower, and space to house the firemen on duty.	
<b>Fairview State Hospital—Equipment for New Facility (COSF) (Chapter 9, Statutes of 1953)</b> -----	669,350 a
<b>Minor Construction and Improvements (COSF)</b> -----	1,284,492
Provision is made for essential improvements and alterations to maintain present plant. (See agency budget for projects details.)	
<b>Total, Department of Mental Hygiene</b> -----	\$11,874,377
<i>Proposed new appropriations (COSF)</i> -----	11,205,027
<i>Carry-over appropriations (COSF)</i> -----	669,350

\* Unless indicated otherwise, expenditures are estimated from proposed new appropriations.

a Denotes an expenditure estimated from "carry-over appropriations" previously enacted by the Legislature.

## MILITARY DEPARTMENT

## GENERAL ANALYSIS

The capital outlay program of the Military Department comprises the construction of armories, warehouses, rifle ranges, and other facilities essential to the organization, training, and morale of the California National Guard. The long range construction program would provide armories and other facilities to house and train all units of the California National Guard as determined by the State's assignment of units and troop strength allotment.

Since the 1951-52 Fiscal Year the Federal Government, under Public Law 783, Eighty-first Congress, has participated in the construction of armories on a federal-state sharing basis. Federal funds have been made available on the basis of up to 75 percent of qualifying phases of the construction. Such qualifying phases usually exclude site development such as landscaping, fencing, roads, parking areas, walks, and utility connections.

In addition to federal participation in the construction of armories, certain facilities such as: motor vehicle storage buildings, warehouses, airplane hangars and shop building, primarily for the care and maintenance of federal equipment issued for state use, are constructed by the government entirely from federal funds except for funds for planning and supervision of construction which are provided by the State.

The capital outlay program proposed for the 1954-55 Fiscal Year provides for construction of three armories and construction of additions to two armories on a federal-state sharing basis where armory facilities are most urgently required. The State's share of the cost of construction of these armories will be financed from available balances and savings in prior year appropriations. In addition, certain alterations and improvements to the San Francisco Armory and funds for plans and supervision of construction of federally financed facilities are also proposed.

## PROJECTS PROPOSED FOR 1954-55:

Project and Description	Expenditure*
<b>Oakland Armory—Construction</b>	
State funds (COSF) _____	\$293,542 <sup>a</sup>
Federal funds _____	(527,458) <sup>b</sup>
Present facilities at the Alameda Depot are not adequate and are poorly located for the units occupying them. At the present time, due to activation of the depot by the Federal Government, the National Guard units do not have use of sufficient storage or classroom space. Gaining access to an active military depot is also very difficult for prospective guardsmen. The proposed armory will relieve to a great extent the armory space shortage in the East Bay area.	
<b>Santa Ana Armory—Construction</b>	
State funds (COSF) _____	83,675 <sup>a</sup>
Federal funds _____	(135,825) <sup>b</sup>
Construction of this armory will replace leased facilities in Santa Ana which are inadequate in drill space and vehicle and equipment storage facilities.	
<b>Sunnyvale Armory—Addition</b>	
State funds (COSF) _____	12,000 <sup>a</sup>
Federal funds _____	(29,250) <sup>b</sup>
Construction of an addition to the Sunnyvale Armory is planned in lieu of construction of a new armory at Mountain View. No space is available for use by the National Guard in Mountain View and the unit now trains at San Jose. Sunnyvale is very close to Mountain View and the construction of the addition to the armory will provide adequately for the Mountain View unit at considerably less cost to the State.	
<b>Oroville Armory—Construction</b>	
State funds (COSF) _____	66,000 <sup>a</sup>
Federal funds _____	(99,000) <sup>b</sup>
This armory will replace inadequate leased facilities in the Memorial Auditorium at Oroville. The leased facility is inadequate in amount of space for drills and the time that it is available for use by the National Guard for training purposes.	
<b>Monrovia Armory—Addition</b>	
State funds (COSF) _____	9,750 <sup>a</sup>
Federal funds _____	(29,250) <sup>b</sup>
Construction of an addition to the Monrovia Armory is planned in lieu of construction of a new armory at Sierra Madre. Monrovia is located about three miles from Sierra Madre and construction of an addition to the armory will provide adequate space and facilities for the unit now occupying unsatisfactory rented space at a great deal less cost to the State than construction of an entire new armory.	
<b>Plans and Supervision of Construction—State Funds (COSF)</b> _____	25,000
This item will provide for plans and supervision of construction for buildings and facilities to be constructed from federal funds during 1954-55.	
<b>Minor Construction and Improvements—State Funds (COSF)</b> _____	50,000
Alterations and improvements are planned for the San Francisco Armory to provide an entrance ramp, fire exit and additional administrative and office space. (See agency budget for project detail.)	
<b>Total, Military Department—State Funds</b> _____	\$539,967
Proposed new appropriations (COSF) _____	75,000
Carry-over appropriations (COSF) _____	464,967 <sup>c</sup>

\* Unless indicated otherwise, expenditures are estimated from proposed new appropriations.

<sup>a</sup> Denotes an expenditure estimated from "carry-over appropriations" previously enacted by the Legislature.

<sup>b</sup> Federal funds not included in budget totals.

<sup>c</sup> From balance in Budget Acts of 1953, 1952, 1951, 1950, 1949 (Items 370, 394, 345.1, 372) and Chapter 145, Statutes of 1946.

## DEPARTMENT OF MOTOR VEHICLES

## GENERAL ANALYSIS

The long range capital outlay program of the Department of Motor Vehicles provides for construction of branch offices only in those locations where it is not feasible to rent quarters or where other considerations make it impractical to rent. In general, buildings will only be constructed in the larger communities.

## PROJECTS PROPOSED FOR 1954-55:

Project and Description	Expenditures *
<b>Construct Warehouse, Sacramento (MVF)</b> -----	\$255,000
To be located adjacent to the new headquarters building, and is required to provide adequate storage facilities for license plates and supplies, and space for a carpenter shop. Leased warehouse space is used at the present time.	
<b>Construct Office Building, Vallejo (MVF)</b> -----	57,500
Plans and specifications for this project were provided in the 1953-54 Budget. The building is required to adequately house the activities in this area. The building is to be constructed on land donated to the State.	
<b>Office Building, Oakland</b>	
Site acquisition—Additional (MVF)-----	60,000
Site acquisition—(COSF)-----	105,679 <sup>a</sup>
Working plans (MVF)-----	18,822
The additional amount for site acquisition is to augment funds presently available in order to acquire a site for the construction of an office building, parking lot, and driving range. Existing funds are not adequate for the purchase of the parking lot and driving range.	
It is proposed to proceed with preparation of plans and specifications in connection with the office building and driving range to be constructed in Oakland.	
<b>Total, Department of Motor Vehicles</b> -----	\$497,001
Proposed new appropriations (MVF)-----	391,322
Carry-over appropriations (COSF)-----	105,679 <sup>b</sup>

\* Unless indicated otherwise, expenditures are estimated from proposed new appropriations.

<sup>a</sup> Denotes an expenditure estimated from "carry-over appropriations" previously enacted by the Legislature.

<sup>b</sup> From balances in Chapter 100, Statutes of 1946 and Chapter 1461, Statutes of 1947.

## DEPARTMENT OF FISH AND GAME

## (Including Wildlife Conservation Board)

## GENERAL ANALYSIS

The budget of the Department of Fish and Game provides for the continuation of the long range program of improving facilities for the development and conservation of fish and game.

The capital outlay program for this department is provided for in two separate budgets. The major program is financed from the Wildlife Restoration Fund. The minor construction program is financed from the Fish and Game Preservation Fund.

## PROJECTS PROPOSED FOR 1954-55:

Project and Description	Expenditures *
<b>Wildlife Restoration Fund</b>	
Fish hatchery and stocking projects.....	\$214,502 <sup>a</sup>
Flow maintenance and stream improvement projects.....	46,887 <sup>a</sup>
Fish screen and ladder projects.....	49,000 <sup>a</sup>
Waterfowl projects .....	2,277,197 <sup>a</sup>
These amounts are primarily for the completion of projects now under way and have been approved by the Wildlife Conservation Board in accordance with Chapter 1327, Statutes of 1947 and Chapter 1401, Statutes of 1951.	
<b>Fish and Game Preservation Fund</b>	
Minor construction and improvements.....	208,260
This provides for improvements and repairs to hatcheries, game farms, game and waterfowl management areas, purchase of fish screens, radio equipment, and fish planting basis. (See agency budget projects detailed)	
<b>Total, Department of Fish and Game</b> .....	<b>\$2,795,846</b>
Proposed new appropriations (F&GF).....	208,260
Carry-over appropriations (WRF).....	2,587,586

\* Unless indicated otherwise, expenditures are estimated from proposed new appropriations.

<sup>a</sup> Denotes an expenditure estimated from "carry-over appropriations" previously enacted by the Legislature. (Authorized by the basic appropriation in creation of the fund.)

## DEPARTMENT OF NATURAL RESOURCES

## DIVISION OF BEACHES AND PARKS

## GENERAL ANALYSIS

The long range capital outlay program of the Division of Beaches and Parks includes the acquisition and development of beaches and inland park lands; acquisition and restoration of historical monuments and the establishment and development of state-wide riding and hiking trails to provide a well balanced State Park System and preserve for public enjoyment and recreation the outstanding scenic areas of the State.

At present the State Park System consists of 127 parks, beach parks, and historical monuments with several additional areas in process of acquisition.

The capital outlay program of the division proposed for the 1954-55 Fiscal Year provides for the acquisition of additional beach and park areas from funds appropriated by Chapter 1422, Statutes of 1945, the development of one new state park and additional development of five existing state parks, and various minor additional and replacement facilities at several beach and inland state parks.

## PROJECTS PROPOSED FOR 1954-55:

Project and Description	Expenditure *
<b>Big Basin State Park (COSF)</b> -----	\$140,500
Replacement of the water supply and sewage disposal systems at this park are necessary due to structural failure of the present systems.	
<b>Emerald Bay State Park (COSF)</b> -----	118,000
The initial development of this newly acquired area on Lake Tahoe to provide facilities necessary for public use is proposed. It is anticipated the area will relieve the overcrowding at the D. L. Bliss State Park.	
<b>Borrego State Park (COSF)</b> -----	21,400
Construction of additional trailer parking facilities consisting of parking space, electric outlet and water and sewer facilities to provide for increased attendance and demand for these facilities are planned for 1954-55.	
<b>Castle Crags State Park (COSF)</b> -----	61,000
The proposed additional development consisting of camping facilities with necessary comfort stations, roads, water, and power supply is required to provide for an increased attendance and demand for these facilities beyond the present capacity of the park.	
<b>Clear Lake State Park (COSF)</b> -----	33,700
This is the second stage of the development of this park to provide camping and picnicking facilities in order to complete development for public use of the area.	
<b>Donner Memorial State Park (COSF)</b> -----	52,000
Further development of this park consisting of additional camping units and other needed facilities to provide for increased public use is proposed.	
<b>Minor Construction and Improvements (COSF)</b> -----	93,100
Minor construction provides for various additional and replacement facilities at three beaches and five parks consisting of roads and parking areas, water supply systems, camping and picnicking units, service buildings, comfort stations and restoration work. (See agency budget projects detail.)	
<b>Acquisition of Beach Sites (SBF) (Chapter 1422, Statutes of 1945)</b> -----	1,645,383 <sup>a</sup>
<b>Acquisition of Park Sites (SPF) (Chapter 1422, Statutes of 1945)</b> -----	307,250 <sup>a</sup>
These propose continuation of the program for acquiring beaches and inland park areas on a matching basis in accordance with master plans for acquisition.	
<b>Total, Division of Beaches and Parks</b> -----	\$2,472,333
Proposed new appropriations (COSF)-----	519,700
Carry-over appropriations (SBF)-----	1,645,383
Carry-over appropriations (SPF)-----	307,250

\* Unless indicated otherwise, expenditures are estimated from proposed new appropriations.

<sup>a</sup> Denotes an expenditure estimated from "carry-over appropriations" previously enacted by the Legislature.

## DEPARTMENT OF NATURAL RESOURCES

## DIVISION OF FORESTRY

## GENERAL ANALYSIS

The capital outlay program of the Division of Forestry comprises the acquisition of land for state forests; the purchase of sites for and the construction of fire protection stations, forest fire lookout towers, district headquarters establishments and forestry honor camps for inmates of the Youth Authority and the Department of Corrections; construction of radio repeater stations, administrative and fire access roads and bridges, telephone lines, and water and sewer systems; and the remodeling and improving of existing buildings and facilities.

The division's plant consists of 222 forest protection stations, 77 lookout towers, six district headquarters, 12 forestry honor camps, several radio repeater stations, 2,200 miles of telephone lines, 11 miles of power lines, 3,100 miles of roads, and 9 bridges.

The long range construction program would provide for replacement of 13 of the forest protection stations, now consisting of tent camps, with standard forestry buildings; the replacement of various temporary type buildings at 31 stations with standard permanent buildings; the remodeling of 24 existing buildings; and the construction of additional facilities consisting of 27 combination barrack and mess hall buildings, 7 barrack buildings, 5 mess hall buildings, 47 equipment storage buildings, 77 residences, 13 water and sewer systems, 18 transport shelters, an office at the District VI headquarters, and a complete District V headquarters establishment as well as additional road and telephone line projects and new forestry honor camps which may be authorized.

The capital outlay program proposed for the 1954-55 Fiscal Year consists of the acquisition of sites for strategically located fire lookout towers, the development and construction of six forest protection stations replacing tent camps and rented buildings, construction of a new forestry honor camp for 60 Department of Corrections inmates, and various minor construction projects, and the acquisition of a site for the new District III headquarters.

## PROJECTS PROPOSED FOR 1954-55:

Project and Descriptions	Expenditures:
<b>Lookout Sites, State-wide (COSF)</b> (Budget Act of 1953, Item 384) -----	\$32,965 <sup>a</sup>
The program for which funds were provided in 1953-54 of acquiring sites for strategically located forest fire lookout towers is continued for the 1954-55 Fiscal Year.	
<b>Bridgeville Fire Control Station—Construction (COSF)</b> -----	39,575
This station is now located on a leased site which has only been temporarily developed and is not of sufficient size for development of a permanent station. A new site is under acquisition and these funds would provide a combination barrack and mess hall building, residence with garage, and access road and site development.	
<b>Julian Fire Control Station—Construction (COSF)</b> -----	39,905
Construction of a combination barrack and mess hall building, residence and garage, water and sanitary system, and site development on a new site being acquired to replace the existing site and buildings of inadequate size for the 13-man crew is proposed.	
<b>Las Tablas Fire Control Station—Construction (COSF)</b> -----	22,976
The proposed combination barrack and mess hall building, equipment storage building, and gasoline pump shelter will provide adequate housing for the nine-man crew and their equipment replacing the present tent camp.	
<b>Sunol Fire Control Station—Construction (COSF)</b> -----	30,396
Construction of a combination barrack and mess hall building, equipment storage building, gas pump shelter, and water and sewer system with site development will replace temporary rented facilities not properly located for initial attack on fires. Site for the station is under acquisition from the City of San Francisco.	
<b>Coyote Fire Control Station—Construction (COSF)</b> -----	16,681
Site has been obtained and construction of combination barracks and mess hall, equipment storage, gas pump shelter, and water and sanitary systems will replace old buildings poorly located for fast attack on fires.	
<b>Santa Margarita Fire Control Station—Construction (COSF)</b> -----	26,926
Crew is now operating from small rented building without equipment storage facilities and poorly located for fire suppression purposes. Relocation and construction of standard combination barracks and mess hall, equipment storage, gas pump shelter, and water and sewer systems will provide a properly located standard fire control station.	
<b>Engineering, Planning, and Inspection Services (COSF)</b> -----	90,471
The Division performs necessary engineering, preparation of plans and inspection of construction for major and minor projects.	
<b>Humboldt County Honor Camp (COSF)</b> -----	447,870
Construction ----- \$382,388	
Equipment ----- 65,482	
Construction of a 60-man forestry honor camp in Humboldt County for Department of Corrections inmates is proposed. The camp will provide needed additional inmate capacity and a manpower force for fire suppression purposes and forestry work projects.	
<b>District III Headquarters Site (Sacramento) (COSF)</b> -----	35,000
Construction funds for the District III Headquarters building and related facilities were provided in the 1953-54 Budget Act in anticipation that a site would be available on existing state-owned land. It appears at this time that a suitable state-owned site is not available and, therefore, it is proposed to purchase a site for the construction of this project.	
<b>Minor Construction and Improvements (COSF)</b> -----	179,790
Projects consist of various additional buildings and facilities at fire control stations and forestry honor camps, power lines, road and bridge construction necessary for fire suppression efforts, telephone lines, and alterations and improvements to existing buildings and other facilities. (See agency budget for detail of projects.)	
<b>Total, Division of Forestry</b> -----	\$962,555
Proposed new appropriations (COSF)-----	929,590
Carry-over appropriations (COSF)-----	32,965

\* Unless indicated otherwise, expenditures are estimated from proposed new appropriations.

<sup>a</sup> Denotes an expenditure estimated from "carry-over appropriations" previously enacted by the Legislature.

## DEPARTMENT OF PUBLIC HEALTH

## GENERAL ANALYSIS

There is presently under construction an office and laboratory building in Berkeley for this department. The completion of this building will result in improved services by bringing all parts of the department into one building, providing improved laboratory facilities, and closer cooperation with the University of California School of Public Health. Release of space presently occupied on the university campus will also enable use of that space for badly needed classroom facilities.

## PROJECT PROPOSED FOR 1954-55:

Project and Description	Expenditure *
Office Building, Berkeley—Lunchroom (Snack Bar)—Equipment (COSF) -----	\$23,000
It is proposed to install equipment in available basement area for a snack bar to avoid the eating of lunches in offices and to provide facilities for employees during the two daily break periods, thereby saving loss of time from leaving the building.	

\* Unless indicated otherwise, expenditures are estimated from proposed new appropriations.

## DEPARTMENT OF PUBLIC WORKS

## DIVISION OF HIGHWAYS

## GENERAL ANALYSIS

The program of the Division of Highways is directed toward the elimination of critical deficiencies of the State Highway System and the reduction of traffic congestion and hazards attributable to the inadequate capacity of the State's highway facilities as rapidly and to the greatest extent possible with available funds.

Indicative of the continually growing pressure on the highway system of California is the increase in the number of registered vehicles from 3,879,500 in 1947 to an estimated 6,550,500 registered vehicles to be accommodated by the highway facilities in the State during the 1954-55 Fiscal Year.

The budget for the 1954-55 Fiscal Year reflects the expansion of this program made possible by the increased highway user taxes adopted in 1953. Also, included are the anticipated expenditures from the Highway Right of Way Acquisition Fund to obtain necessary rights of way in advance as a protective measure in those instances where a delay would result in a substantial additional cost.

The specific projects proposed are those determined by the California Highway Commission as being the most vital which can be undertaken within framework of allocations specified by the Streets and Highways Code.

## PROJECTS PROPOSED FOR 1954-55:

Project and Description	Expenditures *
Major Project Allocations (See Agency Budget for project detail).....	\$131,387,000 a
Construction Engineering .....	14,000,000 a
Right of Way Acquisition .....	65,723,000 a
Preliminary Engineering and Design .....	16,000,000 a
Construction of Buildings and Purchase of Equipment .....	5,000,000 a
Other .....	4,250,000 a
Contingencies .....	4,192,069 a
Return of Advance for Relocation of Portions of Route 5 in Santa Clara County .....	—564,000 a
<b>Total, Division of Highways .....</b>	<b>\$239,988,069</b>
<i>Carry-over appropriations (SHF) .....</i>	<i>208,927,069</i>
<i>Carry-over appropriations (HRWAF) .....</i>	<i>6,000,000</i>
<i>Carry-over appropriations (GF) .....</i>	<i>—564,000</i>
<i>Federal funds .....</i>	<i>25,625,000 b</i>

\* Unless indicated otherwise, expenditures are estimated from proposed new appropriations.

a Denotes an expenditure estimated from "carry-over appropriation" previously enacted by the Legislature.

b Federal funds not included in budget totals.

## RECLAMATION BOARD

## GENERAL ANALYSIS

Through this board, the State cooperates with the Federal Government in the construction of flood control projects in the Sacramento-San Joaquin River drainage basin. The extent of state participation is determined by the several acts adopting and approving specific projects and for which appropriations to meet the State's costs are made as necessary. Generally such participation consists of the acquisition of rights of way, easements, flowage rights, and the cost of replacement or relocation of permanent improvements necessitated by the construction of the flood control works.

For the Fiscal Year 1954-55 the appropriations recommended are the amounts necessary to meet the State's responsibility in the program based upon projects to be undertaken by the Federal Government during this period. (See Local Assistance Section for allocations to Los Angeles County Flood Control District.)

## PROJECTS PROPOSED FOR 1954-55:

Project and Description	Expenditures *
Sacramento River Flood Control Project (FCF-1946)-----	\$1,500,000
Sacramento River Flood Control Project (FCF-1946)-----	100,000 <sup>a</sup>
Merced County Stream Group Project (FCF-1946)-----	185,000 <sup>a</sup>
<b>Total, Reclamation Board-----</b>	<b>\$1,785,000</b>
<i>Proposed new appropriations (FCF-1946)-----</i>	<i>1,500,000</i>
<i>Carry-over appropriations (FCF-1946)-----</i>	<i>285,000</i>

\* Unless indicated otherwise, expenditures are estimated from proposed new appropriations.

<sup>a</sup> Denotes an expenditure estimated from "carry-over appropriations" previously enacted by the Legislature.

## WATER PROJECT AUTHORITY

## Acquisition of Central Valley Project

## GENERAL ANALYSIS

In accordance with the provisions of Item 428.5, Budget Act of 1952, the authority has undertaken studies and surveys preliminary to the possible acquisition of the Central Valley Project on a self-liquidating basis by the State. The balance of the appropriation after financing preliminary work is available for the initial installment of any acquisition agreement negotiated. All moneys provided from the General Fund are subject to repayment from the proceeds of the first sale of any revenue bonds issued for the acquisition of Central Valley Project properties.

In May of 1953, pursuant to Senate Concurrent Resolution No. 24 (Chapter 71, Statutes of 1953), a preliminary report relative to the state acquisition of the Central Valley Project was submitted to the State Legislature.

During the 1954-55 Fiscal Year a report will be presented by the State Engineer in accordance with the "Memorandum of Understanding Relating to a General Approval to Negotiations for Settlement of Water Diversions From the Sacramento River and Sacramento-San Joaquin Delta," dated July 7, 1952, among the water users, the U. S. Bureau of Reclamation and the State Engineer's Office.

A report was also submitted to the Legislature in November of 1953, pursuant to Assembly Concurrent Resolution No. 49 (Chapter 118, Statutes of 1953), relative to a complete management survey in connection with the proposed state acquisition or operation of the Central Valley Project.

The budget continues the program and it is proposed to prepare and present during the 1954-55 Fiscal Year a final report on the surveys and studies relative to the feasibility of acquisition and operation by the State of the Central Valley Project upon a self-liquidating basis.

## PROJECT PROPOSED FOR 1954-55:

Project and Description	Expenditure *
Continuation of Studies and Preparation of Final Report (GF) (carry-over appropriations)-----	\$276,698 a

\* Unless indicated otherwise, expenditures are estimated from proposed new appropriations.

a Denotes an expenditure estimated from "carry-over appropriation" previously enacted by the Legislature.

## DEPARTMENT OF VETERANS AFFAIRS

## GENERAL ANALYSIS

The capital outlay program of the Department of Veterans Affairs affects only the Veterans' Home since the Woman's Relief Corps Home is to be leased to a private party in the 1953-54 Fiscal Year. Construction for the latter facility in future budgets will be confined to major repairs as necessary in keeping with the State's obligation as a lessor. Minor repairs and upkeep will be the responsibility of the lessee.

The Veterans' Home capital outlay program is primarily planned to meet the increasing need of California veterans of World War I due to their advancing age and the increasing veteran population resulting from World War II. An additional 204-bed convalescent and chronic barracks, now under construction, will be completed in the 1954-55 Fiscal Year to meet the immediate need of veterans requiring this type of care. The 120-bed west wing of the hospital, currently financed, will be completed in the 1955-56 Fiscal Year. The need for additional capacity will be largely dependent upon economic conditions coupled with the increasing age of California veterans. A total increased capacity of 654 beds is anticipated in future budgets and includes an additional convalescent and chronic barracks, two domiciliary barracks, and an addition to the women veterans' barracks.

The first two increments of a new recreation center to replace existing inadequate facilities are now under construction.

**Veterans' Home of California**  
SUMMARY OF POPULATION AND CAPACITY

TYPE OF CAPACITY	Actual June 30, 1953	Estimated June 30, 1954	Estimated June 30, 1955	Estimated June 30, 1956	Estimated June 30, 1957	Estimated June 30, 1958	Estimated June 30, 1959	Estimated June 30, 1960
Population	1,648	1,756	2,032	2,129	2,354	2,554	2,754	2,800
Bed Capacity:								
Domiciliary	1,428	1,428	1,528	1,528	1,528	1,778 <sup>b</sup>	1,978 <sup>b</sup>	1,978
Convalescent and chronic	291	291	416 <sup>a</sup>	416	620 <sup>b</sup>	620	620	620
Hospital and reception	357	357	357	477 <sup>a</sup>	477	477	477	477
Total Capacity	2,076	2,076	2,301	2,421	2,625	2,875	3,075	3,075

## PROJECTS PROPOSED FOR 1954-55:

Project and Description	Expenditure *
<b>Veterans' Home</b>	
Improvements to Domestic Water System (COSF)	\$25,900
This project is for two purposes: (1) to provide sufficient water pressure (during periods of maximum use) for domestic water supply to facilities at a higher elevation than most of the institution; (2) to separate the water supply for fire protection which is not chlorinated from the domestic water system to prevent contamination.	
Equipment for Convalescent Barracks (COSF) (Budget Act of 1952, Item 409)	50,000 <sup>c</sup>
Minor Construction and Improvements (COSF)	36,750
This provides for urgent projects for operation for the present facilities. (See agency budgets for project detail.)	
<b>Woman's Relief Corps Home</b>	
Minor Construction and Improvements (COSF)	50,000
This provides for corrective work on the electrical distribution system. (See agency budgets for project detail.)	
<b>Total, Department of Veterans Affairs</b>	<b>\$117,650</b>
Proposed new appropriations (COSF)	67,650
Carry-over appropriations (COSF)	50,000

<sup>a</sup> Includes the following additional facilities already financed:

Convalescent and Chronic Barracks—204 beds available in 1954-55 (offset by discontinuance of a temporary unit in a domiciliary barracks).

West Wing of Hospital—120 beds available in 1955-56.

<sup>b</sup> Includes the following additional facilities not yet financed:

Convalescent and Chronic Barracks—204 beds available in 1956-57.

Domiciliary Barracks—200 beds available in 1957-58.

—50 beds (addition to women veterans' barracks) available in 1957-58.

—200 beds available in 1958-59.

\* Unless indicated otherwise, expenditures are estimated from proposed new appropriations.

<sup>c</sup> Denotes an expenditure estimated from "carry-over appropriations" previously enacted by the Legislature.

## GOVERNOR'S OFFICE

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>Office of Civil Defense</b>			
2				
3				
4	<b>FACILITIES, MATERIALS, SUPPLIES, EQUIPMENT, AND</b>			
5	<b>OTHER REQUIREMENTS FOR CIVIL DEFENSE</b>			
6				
7	Analysis			
8				
9	It is contemplated that state expenditures under this program will be completed during 1953-54 with the possible exception of portions of three items in the Communications-Command Network project. Due to many technical problems and delays in acquisition of radio station licenses it appears that all contracts may not be negotiated before June 30, 1954, in regard to the fire network, law enforcement network and the installation of radio equipment for operational area control centers. It is proposed that the unexpended balance for these three items be reappropriated.

## DEPARTMENT OF CORRECTIONS—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>Medical Facility</b>			
2				
3				
4	Analysis			
5				
6	The present temporary institution was opened in 1950 using leased facilities in Los Angeles County on the south end of Terminal			
7	Island at San Pedro. These were formerly used as naval disciplinary barracks. The main buildings are made of reinforced con-			
8	crete, and auxiliary and industrial buildings are built of wood, stucco, and prefabricated steel. The inmate capacity is 1,100.			
9	The new permanent institution will provide special custody of inmates who are mentally defective, chronically ill, narcotics addicts,			
10	sex offenders, or otherwise physically or mentally abnormal. Close custody will be provided in the reception center unit for			
11	observation and study of new commitments, prior to assignment to other institutions. Due to the nature of the institution there			
12	will be a limited training program and the emphasis will be on treatment. The site for the institution is located in Solano County			
13	about two miles south of Vacaville and consists of 903 acres of land, of which approximately 100 acres are to be used for in-			
14	mate and employee building areas. Presently appropriated funds will provide for 1,400 capacity in 1955-56 and 580 additional			
15	in 1956-57.			
16	No major construction appropriation is proposed for the 1954-55 Fiscal Year.			
17				
18				
19	<b>MAJOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,</b>			
20	<b>AND EQUIPMENT</b>

1	<b>Temporary Facility—San Luis Obispo</b>			
2				
3				
4	Analysis			
5	It is proposed to recondition and alter the hospital section of Camp San Luis Obispo to house 600 elderly and chronically infirm inmates to be transferred from the Medical Facility at Terminal Island. This would relieve overcrowding in other facilities.			
6	Original complements of equipment represent a minimum amount for a complete institution of 600 inmates.

## DEPARTMENT OF CORRECTIONS—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>Institution for Men, Chino</b>			
2	<b>Analysis</b>			
3	This is primarily a minimum security prison with an extensive agricultural and industrial program. About half of the 1,500 inmates are			
4	housed in permanent facilities. The institution is located in San Bernardino County about two miles south of Chino on 2,556 acres			
5	of land. It was opened in 1941 and consists of reinforced concrete permanent main buildings, semipermanent steel industrial build-			
6	ings, frame farm buildings and temporary steel barracks buildings for dormitories and classrooms. The construction program under			
7	way is principally for the replacement of obsolete temporary facilities and for completion of the institution. The southern reception			
8	center is located on a 15-acre portion of the Chino site. The clinic is of reinforced concrete construction with a capacity of 400			
9	inmates.			
10	Two major projects, reconditioning and equipping of the former women's institution at Tehachapi to house 500 additional inmates and			
11	additions to the West Dormitory at Chino for 100 additional inmates, and essential minor construction projects, including inmate			
12	work crew projects at Tehachapi are proposed for the 1954-55 Fiscal Year.

1	State Prison at Folsom			
2				
3	Analysis			
4				
5	This primarily is a maximum custody prison with a large industrial program. The permanent facilities are constructed of reinforced			
6	concrete and have a capacity of 1,500 inmates. The institution is located two miles northeast of Folsom and was constructed in			
7	1858. A major rehabilitation program to replace obsolete buildings and service facilities has been deferred for the present in			
8	favor of additional capacity projects. Only minor construction projects are proposed for the 1954-55 Fiscal Year.

1	<b>State Prison at San Quentin</b>			
2	<b>Analysis</b>			
3	This is a general purpose prison with an extensive industrial program. The permanent facilities are constructed of reinforced concrete. The institution is located in Marin County three miles southeast of San Rafael on a 404-acre site with a very limited area suitable for buildings. The prison was opened in 1852. The major rehabilitation program to replace obsolete buildings and service facilities has been deferred for the present, and only minor construction projects are proposed in the 1954-55 Fiscal Year.

1	<b>Devel Vocational Institution</b>			
2				
3	Analysis			
4	The new institution completed in July, 1953, is primarily a medium custody prison with an agricultural-vocational training and treatment program. It houses 1,200 inmates in reinforced concrete facilities and is located in San Joaquin County about four miles east of Tracy. The site consists of 783 acres of land of which approximately 80 acres are to be used for inmate and employee housing areas, with the remainder used for farming activities.			
5	A 308-capacity reception-guidance center is planned for future budgets. No major or minor construction is planned in the 1954-55 Fiscal Year.

30	<b>Youth Training School</b>			
31	<b>Analysis</b>			
32	Chapter 303, Statutes of 1949, added Section 1250 to the Welfare and Institutions Code which provides for "an institution for the con-			
33	finement of males to be known as the Youth Training School." It is contemplated that it will be located in the Southern Califor-			
34	nia area. It is planned that this school will ultimately house 600 wards of the age group 16 to 21, and will have a vocational and			
35	educational type of program. The institution will include dormitory capacity for 600 and hospital and detention capacity of 125

1	<b>Northern California Reception Center and Clinic</b>				
2					
3					
4	Analysis				
5					
6	This institution is located on a 17-acre site approximately seven miles east of Sacramento, near Perkins. This facility receives all				
7	boys and girls from Northern California. The major purpose of this facility is to centralize intake and to make diagnostic studies				
8	and training recommendations on each case. Intensive medical, dental, psychological, and psychiatric treatment are given. Serious				
9	medical and psychiatric cases developing in the schools are also treated.				
10	The new institution will be completed in the 1953-54 Fiscal Year, with a capacity of 174 and an ultimate planned capacity of 274.				
11	The increase in capacity to 274 is not yet financed.

3	<b>Fred C. Nelles School for Boys</b>			
4	<b>Analysis</b>			
5	Fred C. Nelles School for Boys was constructed in 1890 at Whittier, California. School buildings are of brick construction with a			
6	normal capacity of 306 excluding the hospital and detention units. The buildings are in good condition, except the combination			
7	admissions-detention unit. Construction of a 50-boy detention and restriction building to replace part of the existing unit will			
8	be completed in the 1954-55 Fiscal Year.			
9

1				
2				
3	<b>Paso Robles School for Boys</b>			
4	Analysis			
5	The Paso Robles School for Boys is located approximately six miles northeast of the town of Paso Robles. The school now occupies			
6	the former site of the Estrella Army Air Base. The school site covers 203 acres and the new institution occupies an area of			
7	approximately 40 acres. When the present army barracks are completely replaced by permanent facilities in the 1953-54 Fiscal			
8	Year, the capacity will be increased to 385. All buildings at this institution are of single-story construction and are of reinforced			
9	brick construction with radiant heating. Each cottage houses 50 boys and will be of dual type: single rooms and dormitories.

3	<b>Los Guilucos School for Girls</b>			
4				
5	Analysis			
6	Los Guilucos School for Girls is located near Santa Rosa. The school property includes 420 acres. The building area occupies approxi-			
7	mately 40 acres. At the completion of the building program the total capacity will be 287 wards. The new school will be of			
8	reinforced concrete construction with radiant heating either in floor slabs or in the walls. All buildings will be of one-story con-			
9	struction. Three dormitories are scheduled for completion in the 1954-55 Fiscal Year to bring the school to total capacity. At the			
10	time the new dormitories are placed in operation the capacity in existing dormitories will be reduced.

1	<b>Ventura School for Girls</b>			
2				
3	<b>Analysis</b>			
4				
5	This institution is located near Ventura in Ventura County. The present school was constructed in 1916 on hillside terrain. Present			
6	facilities are of a two story cottage type, each cottage containing its own kitchen, dining room and living area. Dormitories are			
7	located on the second story and consist of two 15-girl dormitories in each cottage making supervision difficult and expensive.			
8	The present plan is to construct a new institution on a level site acquired in the 1952-53 Fiscal Year. The first unit will have			
9	dormitory space for 250 girls with detention and hospital capacity of 50. The first unit will also include central facilities for the			
10	ultimate dormitory capacity of 350 girls.

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1				
2				
3	<b>Chico State College</b>			
4	<b>Analysis</b>			
5	This college was established in 1889 and provides courses in teacher training, general education and training in industrial arts.			
6	The campus covers approximately 86 acres and includes the following permanent buildings: administration and classroom;			
7	laboratory school; library; music, science and speech building; and a gymnasium.			
8	As the enrollment is estimated to increase only 2 percent in the budget year, no major capital outlay projects are budgeted for			
9	1954-55. A frame building acquired with the purchase of the central school property will be remodeled to house the new			
10	nursing curriculum. Provisions for a new women's gymnasium, men's and women's locker facilities, a water tank, and a new			
11	electrical substation were made in the 1953-54 Fiscal Year.			
12				
13	<b>REAL PROPERTY ACQUISITION</b>			
14				
15	Purchase of site containing central school buildings and four			
16	residences (4.5 acres)-----	\$41	\$20,177	-
17				
18				
19	<b>MAJOR CONSTRUCTION, IMPROVEMENTS,</b>			
20	<b>AND EQUIPMENT</b>			
21				
22				
23	Preparation of schematic plans and estimates-----	\$2,640	-	-
24	Construct women's gymnasium-----	-	\$239,000	-
25	Equip women's gymnasium-----	-	7,780	-
26	Construct electrical substation for distribution of power-----	-	65,250	-
27	Complete playfield facilities-----	145,320	13,810	-
28	Construct men's and women's locker room-----	-	231,700	-
29	Install water tank-----	-	25,490	-
30	Equip science-music-speech building-----	1,260	2,521	-
31	Unexpended Balances Transferred From Architecture Revolving			
32	Fund:			
33	Preparation of schematic plans and estimates-----	-	—1,413	-
34	Completion of playfield facilities-----	-	—64,946	-
35	Install water tank-----	-	—12,900	-
36				
37	<b>TOTAL EXPENDITURES (Major Construction)-----</b>	<b>\$149,220</b>	<b>\$506,292</b>	<b>-</b>
38				
39	<b>MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,</b>			
40	<b>AND EQUIPMENT</b>			
41				
42				
43	Construct shipping, receiving and storage building-----	-	-	\$7,000
44	Repair and alter frame building for nursing curriculum-----	-	-	19,900
45	Convert lecture room into two classrooms-----	-	-	1,440
46	Pave road to cafeteria-----	-	-	650
47	Install conduit for central clock system between administration			
48	building, industrial arts area, Bidwell Hall and gymnasium-----	-	-	2,970
49	Install acoustical tile in eight laboratories, two classrooms and			
50	former laboratory school shop-----	-	-	10,380
51	Install fluorescent lighting fixtures in classroom in science-music			
52	building-----	-	-	625
53	Construct and install athletic backstops and goals-----	-	-	1,600
54	Improve area formerly occupied by central school-----	-	-	3,000
55	Install drain line to drain area north of cafeteria and south side of			
56	new service road into Big Chico Creek-----	-	-	900
57	Install ventilation in one interior office and in health treatment			
58	rooms-----	-	-	800
59	Install room darkening drapes in physics laboratory-----	\$368	-	-
60	Install screens over windows of foods laboratory-----	350	-	-
61	Miscellaneous painting to protect surfaces-----	1,908	-	-
62	Miscellaneous repairs to cottage used for psychology classes-----	1,242	-	-
63	Construct prefab building for storage of inflammable materials-----	3,999	-	-
64	Provide additional electrical circuits in administration building-----	3,692	262	-
65	Miscellaneous paving and surfacing of walkways and roadways-----	8,985	-	-
66	Renovation and alteration of four residences for use as home man-			
67	agement houses and child study laboratory-----	4,900	-	-
68	Install fence for corporation yard-----	440	-	-
69	Repair and replace damaged sewer lines and install one manhole-----	1,896	-	-
70	Replace overhead door in auto shop-----	894	-	-
71	Construct double-face handball court for laboratory school-----	869	-	-
72	Painting and miscellaneous repairs in cafeteria-----	1,511	-	-
73	Replace tile, paint interior, and modernize plumbing and heating in			
74	Bidwell Hall Annex-----	2,473	-	-
75	Construct hothouse and open-air nursery for propagation of			
76	flowers and shrubbery-----	1,020	-	-
77	Insulate exposed steam lines and install air bleed valves in Bidwell			
78	Hall-----	312	-	-
79	Erect Quonset hut for use as storage facility for maintenance de-			
80	partment as an auxiliary auto shop-----	7,331	-	-

1	<b>Fresno State College</b>			
2				
3	<b>GENERAL AND PROFESSIONAL DIVISIONS</b>			
4				
5	<b>Analysis</b>			
6				
7				
8	This college was established in 1911. Development of a new 766-acre campus outside the City of Fresno will provide the following			
9	permanent facilities: laboratory school, gymnasium, library, music building, administration building, industrial arts building,			
10	education building, corporation yard, and agriculture units. The major move is scheduled for the summer of 1955. Included in			
11	the budget year is a physical science wing to the science building, with proposed financing from both the General Fund (re-			
12	ceipts from sale of property) and the Capital Outlay and Savings Fund.			
13				
14	<b>REAL PROPERTY ACQUISITION (COSF)</b>

## DEPARTMENT OF EDUCATION—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1				
2				
3	<b>Analysis</b>			
4				
5	Humboldt State College offers four-year programs in teacher education, liberal arts, wildlife management and selected two-year vocational training.			
6	Established in 1914, the campus now includes 75 acres and has eight permanent buildings including the main building, laboratory school, industrial arts building, gymnasium, women's dormitory, corporation building, library and a science building. A wildlife management and classroom building was financed in 1954-55. The budget proposes the construction of the fisheries building, raceways and ponds to complete the fisheries unit.

1	<b>Long Beach State College</b>			
2	<b>Analysis</b>			
3	This college was established in 1948 as an upper division liberal arts college, and moved in the fall of 1951 to a permanent 320-acre			
4	campus site donated by the City of Long Beach. Temporary facilities were constructed to accommodate an enrollment of 1,650			
5	full-time equivalent students. Beginning in the fall of 1953, the college was authorized to offer lower division courses.			
6	The following permanent buildings are under construction or financed: fine arts and little theater, classroom, library, cafeteria,			
7	science, and gymnasium. The budget year request includes an administration building which will provide added classrooms by			
8	release of office space.

1	<b>Sacramento State College</b>			
2	<b>Analysis</b>			
3				
4				
5	This college established in 1947 moved in 1952-53 to its new 265-acre campus. In existence at the present time are the first units,			
6	including administration, science, library, general classrooms, cafeteria, and boiler plant buildings. The second unit now under			
7	construction includes a second classroom building, men's gymnasium, music and speech, and home economics and fine arts			
8	buildings.			
9	An enrollment of 1,800 full-time student equivalents is estimated for 1954-55. Ultimate plant capacity will provide facilities for 2,500			
10	full-time students by 1965, as established by the report on higher education needs.

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>San Diego State College</b>			
2	<b>Analysis</b>			
3	The college was established in 1899 and moved to the present site in 1931. The campus covers approximately 250 acres. Courses in gen-			
4	eral education, teacher training, industrial arts and vocational education are offered.			
5	With enrollment growing rapidly to 4,350 full time equivalent students in 1954-55, additional classroom facilities are required to			
6	house the education department, now scattered in several metal temporary buildings about the campus. Located adjacent to the			
7	new training school, this building will combine all functions of education and teacher training in a compact location.

## DEPARTMENT OF EDUCATION—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>San Francisco State College</b>			
2	<b>Analysis</b>			
3	This college was established in 1899. In 1939, a new campus site was acquired at 19th Avenue and Lake Merced Boulevard. Additional purchases have increased the new campus until it now covers 97.5 acres. Courses in general education and teacher training are offered to the enrollment of 4,500 students in 1954-55.			
4	Additional facilities for 1954-55 include a health clinic to replace a small bungalow which has proven completely inadequate, an additional boiler to relieve the overload on the present two boilers, and provision for playfield facilities to complement a new laboratory school to be constructed by the San Francisco school district.

13	<b>MAJOR CONSTRUCTION, IMPROVEMENTS, AND EQUIPMENT</b>			
14				
15				
16	Construct health clinic-----	-	-	\$121,000
17	Equip health clinic-----	-	-	18,000
18	Demonstration school—playfield fence, paving, and equipment-----	-	-	76,000
19	Install additional boiler-----	-	-	55,800
20	Equip administration building-----	\$26,579	\$22,930	-
21	Equip science building-----	11,539	14,467	-
22	Equip fine and industrial arts building-----	68,576	21,640	-
23	Equip classroom building No. 2-----	57,749	24,286	-
24	Equip library building-----	25,674	10,547	-
25	Equip cafeteria building-----	255	29,745	-
26	Equip powerhouse, shop, and physical education facilities-----	595	2,513	-
27	Installation of storm sewer system-----	30,000	543	-
28	Construct classroom building No. 1 (additional cost)-----	51,587	-	-
29	Equip classroom building No. 1-----	-	70,000	-
30	Equip music and speech building-----	-	162,000	-
31	Site development to provide for completion of roads, walks, and landscape for new buildings currently financed at new campus-----	-	390,000	-
32	Repair storm damage to bulkhead-----	-	1,604	-
33	Preparation of schematic plans and estimates-----	1,590	350	-
34	Unexpended Balances Transferred From Architecture Revolving Fund:-----	-	-	-
35	Construct library building-----	-	—54,141	-
36	Construct music and speech building-----	-	—38,300	-
37	Construct classroom building-----	-	—19,500	-
38	Construct administration building-----	-	—10,000	-
39	Construct cafeteria-----	-	—18,000	-
40	Construct additional classroom building-----	-	—12,000	-
41	Construct storm sewer system-----	-	—9,000	-
42				
43				
44	TOTAL EXPENDITURES (Major Construction)-----	\$274,144	\$589,684	\$270,800
45				
46				
47	<b>MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS, AND EQUIPMENT</b>			
48				
49				
50				
51	Relocate housing building-----	-	-	\$9,000
52	Construct maintenance buildings-----	-	-	7,500
53	Construct greenhouse and grounds equipment shed-----	-	-	6,600
54	Install branch line shut-off valves in all buildings-----	-	-	1,300
55	Repair floor in women's locker room (partial area)-----	-	-	1,000
56	Initial complement of equipment for new campus laboratory school-----	-	-	19,700
57	Install blackout curtains in three laboratories in fine and industrial arts building-----	-	-	760
58	Install enclosures for shelving area in library building-----	-	-	1,745
59	Construct equipment storage shed at women's playfield-----	-	-	3,000
60	Replace tread and metal nosing on stairs in college hall-----	\$1,455	-	-
61	Fence corporation yard at new campus-----	2,000	-	-
62	Install underground gasoline storage tank-----	1,000	-	-
63	Relocate 11 temporary buildings at new campus-----	37,000	-	-
64	Paint stadium bleacher seats, new campus-----	600	-	-
65	Relocate temporary buildings at new campus-----	15,000	-	-
66	Move prefabricated buildings from old campus to new campus-----	9,500	-	-
67	Replace two power transformers-----	1,700	-	-
68	Construct retaining wall around rest room in stadium, new campus-----	-	\$2,000	-
69	Construct addition to fieldhouse, new campus-----	-	3,000	-
70	Original items of installed equipment-----	-	1,350	-
71	Construct overhead service platform for unit heaters in the swimming pool-----	-	600	-
72	Unexpended Balances Transferred From Architecture Revolving Fund:-----	-	-	-
73	Replace boiler, old campus-----	—25	-	-
74	Repair of storm damage and resurface tennis courts-----	—25	-	-
75	Complete temporary garage-----	—37	—3,000	-
76	Replace two power transformers-----	-	—85	-
77	Convert classrooms to laboratories-----	-	—423	-
78	Correct fire hazard-----	-	—2,038	-
79				
80				
81				
82				
83	TOTAL EXPENDITURES (Minor Construction)-----	\$68,168	\$1,404	\$50,605
84				
85	TOTAL EXPENDITURES, CAPITAL OUTLAY (Capital Outlay and Savings Fund)-----	\$342,312	\$591,088	\$321,405

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>San Jose State College</b>			
2	<b>Analysis</b>			
3	This college, established in 1870, offers courses in general education and teacher training to approximately 6,000 full-time equivalent			
4	students. Practically all buildings are permanent structures except a few temporary classroom buildings which are to be replaced			
5	by the current building program. The 107-acre campus is split between the main campus and the stadium and playfield areas.			
6	Installation of a fourth boiler in 1954-55 is necessary to heat presently-financed structures. Additional funds are also included to			
7	complete the library addition funded in 1953-54. Additional seating and reference facilities will be provided, bringing total ca-			
8	pacity to 1,500 students for the entire library. An additional classroom building will enable the college to reach 76 percent of its			
9	permanent classroom needs in terms of 6,000 students enrolled.			
10				
11				
12				
13	<b>REAL PROPERTY ACQUISITION</b>

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>California State Polytechnic College</b>			
2	<b>Analysis</b>			
3				
4				
5	Established in 1901, this school, located on 3,216 acres at San Luis Obispo, provides agricultural and vocational education. Ulti-			
6	mate plant capacity will provide teaching facilities for 3,060 full-time equivalent students. Except for permanent administra-			
7	tion, library, auditorium, and power plant buildings, all structures are of temporary farm-type construction. Location of this college			
8	makes extensive student housing facilities a necessity, and completion of several new housing units in 1952-53 will permit attain-			
9	ment of prior enrollment capacity which was temporarily curtailed in 1951-52 by repossession of the Camp San Luis Obispo hous-			
10	ing unit by the Army. Funds are provided in 1954-55 to complete working plans for the first unit of an engineering building.			
11	Two Southern California branches are maintained near San Dimas. The Voorhis unit specializes in citriculture, with frame and			
12	stucco dormitories and classrooms, and temporary farm-type structures occupying its 150 acres. The Kellogg unit consists of 812			
13	acres received as a restricted gift July 22, 1952, to provide expansion of instructional facilities in that area, and at present			
14	contains farm lands and an equerry. In order to hold title to certain Kellogg property, the State must, under lease provisions,			
15	start construction of at least \$500,000 in improvements prior to July 22, 1957. To fulfill this condition, the second half of a			
16	\$2,000,000 science building is budgeted for 1954-55, enabling completion of the first permanent building on the campus.

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>California Maritime Academy</b>			
2				
3	Analysis			
4				
5	This school, located at Vallejo, will have an average enrollment of 200 students in 1954-55 which will be a maximum capacity under			
6	present plans. Existing permanent facilities at this campus consist of a gymnasium and pool; all other facilities are tempo-			
7	rary structures. Additional dormitory space is obtained by using berthing quarters on the Training Ship <i>Golden Bear</i> . The			
8	budget for 1952-53 provided for the construction of a classroom building and kitchen and mess hall building in addition to			
9	partial site development and provisions for utilities.

1	<b>California School for the Deaf, Berkeley</b>			
2	<b>Analysis</b>			
3	Established in 1858, this residential school for deaf children will provide general and vocational education to 430 residential and 10			
4	day students in the budget year. The school is housed in permanent reinforced concrete buildings, comprising an administration			
5	building, dining hall and bakery, classroom buildings, and dormitories. The vocational building was completed during 1953-54,			
6	and the superintendent's new residence is in the course of completion. The residential nature of this school makes it necessary			
7	to replace the old gymnasium built in 1914 and provide a new athletic field to replace the old one that was used as a site for			
8	new dormitories.			
9

57	Soundproof rifle range	-	500	-
58	Install acoustic tile—various buildings, step 2	8,000	-	-
59	Install blackout shades—various classroom buildings	10,000	-	-
60	Install refrigerated drinking fountains—various buildings,			
61	step 1	5,000	-	-
62	Floor covering—various buildings	15,000	-	-
63	Development of court area between Kerckhoff Hall and educa-			
64	tion building	20,000	-	-
65	Install steam heat in temporary engineering building	3,750	-	-
66	Remodel gauge laboratory to provide constant temperature	3,350	-	-
67	Remodel air cooling in differential analyzer room	2,000	-	-
68	Construct three small darkrooms in basement of physics			
69	building	2,500	-	-
70	Extend storeroom in physics building	20,000	-	-
71	Extend heat treatment room in physics building	10,000	-	-
72	Install window guards in physics building basement	3,500	-	-
73	Fence athletic fields	9,000	-	-
74	Install asphalt tile floor covering in library stacks	5,000	-	-
75	Construct mail sorter—library	800	-	-
76	Install counter and control unit—business administration and			
77	economics building library	4,500	-	-
78	Replace discharging unit in library reserve book room	500	-	-
79	Replace tables in reading room—library	8,600	-	-

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,			
2	AND EQUIPMENT—Continued			
3				
4	Expenditures From Budget Act Appropriation			
5	(COSF)—Continued			
6				
7	Mt. Hamilton Campus:			
8	Enlarge apartment under schoolhouse	-	-	\$2,000
9	Relight and remodel hall and library in main building	-	-	7,500
10	Repair and improve drive mechanism of Crossley Dome	-	-	3,900
11	Butane tanks and water heaters to replace coal water heaters	-	\$1,600	-
12	Concrete porch to replace wood porch on Kron residence	-	450	-
13	Reroof dormitory and photography building	-	900	-
14	Road from Mayall residence to "Oh My" turn	-	500	-
15	Regrade and resurface portions of road past Herbig residence	-	450	-
16	and Aitken Annex	-	-	-
17	Restucco south half of main building	\$17,000	-	-
18	San Francisco Campus:			
19	Replace open-face unguarded electric switchboard in machine			
20	room of U.C. Hospital with enclosed switchboard to elim-			
21	inate hazards and increase capacity, and install feeder			
22	lines to six distribution panels in the building	-	-	45,000
23	Repair and improve Cole Hall (classroom-auditorium) to in-			
24	crease seating capacity and reduce fire hazards	-	-	15,000
25	Replace wiring at 610 Parnassus Avenue (student nurses' dor-			
26	mitory) to provide electrical capacity for proper lighting	-	-	10,000
27	Additional transformer bank	-	10,000	-
28	Convert wiring and equipment in old buildings to grounded			
29	3-wire electrical service	-	10,000	-
30	Replace elevator No. 3, U. C. Hospital	-	40,000	-
31	Replace elevator—nurses' dormitory	-	40,000	-
32	Replace fire alarm system—existing buildings	20,000	-	-
33	Install laundry water softener	15,000	-	-
34	Construct animal receiving facility—medical research building	20,000	-	-
35	Renovate medical center library including installation of			
36	sprinkler system in stacks	10,500	-	-
37	Replace steam and electric meters and condensate return pump			
38	for outlying buildings	2,100	-	-
39	Santa Barbara Campus:			
40	Convert building No. 475 on Goleta Campus to indoor rifle			
41	range for military science	-	-	15,000
42	Construct greenhouse, lathhouse, and headhouse on Goleta			
43	Campus	-	-	20,000
44	Mosquito control measures	-	17,500	-
45	Convert abandoned sewage disposal facilities for laboratory			
46	use in marine biology	-	20,000	-
47	Permanent survey boundary markers and grid control	-	1,500	-
48	Animal shelter	-	5,000	-
49	Landscaping—fast growing shrubs, trees and grass—step 2	-	13,500	-
50	Landscaping—fast growing shrubs, trees and grass—step 1	15,000	-	-
51	Erosion control—riprap cover growth	10,000	-	-
52				
53	Expenditures From Continuing Appropriation (FEF):			
54				
55	Berkeley Campus:			
56	Purchase initial equipment for new home economics building	-	-	20,000
57	Purchase and install air filter in greenhouse on Oxford Tract	-	-	2,800
58	Purchase and install temperature and humidity controls in			
59	greenhouse on Gill Tract	-	-	1,500
60	Rehabilitate and expand drainage and irrigation system on			
61	Gill Tract	-	-	14,500
62	Construct utility building on Gill Tract	-	-	8,600
63	Oxford Tract—improve site appearance	-	20,000	-
64	Strawberry Canyon—protect poultry plant	7,500	-	-
65	Strawberry Canyon—drainage of poultry plant	15,000	-	-
66	Poultry research laboratory—remodeling	20,000	-	-
67	Oxford Tract—install toilet facilities and concrete slab	5,000	-	-
68	Giannini Hall—repair and alteration of nutrition laboratory	7,000	-	-
69	Forestry Building—repairs and additions to provide additional			
70	laboratory facilities	1,200	-	-
71	Giannini Hall—install storage cabinets and floor covering	2,500	-	-
72	Davis Campus:			
73	Purchase initial equipment for new poultry husbandry building	-	-	20,000
74	Construct and equip rifle range to replace rifle range in West			
75	Hall, which is being demolished	-	-	20,000
76	Install new fencing for pastures and corrals of animal hus-			
77	bandry department	-	-	7,500
78	Repair steam lines and install additional vacuum steam pump			
79	in dairy industry building	-	-	28,000
80	Improve lighting in chemistry building	-	-	7,500
81	Improve airport runways	-	-	10,000
82	Install five growth chambers in agronomy building for the			
83	growing of plants in controlled environments	-	-	15,000
84				
85				
86

## DEPARTMENT OF EMPLOYMENT

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	Analysis			
2				
3				
4	During the 1952-53 Fiscal Year this department pursued a program of replacement of certain leased premises with state-owned			
5	buildings as a method of long-term economy.			
6	The cost of these buildings will be amortized by rental grants made by the United States Department of Labor as a part of the cost			
7	of administration of the State Unemployment Insurance Act.			
8	The offices selected have been housed in buildings which were too small or not adaptable or suitable to the department's various oper-			
9	ations. State-owned buildings will furnish properly designed offices which will meet all of the requirements of this agency.			
10	No appropriation is requested for the 1954-55 Fiscal Year for this program.			
11				
12				
13	REAL PROPERTY ACQUISITION (ECF)			
14				
15	Purchase of Sites for Office Buildings to Replace Rented Premises:

55	Buildings and Grounds Division			
56	Analysis			
57	The proposed program contains provision for alterations and improvements to state-owned facilities to relieve overcrowded co			
58	ditions and to utilize space to its best advantage. The cost of the above projects are estimated to be \$570,500.			
59	The budget proposes the establishment of lunch room facilities in San Francisco State Building for about 400 employees at			
60	cost of \$31,900. Provision is also made to provide equipment at a cost of \$17,800 for a lunch room in the new state buildi			
61	under construction on the Capitol Mall, Sacramento. Both lunch rooms are to be of the "snack-bar" type and will not allo			
62	the preparation of hot meals.			
63	Projects are included to make major repairs to the roof of the State Building in San Francisco and to modernize the elevators f			
64	more efficient service.			
65				
66				
67	REAL PROPERTY ACQUISITION			
68	Expenditures From Budget Act Appropriation (COSF):

## DIVISION OF FAIRS AND EXPOSITIONS

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	SUMMARY			
2				
3	REAL PROPERTY ACQUISITION			
4				
5	Sixth District Agricultural Association-----	\$47,845	\$202,000	—\$38,600
6				
7	MAJOR CONSTRUCTION, IMPROVEMENTS,			
8	AND EQUIPMENT			
9				
10	California State Fair and Exposition-----	\$1,408,822	\$470,167	\$159,490
11	Sixth District Agricultural Association-----	76,845	60,000	—
12	District Agricultural Associations-----	2,491,430	2,784,711	2,204,898
13				
14	TOTAL EXPENDITURES (Major Construction)-----	\$3,977,097	\$3,314,878	\$2,364,388
15				
16	MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,			
17	AND EQUIPMENT			
18				
19	California State Fair and Exposition-----	\$374,479	\$281,750	\$232,488
20	Sixth District Agricultural Association-----	7,213	—	8,820
21				
22	TOTAL EXPENDITURES (Minor Construction)-----	\$381,692	\$281,750	\$241,308
23				
24	TOTAL EXPENDITURES, CAPITAL OUTLAY-----	\$4,406,634	\$3,798,628	\$2,567,096
25	Capital Outlay and Savings Fund (COSF)-----	1,372,243	497,437	—
26	Fair and Exposition Fund (FEF)-----	3,073,754	3,339,191	2,605,696
27	General Fund (GF)-----	—39,363	—38,000	—38,600
28				
29				
30				
31				
32				
33				
34				
35				
36				
37	MAJOR CONSTRUCTION, IMPROVEMENTS,			
38	AND EQUIPMENT			
39				
40	Analysis			
41				
42	Provision is made for only the most needed improvements at the present site to alleviate the overcrowded conditions affecting the			
43	crowds at the fair, the concessionaires, and the increasing number of exhibitors.			
44				
45	Expenditures From Budget Act Appropriation:			
46				
47	Construct five concession stands (FEF)-----	—	—	\$45,000
48	Construct two race horse barns (FEF)-----	—	—	22,400
49	Construct service and supply warehouse (FEF)-----	—	—	25,000
50	Construct six rest rooms (FEF)-----	—	—	42,090
51	Remodel Hall of Flowers (FEF)-----	—	\$35,000	25,000
52	Install air conditioning in Counties Building (FEF)-----	—	120,000	—
53	Construct a racing officials' office (FEF)-----	—	20,000	—
54	Remodel Machinery Building for general exhibit purposes (FEF)-----	\$75,000	—	—
55	Construct exhibit buildings (COSF)-----	1,125,130	74,870	—
56	Construct Poultry, Pigeon and Rabbit Exhibit Building (COSF)-----	198,100	81,900	—
57	Renovate sewage system (COSF)-----	—	100,000	—
58				
59	Expenditures From Special Appropriations and Reserves:			
60				
61	Remodel Poultry Building to accommodate art exhibit (FEF)-----	11,603	38,397	—
62	Mapping, surveying, and other preliminary investigations and			
63	plans at new fair site (COSF)-----	—1,011	—	—
64				
65	TOTAL EXPENDITURES (Major Construction)-----	\$1,408,822	\$470,167	\$159,490
66				
67	MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,			
68	AND EQUIPMENT			
69				
70	Analysis			
71				
72				
73	The projects under this classification provide funds for necessary minor improvements to existing facilities in order to partially			
74	overcome plant obsolescence and to enable the State Fair to properly handle the increased activities related to the increased			
75	number of exhibits and exhibitors.			
76				
77	Expenditures From Budget Act Appropriation (FEF):			
78				
79	Install screens on poultry building-----	—	—	\$960
80	Construct two demonstration stages-----	—	—	2,927
81	Remodel paddocks-----	—	—	3,611
82	Repair jockey sleeping quarters-----	—	—	500
83	Remodel No. 23 barn-----	—	—	5,000
84	Remodel gates 2 and 14-----	—	—	4,000
85				
86

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>Psychiatric Hospital Clinic, Los Angeles</b>			
2	<b>Analysis</b>			
3	Financing in the amount of \$75,000 for design, working plans, and specifications for an initial major unit including hospital, out-			
4	patient clinic, administration, and other service facilities was made available in 1950-51. The unexpended balance of this			
5	amount is now proposed for reversion. An additional amount of \$170,000 is proposed to complete these plans and specifications.

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>Langley Porter Clinic</b>			
2				
3	Analysis			
4				
5	The Langley Porter Clinic, in conjunction with the University of California School of Medicine in San Francisco, operates a research,			
6	training, and acute treatment center for Northern California. Presently funded capacity is 97. The 1954-55 Budget provides only			
7	for urgently needed painting which cannot be accomplished economically from the support budget of this hospital.

## DEPARTMENT OF MENTAL HYGIENE—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>Camarillo State Hospital</b>			
2				
3	Analysis			
4				
5	Upon activation of the new juvenile unit in January, 1955, the capacity of this hospital will increase from 5,998 to 6,148. The major			
6	construction program in the 1954-55 Budget includes projects for reconditioning of boiler plant and completion of flood control			
7	measures. These projects are considered urgent in order to avoid costly breakdowns together with an interruption of essential			
8	utility services and flood damage to state property. Essential minor construction, improvements, repairs, and equipment are in-			
9	cluded in the amount of \$194,400.			
10				
11				
12	<b>REAL PROPERTY ACQUISITION</b>			
13				
14	Expenditures From Budget Act Appropriation (COSF):			
15				
16	Purchase of 50 acres of land for water development (partial			
17	cost) -----	\$5	-	-
18				
19	<b>MAJOR CONSTRUCTION, IMPROVEMENTS,</b>			
20	<b>AND EQUIPMENT</b>			
21				
22	Expenditures From Budget Act Appropriation (COSF):			
23				
24	Rehabilitate boiler plant to avoid breakdown-----	-	-	\$30,800
25	Completion of Calleguas Creek flood control-----	-	-	185,000
26	Preliminary Plans for:			
27	Auditorium-----	\$5,050	-	-
28	Recreation therapy and social service building-----	3,730	-	-
29	Soft water reservoir-----	790	-	-
30	Alter male kitchen-----	420	-	-
31	Modernize primary switchboard-----	640	-	-
32	Calleguas Creek flood control-----	-	\$275	-
33	Rehabilitation of boiler plant-----	-	500	-
34	Soft water reservoir-----	-	52,000	-
35	Construct and equip juvenile unit-----	641,490	104,610	-
36	Mechanical services for kitchen and other buildings-----	-	354,590	-
37	Cold storage additions and alterations to butcher shop (replacing			
38	Item 384, Budget Act of 1950, \$150,412, deferred by Section			
39	3.3)-----	228,684	-	-
40	Nursing employees' residence units-----	-	1,000,000	-
41	Laundry addition and equipment (replacing Item 383, Budget			
42	Act of 1950, \$167,850, deferred by Section 3.3)-----	205,550	9,980	-
43	Ten physicians' apartments (replacing Item 387, Budget Act of			
44	1950, \$118,000, deferred by Section 3.3)-----	-	115,000	-
45	Unexpended Balances Transferred From Architecture Revolving			
46	Fund:			
47	Preliminary Plans for:			
48	Soft water reservoir-----	-	-640	-
49	Modernize primary switchboard-----	-	-551	-
50	Rehabilitation therapy building-----	-	-2,679	-
51	Alter male kitchen-----	-	-400	-
52	Road and area improvements-----	-	-6,464	-
53	Water supply-----	-	-10,000	-
54	Cold storage and butcher shop-----	-	-16,000	-
55	Laundry addition and equipment-----	-	-7,000	-
56

## DEPARTMENT OF MENTAL HYGIENE—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>Mendocino State Hospital</b>			
2				
3	Analysis			
4				
5	The capacity of Mendocino State Hospital on June 30, 1952, was 2,418. The 1953-54 Budget included financing for alterations to			
6	the receiving and treatment building which will add 155 new beds in May of 1954. Also under construction is a 100-bed			
7	ward building at the farm which will be completed in August of 1954. Additional remodeling of the receiving and treatment			
8	building, not yet started, will add 32 new beds in the same month. This will bring the capacity of this hospital to 2,651 beds			
9	by June 30, 1955. Essential minor construction, repairs, improvements and equipment in the amount of \$69,000 is included in			
10	the 1954-55 Budget to maintain the hospital in operable condition.			
11				
12				
13	<b>MAJOR CONSTRUCTION, IMPROVEMENTS,</b>

## DEPARTMENT OF MENTAL HYGIENE—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>Metropolitan State Hospital</b>			
2				
3	<b>Analysis</b>			
4				
5	The capacity of this hospital on June 30, 1953, was 1,859 with 500 additional capacity anticipated in January, 1956, with the com-			
6	pletion of a new receiving and treatment building. Included in the 1954-55 Budget is a proposal to expand this hospital by			
7	approximately 1,600 capacity and its related facilities, such as a new kitchen that replaces the old kitchen and a kitchen which			
8	has been planned in the new receiving and treatment building, constructing a new laundry, enlarging the present boiler facilities			
9	and auxiliaries, and a storm drainage system so that the hospital buildings will be protected from flood damage. A new adminis-			
10	tration building is also proposed so that the various administrative offices located throughout the hospital may be housed in one			
11	place. Essential minor construction, improvements, repairs, and equipment are included in the amount of \$82,980 to maintain			
12	the hospital.			
13				
14				
15	<b>REAL PROPERTY ACQUISITION</b>			
16				
17	<b>Expenditures From Budget Act Appropriation (COSF):</b>			
18				
19	Land purchases for maintenance section.....	-	\$30,000	-
20	Purchase of additional land, approximately 20 acres, for site for			
21	additional hospital facilities.....	-	14,368	-
22				
23	<b>TOTAL EXPENDITURES (Real Property).....</b>	-	<b>\$44,368</b>	-

7	<b>Expenditures From Budget Act Appropriation (COSF):</b>			
8				
9	Convert poultry houses to shelters for dairy and hog ranch—			
10	poultry operation has been discontinued	-	-	\$8,350
11	Install towel racks, paper towel dispensers, bread boxes and cup-			
12	boards at various buildings	-	-	2,000
13	Purchase and install six additional fire hydrants to replace			
14	smaller hydrants of an obsolete type	-	-	1,350
15	Replace obsolete locks on female wards	-	-	2,500
16	Road repairs and resurfacing of roads that are no longer main-			
17	tainable	-	-	3,780
18	Curbs and sidewalks for safety of patients and protection of			
19	lawns and roadways	-	-	5,000
20	Install steel screens on four maximum security wards to prevent			
21	escapes	-	-	4,000
22	Install ground irrigation system in larger areas at hospital	-	-	5,000
23	Repair of gutters, close ceiling vents to prevent fire hazards,			
24	screen doors, repairs to primary electrical system, and re-			
25	place plumbing fixtures	-	-	51,000
26	Installation of acoustic, fireproof celotex ceiling	-	\$15,000	-
27	General repairs, painting, and improvements to utilities, build-			
28	ings, equipment, mechanical installations and grounds	\$47,115	104,659	-
29	New lock system replacement	-	8,500	-
30	Repairs and maintenance to wells and pumps	-	5,000	-
31	Addition to hog farrowing shed and creep pens	-	5,000	-
32	Completion of garage repair shop building	-	6,500	-
33	New parking lots and road repairs	-	8,500	-
34	New curbs, sidewalks and grading	-	9,000	-
35	Repairs to open drainage ditch	-	9,000	-
36	Termite control	-	9,000	-
37	Improvements at the farm	-	3,500	-
38	Install full length mirrors	-	900	-
39	Reset No. 2 boiler in main boiler room	10,000	1,603	-
40	Shop buildings for blacksmith and plumber	19,500	-	-
41	Additional garages for state cars and trucks	15,000	-	-
42	Fencing for maintenance building group	1,465	635	-
43	Air conditioning for surgery operating room	9,500	-	-
44	General repairs to electrical installation in surgery	7,500	-	-
45	Two prefabricated buildings for beauty shop facilities and			
46	therapy	4,621	5,379	-
47	Extension of poultry feed storage room	1,876	-	-
48	Reroof superintendent's residence	564	236	-
49	Road surfacing	34,430	2,720	-
50	Eliminate fire hazard in auditorium	4,500	3,000	-
51	New curbs (partial)	6,959	2,041	-
52	Extension of street lighting	5,388	5,012	-
53	Repair of grounds irrigation system (partial)	4,852	5,148	-
54	Tree surgery	2,500	2,500	-
55	Patients recreational area and facilities	4,500	4,500	-
56	Furnish and install electrically operated steam dishwashers	42,500	15,000	-
57	Prefabricated building and equipment for out-patient services	-	15,000	-
58	Improvements to carpenter and paint shop	206	-	-
59	Poultry laying houses (two)	3,832	-	-
60	General repairs and maintenance of ward buildings	269	34	-
61	General repairs and maintenance, other than ward buildings	821	21	-
62	Replace 2,000 feet of water pipe with large pipe, replace old			
63	small pumps with larger units in order to cope with the			
64	lowering water level	384	1,877	-
65	Construction and repairs to roads, to employees' buildings and			
66	patients' ward buildings	2,921	466	-
67	Provide refrigerated cooler space for commissary storeroom to			
68	hold perishable supplies	2,079	6,478	-
69	Extension of irrigation system for main institution lawns and			
70	gardens and discontinue the present practice of irrigating			
71	large areas with small sprinklers	499	-	-
72	Construct cement curbing for roads	519	28	-
73	Extension of street lighting to 1½ miles of existing roads where			
74	none is now provided	-	131	-
75	Provide toilets and drinking fountains for six patients' exercise			
76	yards	1	78	-
77	Repairs to 50,000-gallon water tank on which no extensive re-			
78	pairs have been made for several years	-	198	-
79	Provide auditorium chairs with glides to protect floor	587	-	-
80	Replace control valve to robot washing machines	-	18	-
81	Remodel men's industrial building	996	37	-
82	Provide 1,000 feet of fencing for the main institution grounds and			
83	replace old fencing at the hog ranch	1,980	493	-
84				
85

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>Napa State Hospital</b>			
2	<b>Analysis</b>			
3	The capacity of this hospital on June 30, 1952, was 4,017. An additional capacity of 714 results from the opening of the new receiving and treatment building. Under construction and scheduled for completion in April of 1954, is a ranch ward adding 46 new beds and replacing 54 beds. A tubercular ward addition of 484 beds is financed and will be completed in 1955-56. This will give a capacity of 5,261 beds by June 30, 1956. No additional major projects are included in the 1954-55 budget for the hospital. Essential minor construction, improvements, repairs, and equipment are included in the amount of \$118,997 to maintain the hospital in an operable condition.

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>Patton State Hospital</b>			
2	<b>Analysis</b>			
3				
4	The capacity of this hospital on June 30, 1953, was 3,572 with 304 additional beds being added in April, 1954, when the receiving			
5	and treatment building is completed. A ward building (34 new capacity, 131 replacement capacity) is authorized, but construc-			
6	tion has not started. It is estimated that this ward will be completed in April, 1955. Financing is included in the 1954-55			
7	Budget for a new reservoir and reservoir repairs plus construction and equipment for a new firehouse. Essential minor con-			
8	struction, improvements, repairs, and equipment in the amount of \$99,050 are included to maintain the hospital in an operable			
9	condition.			
10				
11				
12				
13	<b>MAJOR CONSTRUCTION, IMPROVEMENTS,</b>			
14	<b>AND EQUIPMENT</b>			
15				
16	<b>Expenditures From Budget Act Appropriation (COSF):</b>			
17

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>Patton State Hospital</b>			
2	<b>Analysis</b>			
3				
4	The capacity of this hospital on June 30, 1953, was 3,572 with 304 additional beds being added in April, 1954, when the receiving			
5	and treatment building is completed. A ward building (34 new capacity, 131 replacement capacity) is authorized, but construc-			
6	tion has not started. It is estimated that this ward will be completed in April, 1955. Financing is included in the 1954-55			
7	Budget for a new reservoir and reservoir repairs plus construction and equipment for a new firehouse. Essential minor con-			
8	struction, improvements, repairs, and equipment in the amount of \$99,050 are included to maintain the hospital in an operable			
9	condition.

## Patton State Hospital—Continued

## RECONCILIATION WITH APPROPRIATIONS—Continued

MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,  
AND EQUIPMENT

## Capital Outlay and Savings Fund

Budget Act appropriation-----	\$311,000	\$578,914	\$99,050
Allocations From:			
Budget Act of 1951, Item 362.4-----	12,500	11,601	-
Budget Act of 1952, Item 412-----	4,000	1,185	-
Prior Year Balances Available:			
Budget Act of 1949, Item 342-----	908	461	-
Budget Act of 1950, Item 417.1-----	677	242	-
Budget Act of 1951, Item 338-----	63,577	12,999	-
Budget Act of 1952, Item 386-----	-	13,699	-
Total Available-----	\$392,662	\$619,101	\$99,050
Balance available in subsequent year-----	40,187	-	-
Transferred to Item 362.3, Budget Act of 1951-----	33,500	12,458	-
TOTAL EXPENDITURES (Minor Construction)-----	\$318,975	\$606,643	\$99,050
TOTAL EXPENDITURES, CAPITAL OUTLAY (Capital Outlay and Savings Fund)-----	\$370,008	\$2,144,790	\$225,010

## DEPARTMENT OF MENTAL HYGIENE—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>Stockton State Hospital</b>			
2	<b>Analysis</b>			
3	The capacity of this hospital will be 4,352 on June 30, 1955, and no additional expansion is anticipated in this budget. The new receiving and treatment building, Phase I with new capacity of 352, is being activated in the current fiscal year. Phase II of this building (new capacity, 80 and replacement, 36) will be completed during the budget year. No additional major construction is included in the 1954-55 Budget for Stockton. Essential minor construction, improvements, repairs, and equipment in the amount of \$134,879 are included to maintain the hospital in an operable condition.

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>Pacific State Hospital</b>			
2	<b>Analysis</b>			
3	The capacity of this hospital on June 30, 1953, was 1,648. Twelve ward buildings under construction, to be completed by June of 1954,			
4	will add 890 new beds. Additional major projects authorized but on which construction has not started are: A hospital annex of			
5	324 new beds and 80 replacement beds to be completed by February, 1956, and three more ward buildings of 215 beds to be			
6	completed in September, 1955. No major construction is included in the 1954-55 Budget. Essential minor construction, improve-			
7	ments, repairs, and equipment are included in the 1954-55 Budget amounting to \$49,270, to maintain the hospital in an operable			
8	condition.

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>Porterville State Hospital</b>			
2				
3	<b>Analysis</b>			
4				
5	The site for the Porterville State Hospital was acquired in 1946. In August, 1953, there were 448 beds completed, and by June 30,			
6	1954, it is estimated that the capacity will be 1,532 beds. During 1955-56, an additional 1,008 beds will be completed, bringing			
7	the capacity up to 2,540 beds. No major projects are included in the 1954-55 Budget. Essential minor construction, improve-			
8	ments, repairs, and equipment in the amount of \$29,803 are included for maintenance and improvements of the plant facilities.			
9

## DEPARTMENT OF MENTAL HYGIENE—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>Sonoma State Hospital</b>			
2	<b>Analysis</b>			
3	The capacity of this hospital on June 30, 1953, was 2,405. Scheduled for completion during 1953-54 and 1954-55 are 728 new and 118			
4	replacement beds. These beds are made up of an addition to the hospital, a nursing cottage, and seven ward buildings. Construc-			
5	tion is authorized but not started on six ward buildings and a receiving hospital which will provide 790 additional beds by			
6	August of 1956. Essential minor construction, improvements, repairs, and equipment are included in the amount of \$97,564			
7	to maintain plant facilities.			
8				
9				
10				
11				
12	<b>MAJOR CONSTRUCTION, IMPROVEMENTS,</b>			
13	<b>AND EQUIPMENT</b>			
14				
15	<b>Expenditures From Budget Act Appropriation (COSF):</b>			
16

## DEPARTMENT OF FISH AND GAME—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>Wildlife Conservation Board</b>			
2	<b>General Analysis</b>			
3	Completion, in so far as possible, of the authorized program of acquisition, construction, and improvements of wildlife conservation projects is planned for 1954-55. The \$9,000,000 appropriated by Chapter 1327, Statutes of 1947, has been allocated to projects by the Wildlife Conservation Board, and a large part of these projects has been completed. The additional revenue provided by Chapter 1401, Statutes of 1951, is being allocated to projects by the Wildlife Conservation Board.			
4				
5	<b>REAL PROPERTY ACQUISITION AND CONSTRUCTION, IMPROVEMENTS, AND EQUIPMENT</b>			
6				
7	<b>Analysis</b>			
8	Projects for construction of fish hatcheries, development of fishing areas, stream improvements, and waterfowl and game development are summarized below:			
9				
10	<b>Expenditures From Special Appropriations and Reserves:</b>			
11				
12	Fish hatchery and stocking projects	\$490,371	\$943,134	\$214,502
13	Warm water and other fish projects	14,513	220,493	-
14	Flow maintenance and stream improvement projects	30,369	197,487	46,887
15	Fish screen and ladder projects	43,424	39,237	49,000
16	Upland game projects	—492	10,750	-
17	Waterfowl projects	530,063	398,858	2,277,197
18	General projects	1,155	15,687	-
19	<b>TOTAL EXPENDITURES, CAPITAL OUTLAY</b>	<b>\$1,109,403</b>	<b>\$1,825,646</b>	<b>\$2,587,586</b>

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>Division of Beaches and Parks</b>			
2				
3				
4	<b>GENERAL ANALYSIS</b>			
5				
6	The acquisition of additional beach and inland park areas from funds appropriated by Chapter 1422, Statutes of 1945, is planned			
7	for the 1954-55 Fiscal Year.			
8	Proposed construction provides for major development at one new state park and additional development at four state parks.			
9	Various minor projects are also proposed at several state beaches and parks.			
10				
11				
12	<b>REAL PROPERTY ACQUISITION</b>			
13				
14	<b>Analysis</b>			
15				
16	The acquisition of additional beach and park lands proposed for 1954-55 are summarized by county below. Expenditures of state funds			
17	for acquisition of these properties are matched either in cash or land from other than state sources under provisions of Chapter			
18	1422, Statutes of 1945.			
19				
20	<b>STATE BEACHES</b>

## DEPARTMENT OF NATURAL RESOURCES—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>Division of Forestry</b>			
2	<b>GENERAL ANALYSIS</b>			
3				
4				
5	The capital outlay program of the Division of Forestry comprises the purchase of a site for District III headquarters and lookout			
6	sites for forest fire detection, the construction and development of forest protection stations to provide fire protection and sup-			
7	pression on lands having state-wide interest values, and the construction of a forestry honor camp for inmates of the Department			
8	of Corrections.			
9				
10				
11	<b>REAL PROPERTY ACQUISITION</b>			
12				
13	<b>Analysis</b>			
14				
15	Acquisition of a site for the District III headquarters installation for which construction funds were provided in 1953-54 is proposed			
16	and the program for which funds were provided in 1953-54 of acquiring sites for strategically located fire lookout towers is			
17	continued for the 1954-55 Fiscal Year.			
18				
19	<b>Expenditures From Budget Act Appropriation (COSF):</b>			
20				
21	Acquire site for District III headquarters—Sacramento-----	-	-	\$35,000
22	Purchase of Sites for Forest Protection Stations:			
23	District I			
24	Lake County -----	\$819	\$1,481	-
25	Napa County -----	101	4,399	-
26	Sonoma County -----	3,200	7,757	-
27	Mendocino County -----	43	-	-
28	District II

## DEPARTMENT OF PUBLIC HEALTH

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	Analysis			
2				
3				
4	Funds are available for the construction of an office and laboratory building in Berkeley, adjacent to the campus of the University			
5	of California. The completed construction of this building will result in improved services by providing space for all headquar-			
6	ters offices in one building, improved laboratory facilities, and closer cooperation with the University of California School of			
7	Public Health. Funds for a lunch room (snack bar) are provided in 1954-55 to serve the more than 500 employees housed in			
8	the new building.			
9				
10	MAJOR CONSTRUCTION, IMPROVEMENTS,			
11	AND EQUIPMENT			
12				
13	Expenditures From Budget Act Appropriation (COSF):			
14				
15	Equip lunch room—(snack bar) office building, Berkeley-----	-	-	\$23,000
16	Construct and equip public health office and laboratory building,			
17	Berkeley (partial cost)-----	\$388,093	\$433,430	-
18				
19	Expenditures From Special Appropriations and Reserves			
20	(COSF):			
21				
22	Construct public health office and laboratory building-----	50,000	-	-
23

<sup>1</sup> Increases due to additional work made possible by increases in highway revenues.

<sup>2</sup> Increases or decreases to reflect adjustment in accordance with foreseeable expenditure programs.

<sup>3</sup> Increases made possible by increased highway revenues and projects costing less than originally estimated. A supplemental schedule follows which covers the revisions in individual major construction projects.

<sup>4</sup> Increase or decrease because of legislative action.

<sup>5</sup> Increases due to inclusions of unexpended balance for prior years work in the current budget.

<sup>6</sup> Increase occasioned by crediting depreciation deductions to the purchase of replacement equipment.

32	Equipment -----	—	1,608,031	3,020,004	1,411,973 <sup>2</sup>
33	Building and Plants -----	3,500,000	4,759,726	4,358,494	—401,232 <sup>1</sup>
34					
35	Totals, Capital Outlay -----	\$128,462,358	\$132,892,002	\$147,244,301	\$14,352,299
36					
37	TOTALS, EXPENDITURES AND OBLIGATIONS -----	\$160,015,646	\$163,675,872	\$178,512,071	\$14,836,199

<sup>1</sup> Variation between estimated and actual expenditures for these items are normal and do not reflect any change in program.

<sup>2</sup> A supplemental schedule follows detailing differences in estimated and actual expenditures for major construction projects.

<sup>3</sup> Normal increases reflecting increase in construction work.

<sup>4</sup> It has not been possible to fully expend the remaining balance of funds made available by Section 203 of the Streets and Highways Code because plans for the work have not all been approved by the cities.

<sup>5</sup> Decreases represent obligations carried forward to ensuing fiscal year.

<sup>6</sup> Budget estimate reduced pending development of year's work program.

<sup>7</sup> Reduction made possible by charging operating expense against total revenue.

<sup>8</sup> Increase occasioned by crediting depreciation deductions to the purchase of replacement equipment.

**REASONS FOR REVISIONS**

**Project Decreases**

- <sup>0</sup> Project or portion of project deferred for future budgeting.
- <sup>1</sup> Savings, funds in excess of budget requirements.
- <sup>1A</sup> Project or portion of project advanced to prior fiscal year.
- <sup>2</sup> Deferred to subsequent fiscal year in order to provide time to clear right of way.
- <sup>2A</sup> Deferred due to redesign of project.
- <sup>3</sup> Deferred to finance more critical work.
- <sup>3A</sup> Deferred due to shortage of steel which prevailed at that time.
- <sup>4</sup> Project or portion of project financed from other funds.
- <sup>5</sup> Due to redesign of project.
- <sup>6</sup> Deferred because of excessive bid prices.

**Project Increases**

- <sup>7</sup> Project added as a result of safety studies.
- <sup>8</sup> Funds required because of increased construction costs or low budget estimate.
- <sup>9</sup> Funds required because of revision of design standards or scope of work.

**Additional Projects**

- <sup>10</sup> To improve deficient roadway.
- <sup>11</sup> To improve deficient structure.
- <sup>12</sup> To eliminate hazardous conditions.
- <sup>13</sup> To improve drainage.
- <sup>13A</sup> To construct a detour.
- <sup>14</sup> To install traffic regulatory or safety devices.
- <sup>14A</sup> To install fire protection facilities.
- <sup>15</sup> To reduce damage to highways caused by overloads.
- <sup>16</sup> To reconstruct winter storm damage.
- <sup>17</sup> To reconstruct roadway in slide area.
- <sup>18</sup> To construct a frontage road incorporated with a federal access project.
- <sup>19</sup> To relieve traffic congestion.
- <sup>20</sup> To provide a winter traffic detour.
- <sup>20A</sup> To improve an intersection.
- <sup>21</sup> To replace a deteriorated or destroyed structure.
- <sup>22</sup> To repair a deteriorated structure.
- <sup>23</sup> To repair a deteriorated roadway.
- <sup>24</sup> To improve a low standard road (requested by county to use Federal Aid Secondary Funds).
- <sup>25</sup> To provide for erosion control and roadside delineation.
- <sup>25A</sup> To prevent erosion.
- <sup>26</sup> To place seal coats on recently completed surfacing.
- <sup>27</sup> Made possible by additional funds provided by legislation.
- <sup>28</sup> Revision, combining of approved projects.
- <sup>29</sup> Made possible by increased revenues.
- <sup>30</sup> Dedication plaque ordered by Legislature.
- <sup>31</sup> For acquiring a material source.
- <sup>32</sup> For converting limited features to access highway.
- <sup>33</sup> Highway work made necessary by improvements made by other agencies.

**REASONS FOR REVISIONS**

**Project Decreases**

- <sup>0</sup> Project or portion of project deferred for future budgeting.
- <sup>1</sup> Savings, funds in excess of budget requirements.
- <sup>1A</sup> Project or portion of project advanced to prior fiscal year.
- <sup>2</sup> Deferred to subsequent fiscal year in order to provide time to clear right of way.
- <sup>2A</sup> Deferred due to redesign of project.
- <sup>3</sup> Deferred to finance more critical work.
- <sup>3A</sup> Deferred due to shortage of steel which prevailed at that time.
- <sup>4</sup> Project or portion of project financed from other funds.
- <sup>5</sup> Due to redesign of project.
- <sup>6</sup> Deferred because of excessive bid prices.

**Project Increases**

- <sup>7</sup> Project added as a result of safety studies.
- <sup>8</sup> Funds required because of increased construction costs or low budget estimate.
- <sup>9</sup> Funds required because of revision of design standards or scope of work.

**Additional Projects**

- <sup>10</sup> To improve deficient roadway.
- <sup>11</sup> To improve deficient structure.
- <sup>12</sup> To eliminate hazardous conditions.
- <sup>13</sup> To improve drainage.
- <sup>13A</sup> To construct a detour.
- <sup>14</sup> To install traffic regulatory or safety devices.
- <sup>14A</sup> To install fire protection facilities.
- <sup>15</sup> To reduce damage to highways caused by overloads.
- <sup>16</sup> To reconstruct winter storm damage.
- <sup>17</sup> To reconstruct roadway in slide area.
- <sup>18</sup> To construct a frontage road incorporated with a federal access project.
- <sup>19</sup> To relieve traffic congestion.
- <sup>20</sup> To provide a winter traffic detour.
- <sup>20A</sup> To improve an intersection.
- <sup>21</sup> To replace a deteriorated or destroyed structure.
- <sup>22</sup> To repair a deteriorated structure.
- <sup>23</sup> To repair a deteriorated roadway.
- <sup>24</sup> To improve a low standard road (requested by county to use Federal Aid Secondary Funds).
- <sup>25</sup> To provide for erosion control and roadside delineation.
- <sup>25A</sup> To prevent erosion.
- <sup>26</sup> To place seal coats on recently completed surfacing.
- <sup>27</sup> Made possible by additional funds provided by legislation.
- <sup>28</sup> Revision, combining of approved projects.
- <sup>29</sup> Made possible by increased revenues.
- <sup>30</sup> Dedication plaque ordered by Legislature.
- <sup>31</sup> For acquiring a material source.
- <sup>32</sup> For converting limited features to access highway.
- <sup>33</sup> Highway work made necessary by improvements made by other agencies.

51				
52	<sup>a</sup> Represents additional revenue due to increased Highway User Taxes enacted under Chapter 1200, Statutes of 1953.			
53	<sup>b</sup> Represents revenue from contributions which cannot be estimated in advance and which is taken into the budget as projects concerned are placed under work order. Included in this item is \$5,000,000 appropriated under Chapter 1505, Statutes of 1945 from the Highway Bond Sinking Fund of 1943 for constructing approach to the Golden Gate Bridge.			
54	<sup>c</sup> Revisions in federal aid adjust the estimated revenues to actual apportionments.			
55	<sup>d</sup> Includes judgment fees and payment of interest on advances to the California Toll Bridge Authority.			
56	<sup>e</sup> Represents estimated income from investment of State Highway Funds and is additional to income from investment of highway user tax funds administered by State Controller.			
57	<sup>f</sup> Estimated income from Martinez-Benicia Ferry acquired by State on October 6, 1953, pursuant to Chapter 1737, Statutes of 1953.			
58	<sup>g</sup> Contributions to be received other than State Highway Fund moneys in connection with specific projects, the expenditure of which is reflected as an augmentation of the "Capital Outlay" section of this report.

## WATER PROJECT AUTHORITY

Created by Chapter 1042, Statutes of 1933, to finance, construct, operate and administer the then proposed Central Valley Project. The Water Project Authority was appropriated moneys by the 1952 Legislature "to conduct surveys and studies preliminary to the acquisition by the State of the Central Valley Project upon a self-liquidating basis."

## DEPARTMENT OF VETERANS AFFAIRS—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>Veterans' Home of California</b>			
2	<b>Analysis</b>			
3	This facility is located near Yountville, Napa County. It is a home for aged and disabled, honorably discharged former members			
4	of the armed forces who meet the entrance requirements. The site of the home is on a hillside with both single- and two-			
5	story buildings and a four-story hospital. With the exception of certain recreation buildings, most of the structures of the			
6	institution have been replaced or are in good condition.			
7				
8				
9				
10				
11	<b>MAJOR CONSTRUCTION, IMPROVEMENTS,</b>			
12	<b>AND EQUIPMENT</b>			
13	<b>Expenditures From Budget Act Appropriation (COSF):</b>			
14				
15	Improvements to water distribution system-----	-	-	\$25,900
16	Convalescent and Chronic Barracks:			
17	Construction-----	-	\$874,650	-
18	Equipment-----	-	-	50,000
19	Construct 120-bed hospital wing-----	-	618,000	-
20	Replace condemned recreation facilities (partial cost)-----	-	513,012	-
21	Replace and Relocate Commandant's Residence:			
22	Construction-----	-	19,995	-
23	Site development-----	-	4,250	-
24	Equipment-----	-	6,650	-
25	Grounds lighting system-----	-	102,000	-
26	Hospital kitchen alterations (partial cost)-----	-	1,868	-
27	Equip women employees' quarters (partial cost)-----	\$264	-	-
28	Equip domiciliary barracks building-----	32,176	2,824	-
29	Construct sidewalks-----	-	5,700	-
30	Install street lighting-----	-	15,000	-
31	Construct and equip auditorium and related facilities-----	-	40,000	-
32	Preliminary plans and specifications-----	26,860	-	-
33	Alterations to Boiler House and Installation of 500 H.P. Boiler:			
34	Preliminary plans-----	-	2,370	-
35	Construction-----	184,300	130	-
36	Extension of main road-----	69,100	-	-
37	Remodel and Re-equip Clinical Laboratory and Eye, Ear, Nose			
38	and Throat Clinic:			
39	Construction-----	24,500	-	-
40	Equipment-----	-	13,260	-
41	Central Warehouse:			
42	Preliminary plans-----	-	1,200	-
43	Construction-----	87,000	6,750	-
44	Ground Improvements:			
45	Preliminary plans-----	-	610	-
46	Construction-----	-	47,190	-
47	Complete cemetery improvements-----	-	36,820	-
48	Equip women veterans' building (GF)-----	804	1,356	-
49	Unexpended Balances Transferred From Architecture Revolving			
50	Fund:			
51	Preliminary plans for grounds lighting system-----	-	-1,384	-
52	Preliminary plans for 120-bed hospital wing-----	-	-7,883	-
53	Underground electric system-----	-	-3,578	-
54	Construct domiciliary barracks building-----	-15,000	-2,408	-

# **UNALLOCATED FUNDS FOR PRELIMINARY PLANS, INCREASED COST OF CONSTRUCTION AND MISCELLANEOUS REPAIRS AND IMPROVEMENTS**

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1				
2	Analysis			
3				
4	Lump sum appropriations have been provided which are allocated to agencies as needed. The expenditures from such allocations are			
5	included in the individual agency budgets. That part which has not been allocated but which is estimated to be needed for further			
6	allocations is included here as an expenditure.			
7	Funds for preliminary plans will be allocated to agencies for preparation of schematic diagrams for new construction projects prior			
8	to determination of the required appropriations for working drawings and construction. It is proposed that the excess balance			
9	available be reverted.			
10	Funds for increased cost of construction will be allocated to agencies when the lowest bid on a project is in excess of the funds made			
11	available for the project. The lump sum appropriation has been augmented by transfer of excess funds or savings in completed			
12	projects to the extent that more than a sufficient amount is available. It is proposed that the excess balance be reverted and			
13	become available for new appropriations for specific projects.			
14	Funds for miscellaneous repairs and improvements will be allocated to agencies as needed. It is proposed that the balance in excess			
15	of the estimated requirements be reverted.

# Part III. Local Assistance Section

## SUBVENTIONS

### FOR EDUCATION:

- Apportionments for Public Schools
- Vocational Education—Reimbursements to School Districts
- Child Care Centers
- School Building Construction
- Transfer to School Building Construction Funds
- Debt Service on Public School Building Bonds
- Contribution to Teachers' Retirement System
- School Lunch Program
- Free Textbooks

### FOR PUBLIC HEALTH:

- Aid to Local Health Departments
- Services to Counties Without Local Health Departments
- Assistance to Counties for Tuberculosis Sanatoria
- Assistance to Counties for Care of Crippled Children
- Assistance to School Districts for the Treatment of Cerebral Palsied Children
- Assistance to Local Agencies for Mosquito and Gnat Control
- Assistance to Local Agencies for Hospital Construction

### FOR PUBLIC WORKS:

- County Roads and Highways
- Flood Control
- Sacramento Deep Water Channel
- Postwar Public Works Projects
- Storm and Flood Damage Repairs
- Earthquake Damage Repairs
- Veterans Housing
- Redondo Beach Sea Wall
- Grade Separations

### FOR SOCIAL WELFARE:

- Old Age Security
- Aid to the Needy Blind
- Aid to Partially Self-supporting Blind
- Aid for Institutional Care of Needy Aged and Blind
- Aid to Needy Children
- County Administration of Assistance Programs
- Local Inspection of Homes and Agencies Caring for Aged and Children
- Reimbursements to Counties for Administration and Care of Adoptions
- County Administration of Child Welfare Services
- Transportation of Needy Children

### FOR OTHER PURPOSES:

- Salaries of Superior Court Judges
- Contributions to Judges' Retirement Fund
- County Veterans Service Officers
- County Agricultural Commissioners
- Workmen's Compensation for Civil Defense Workers
- Aid for County Juvenile Homes and Camps
- Aid to County Agricultural and Citrus Fairs

## **SHARED REVENUES**

### **FOR GENERAL GOVERNMENT:**

- Apportionment of Liquor License Fees
- Apportionment of Motor Vehicle License Fees (in lieu tax)

### **APPORTIONMENT OF FEDERAL RECEIPTS:**

- Flood Control Lands
- Forest Reserves
- Grazing Lands
- Potash Lease Rentals

### **FOR COUNTY ROADS:**

- Apportionment of Motor Vehicle Fuel Tax
- Apportionment of Motor Vehicle Registration and Weight Fees

### **FOR COUNTY AIRPORTS:**

- Apportionment of Motor Vehicle Fuel Tax

### **FOR CITY STREETS:**

- Apportionment of Motor Vehicle Fuel Tax

## SUBVENTIONS FOR EDUCATION—Continued

LINE	SUBVENTION EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	ESTIMATED 1954-55
<b>Apportionments for Public Schools—Continued</b>				
<b>GENERAL ANALYSIS</b>				
6	Article IX, Section 6 of the Constitution, as amended November 4, 1952, fixes a payment of \$180 per pupil in average daily attendance during the preceding school year for public school support. This amount includes the support of all programs in the public schools with the exception of the motor vehicle operation instruction program which was added by Chapter 1877, Statutes of 1953. Under the provision of this statute, 75 percent of the excess cost of conducting a motor vehicle operation instruction program, but not to exceed \$30 per student, shall be paid by the Superintendent of Public Instruction. Payments of \$383,018 were made in 1953-54 and it is estimated \$990,000 will be spent in 1954-55. This program is supported by the collection of additional fines on moving violation of the Motor Vehicle Code which are paid into the General Fund. So much as is necessary is then transferred to the State School Fund for the support of this program.			
14	The average daily attendance for 1953-54 is estimated at 2,192,500, an increase of 155,331 or 7.6 percent over 1952-53.

<sup>a</sup> Originally reported regular A.D.A. of 389,809 included 9,671 regular A.D.A. in evening high schools which have been transferred to "classes for adults" to establish comparability with 1952-53 figures (see Education Code, Section 8704). Original total for high school grades is 393,810.

<sup>b</sup> Program began in 1952-53; shows number of pupils trained only, with figures excluded from all A.D.A. totals.

<sup>c</sup> Originally reported regular A.D.A. of 69,697 included 1,361 regular A.D.A. in evening junior colleges which have been transferred to "classes for adults" to establish comparability with 1952-53 figures (see Education Code, Section 8704). Original total for junior college grades is 69,713.

<sup>d</sup> Originally reported total of 58,587 plus 11,032 regular A.D.A. in evening high schools and junior colleges (see Education Code, Section 8704). No breakdown into "institutional" and "other" available for 1951-52.

\* In 1952-53 average daily attendance in classes for adults included in regular high school and junior college classes.

63	Accumulated Surplus, June 30th	\$148,269	\$44,483	\$156,100
64				
65	<sup>b</sup> An error in computing the tax rate in one district in 1951-52 required an emergency apportionment of \$68,787 from the General Fund. This money is to be repaid in four installments by withholding the amounts from yearly apportionments. Education Code Section 7654.			
66	<sup>c</sup> Excess apportionments were made in 1951-52 in the amount of \$184,417 and in 1952-53 in the amount of \$147,682. Like amount are withheld in apportionments in 1952-53 and 1953-54 by authority of Section 7190 of the Education Code.			
67	<sup>d</sup> \$211,790 was withheld from payments in 1950-51 due to a court action. The court case has been decided and payment was made in 1952-53.			
68	<sup>e</sup> Apportionments in prior years was withheld due to error or lack of information on recomputation, these amounts were found to be due and paid under authority of Sections 7190 and 7000.1 of the Education Code.			
69	<sup>f</sup> A supplemental apportionment for growth was made on August 6, 1952, for the 1951-52 Fiscal Year. Actual payment was made during the 1952-53 Fiscal Year.

55	<b>GENERAL ANALYSIS</b>			
56				
57	Child Care Centers are established where a demonstrated need is shown for the care of minor children whose parents are working,			
58	or incapacitated by illness or other disability. The aid furnished to these centers by the State is computed in accordance with			
59	the provisions of Chapter 1427, Statutes of 1953.			
60				
61	<sup>a</sup> Federal funds. Neither the receipts nor the expenditures therefrom are included in the over-all budget totals. See Schedule 7 for			
62	summary of federal funds.			
63	<sup>b</sup> Cost of operation of the San Francisco State College Child Care Center during 1954-55 is financed within the support appropria-			
64	tion for that college, in accordance with Chapter 1717, Statutes of 1953.

18				
19				
20	<b>GENERAL ANALYSIS</b>			
21				
22	The State Allocations Board, under the provisions of this program, apportions money to local school districts which are impover-			
23	ished to the extent that their tax rate was within one-half cent of the legal maximum, and their bonded debt exceeded 95 percent			
24	of the amount permitted by law.			
25	A total of \$55,000,000 was appropriated for the program, which must be applied for by the school district prior to December 31, 1953.			
26	Allotments may be made on approved applications until December 31, 1954. Payments may be made until December 31, 1955.			
27	The current allotments being made are for increased costs on projects previously approved.			
28	Balances of allotments on completed projects being returned by the school districts are in excess of new allotments.

## SUBVENTIONS FOR EDUCATION—Continued

LINE	SUBVENTION EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	ESTIMATED 1954-55
1	<b>Debt Service on Public School Building Bonds—Continued</b>			
2	<b>GENERAL ANALYSIS</b>			
3				
4				
5				
6	The school building loan program provides that \$435,000,000 be made available to be allocated to school districts for construction of			
7	public school facilities. Those school districts which are financially able to do so will repay the amounts allocated. The amount			
8	to be repaid is determined by the relationship of the bonded indebtedness to the assessed valuation of the district.			
9	The funds from which to make the loans are provided through sale of bonds and from moneys transferred from General Fund sur-			
10	plus, Chapter 922, Statutes of 1949, authorized a \$250,000,000 bond issue; Chapter 28, Statutes of 1952, authorized a			
11	\$165,000,000 bond issue; and \$20,000,000 was provided from General Fund surplus. Two hundred seventy-five million dollars			
12	of the authorized bonds have been sold. It is estimated that \$50,000,000 will be sold in May, 1954; and \$50,000,000 in Novem-			
13	ber, 1954.			
14	Interest and redemption charges on the school building bonds are initially paid from the General Fund. Any moneys in the bond funds			
15	which were derived from premium and accrued interest on bonds sold, interest earned on investment of funds not yet allocated,			
16	and from repayments from school districts, are available for transfer to the General Fund. These transfers are accounted as an			
17	offset against the General Fund interest and redemption charges.			
18	The School Bond Retirement Fund was established by the transfer of \$50,000,000 from General Fund surplus. This fund is to be			
19	used as a reserve for payment of part of the annual retirement charges on the school building bonds.			
20

13				
14				
15	<b>GENERAL ANALYSIS</b>			
16				
17	The State Teachers' Retirement System by 1954-55 will contain 140,000 active members with an additional retired roll of 15,500 mem-			
18	bers. Since July 1, 1944, members' contributions have been on a full reserve basis. State contributions are appropriated in			
19	amounts required to liquidate the amount of maturing liabilities not funded from the members' reserve, rather than as liabilities			
20	accrued prior to retirement.			
21	The State's contribution to the Teachers' Permanent Fund and the Retirement Annuity Fund is used for purposes of financing the			
22	major portion of the expenditures for <i>retirement allowances</i> in each fund, and in addition, to finance the subvention <sup>a</sup> to local			
23	retirement systems and a part of the death benefits in the Retirement Annuity Fund. These expenditures are estimated at \$9,-			
24	447,069 and \$19,974,847 respectively for the 1954-55 Fiscal Year as detailed in the fund condition statement in the appendix.			
25	The expenditures for the Teachers' Permanent Fund are made up of retirement allowances, refunds of contributions, and death			
26	benefits, and in the Retirement Annuity Fund they are made up of retirement allowances, refunds of contributions, death benefits			
27	and subventions to local retirement systems.			
28	The following schedule outlines the expenditure program and the source of funds:			
29				
30				
31	<b>TEACHERS' PERMANENT FUND</b>			
32				
33	Retirement Allowances:			
34	State Obligation:			
35	Budgeted-----	\$5,825,700	\$6,890,800	\$6,301,000
36	Surplus of appropriations brought forward-----	132,435	498,383	550,768
37	District contributions-----	1,043,303	1,100,000	1,150,000

41	Refunds of member contributions-----	601,630	900,000	1,050,000
42	Death benefits-----	86,439	92,000	99,000
43				
44	TOTAL EXPENDITURES-----	\$7,880,487	\$8,738,418	\$9,447,069
45				
46				
47	<b>RETIREMENT ANNUITY FUND</b>			
48				
49	Retirement Allowances:			
50	State Obligations:			
51	Budgeted-----	\$9,173,012	\$12,615,766	\$12,428,000
52	Surplus of appropriations brought forward-----	659,914	855,730	591,018
53	Member contributions-----	337,496	442,344	564,829
54				
55	Total Retirement Allowances-----	\$10,170,422	\$12,202,380	\$13,583,847
56	Refunds of member contributions-----	1,362,202	1,570,000	1,800,000
57	Death Benefits:			
58	State obligations-----	356,404	400,000	420,000
59	Member contributions-----	138,620	275,000	400,000
60	Subvention:			
61	State obligations-----	3,166,884	3,385,234	3,771,000
62				
63	TOTAL EXPENDITURES-----	\$15,194,532	\$17,832,614	\$19,974,847
64	State Obligations:			
65	Budgeted-----	\$12,696,300	\$16,401,000	\$16,619,000
66	Surplus of appropriations brought forward-----	659,914	855,730	591,018
67	Member contributions-----	1,838,318	2,287,344	2,764,829
68				
69	The subventions to local systems consist of payments of amounts equal to the allowances which would have been payable had the			
70	retired members involved have been entitled to benefits from the local system. Payments are made on the basis of the			
71	amounts withheld from local members in the preceding year and are reduced by one-half of the benefit payable on account of			
72	current service on which no contribution was paid.

11	<b>GENERAL ANALYSIS</b>			
12				
13	Under the Federal School Lunch Act federal funds are distributed to school districts offering approved lunches to children, on			
14	partially reimbursing basis. It is anticipated that 3,000 participating public and private schools will receive allotments			
15	1954-55.			
16				
17	<sup>a</sup> Federal funds. Neither the receipts nor the expenditures therefrom are included in the over-all budget totals. See Schedule			
18	for summary of federal funds.

25							
26	Section 1151 of the Education Code requires the State Board of Education to adopt and provide one or more basic books in the						
27	prescribed courses of instruction in elementary schools for each student. Supplementary texts may also be furnished. In						
28	1952-53, 4,534,000 books were distributed, and in 1953-54 it is estimated that 5,000,000 books will be distributed. The proposed						
29	budget is based on a distribution of 6,844,800 books. Because of mechanization of the operation, however, there will be only						
30	slight increases in storing and shipping, postage and freight. Nominal increases in temporary help are caused primarily by						
31	salary increases. Printing costs will decline because of reduced adoptions, while royalty costs will increase due to increased						
32	distribution.

## Aid to Local Health Departments

## RECONCILIATION WITH APPROPRIATIONS

## General Fund

Budget Act appropriation ----- \$3,094,044 \$3,201,552 \$3,118,944  
 Unexpended balance, estimated savings ----- -222,137 -209,857 -

TOTAL EXPENDITURES, GENERAL FUND ----- \$2,871,907 \$2,991,695 <sup>b</sup> \$3,118,944

## Federal Funds

Grants-in-aid ----- \$730,831 \$387,117 \$387,117

TOTAL EXPENDITURES, ALL FUNDS ----- \$3,602,738 \$3,378,812 \$3,506,061

## GENERAL ANALYSIS

These federal and state funds are allocated to qualified health departments to provide effective local public health services. State funds are allocated to local health departments in accordance with Sections 1100-1156 of the Health and Safety Code. The General Fund provision is based on a formula of 60 cents per capita or \$16,000, whichever is less, as a basic amount, plus a per capita of 20.735401 cents. The 1954-55 amount of \$3,118,944 is calculated on a basis of July 1, 1954, population estimate of 12,525,000. The federal funds are distributed in the same ratio as state funds. The Health and Safety Code was amended in the last session to avoid appropriation for nonqualified areas and there will, therefore, be no unexpended balances after the current year.

<sup>a</sup> Neither receipts nor expenditures of federal grants-in-aid are included in the over-all budget totals.

<sup>b</sup> Contains \$8,555 which represents current year expenditure for aid to counties without local health departments under Chapter 740, Statutes of 1953.

12				
13				
14	<b>GENERAL ANALYSIS</b>			
15				
16	This budget provides funds for a state program for handicapped children, as authorized by Sections 249-271 of the Health and			
17	Safety Code. The code provides that whenever the parent or guardian of the child is unable to finance necessary care, a			
18	designated agency of the county shall authorize the State to furnish such services. Further, it makes mandatory that each			
19	county appropriate not less than one-tenth mill on each dollar of assessed property valuation for the purpose of financing			
20	the program.			
21	The 1953-54 Budget Act provided a legislative formula for the distribution of these funds to the various counties. This formula			
22	is as follows:			
23	After expending the one-tenth mill per dollar of assessed valuation each county is allotted sufficient funds to finance a program			
24	of 35 cents per capita or \$20,000 whichever is greater. From any unallotted funds the counties may receive further amounts			
25	to bring the program to 45 cents per capita. Over this amount the costs are to be shared from available funds on a basis			
26	of two-thirds state, one-third county.			
27	To provide a transition from the previous administrative formula an additional allotment of \$10,000 per county was allowed for			
28	1953-54 only.			
29	The estimated cost of the total crippled children's program is shown in the following table:

66				
67	<b>TOTAL EXPENDITURES, GENERAL FUND-----</b>	<b>\$352,719</b>	<b>\$463,702</b>	<b>\$550,022</b>

## GENERAL ANALYSIS

This budget provides funds which will permit the department to employ therapists or to enter into contracts with local agencies to provide for the employment of therapists, for classes for cerebral palsied children. It is intended that all such personnel will be transferred to local pay rolls as soon as feasible. The 1954-55 Budget provides funds for the 122 therapists required by classes presently organized.

77	Assistance to local areas and costs to the State for employment			
78	of therapists -----	\$352,719	\$463,702	\$550,022

<sup>d</sup> All diagnostic costs paid from support in 1952-53 and partially paid from both subventions and support during 1953-54. All funds for diagnosis are budgeted in subventions for 1954-55.

15				
16	<b>GENERAL ANALYSIS</b>			
17				
18	Section 2426 of the Health and Safety Code authorizes the Department of Public Health to enter into cooperative agreements with			
19	local districts or public agencies engaged in the work of controlling mosquitoes and gnats.			
20				
21	State operations-----	\$262,720 <sup>e</sup>	\$285,227 <sup>e</sup>	\$306,690 <sup>e</sup>
22	Subventions-----	399,541	700,000	400,000
23				
24	Totals, State Funds-----	\$662,261	\$985,227	\$706,690
25	Local funds budgeted-----	1,505,917	2,017,547	2,017,547
26				
27	Estimated Total Program-----	\$2,168,178	\$3,002,774	\$2,724,237
28				
29	A portion of the subvention funds are distributed by formula and the balance is allocated for technical and administrative services and			
30	special allocations as shown in the following table:			
31				
32	Distributed by formula-----	\$249,541	\$560,400	\$266,500
33	Basic aid for technical and administrative services-----	96,500	108,500	108,500
34	Special allocations-----	53,500	31,100	25,000
35				
36	Total-----	\$399,541	\$700,000	\$400,000
37				
38	Of the special allocations, \$25,000 has been allotted in each year for special studies by the following mosquito abatement districts:			
39				
40	Sutter-Yuba-----	\$12,060	\$12,300	\$12,300
41	Fresno-----	12,140	12,300	12,300
42	San Joaquin-----	800	400	400
43				
44	Totals-----	\$25,000	\$25,000	\$25,000
45				
46	During 1952-53 an additional amount of \$250,000 was allocated from the Emergency Fund and savings to combat an encephalitis			
47	epidemic in the Central Valley. This allocation was made through the support budget and is not included in the totals shown here.			
48				
49	Assistance to local agencies not in excess of 50 percent of the cost			
50	of the work of controlling mosquitoes-----	\$399,541	\$700,000	\$400,000
51				

<sup>e</sup> Includes that portion of the Bureau of Vector Control devoted to mosquito control plus departmental administration charges.

32				
33				
34				
35				
36	<b>GENERAL ANALYSIS</b>			
37	This program is authorized by the California Hospital Survey and Construction Act (Section 430-435.7 of the Health and Safety			
38	Code) which provides for state participation in the federal hospital construction program. Because of the shortage in hospital			
39	facilities, state funds are budgeted for 1954-55 to fulfill the matching requirements of the estimated federal contribution. The			
40	amount proposed is limited to the estimated matching requirements for construction of publicly owned hospitals and health			
41	center facilities.			
42	Assistance to local agencies in the construction of publicly owned			
43	hospital and health center facilities, to be expended under the			
44	provisions of the California Hospital Survey and Construction			
45	Act—not more than one-third from state appropriations, not			
46	more than one-third from federal grants and the balance from			
47	local funds or other sources-----			
48	<i>General Fund</i> -----	<i>\$2,509,715</i>	<i>\$5,638,702</i>	<i>\$3,943,210</i>
49	<i>Federal Funds</i> -----	<i>773,491</i>	<i>2,138,590</i>	<i>1,423,447</i>
50		<i>1,736,224</i>	<i>3,500,112</i>	<i>2,519,763</i>
51	<sup>f</sup> In 1953-54, allocations from the General Fund amounted to approximately \$632,816 in excess of available appropriations for which			
52	formal contracts will not be executed until 1954-55. A similar procedure is proposed for 1954-55 and it is estimated that General			
53	Fund allocations necessary to match available federal funds will amount to \$1,066,421 more than the proposed appropriation, to			
54	be formalized by contracts in 1955-56.

## County Roads and Highways

## RECONCILIATION WITH APPROPRIATIONS

## Federal Funds

Grants for improvement of county highways (expenditures) ----- \$4,579,171 \$5,082,669 \$4,375,000

## PROJECT DETAIL

Expenditures within counties for construction and improvement of county highways in cooperation with the Federal Government under Federal Aid Highway Act of 1944.

Construction and improvement of county highways ----- \$4,579,171 \$5,082,669 \$4,375,000

## Flood Control

## PROJECT DETAIL

Allocations to flood control districts and other agencies for payment of the cost of cooperation by the State with the United States in construction of flood control works.

Los Angeles and San Gabriel Rivers and Ballona Creek Project, Los Angeles County Flood Control District ----- \$862,719 \$5,705,945 \$7,991,000

San Diego River and Mission Bay Project, City of San Diego ----- 85,043 456,020 -

Santa Ynez River Watershed Project, County of Santa Barbara ----- - 106,000 -

Los Angeles River Watershed Program, Los Angeles County Flood Control District ----- 17,958 455,000 820,000

Santa Ana River Basin, Lytle and Cajon Creeks, San Bernardino County Flood Control District ----- - 40,000 -

TOTAL EXPENDITURES ----- \$965,720 \$6,762,965 \$8,811,000

<sup>a</sup> Federal funds. Neither receipts nor expenditures are included in the budget totals.

17				
18				
19	<b>GENERAL ANALYSIS</b>			
20				
21	This is a public assistance program financed by county, state, and federal governments. Assistance is provided to persons who do			
22	not have resources in sufficient amount to meet their needs and meet certain other requirements such as age, citizenship, resi-			
23	dence, property, etc. The Social Security Act amendments of 1952 (H. R. 7800) increased the benefits under the Old Age and			
24	Survivors Insurance System and increased the federal participation in categorical aid payments to October 1, 1954. This in-			
25	crease of benefits resulted in a decrease in the average monthly sharing by the State, but a net increase of the average monthly			
26	payment to the recipients as the federal increase in the categorical aids was passed on by state legislative action. Estimates for			
27	1954-55 are based on the assumption that Social Security Act amendments of 1952 will be extended through June 30, 1955.			
28				
29	<i>Number of Cases</i>			
30	<i>At end of year</i> -----	269,947	273,300	276,500

61				
62				
63	<b>GENERAL ANALYSIS</b>			
64				
65	This is a public assistance program in the form of financial help paid by the county, state, and federal governments to persons who,			
66	because of loss or impairment of sight are unable to provide themselves with the necessities of life, and who meet certain addi-			
67	tional eligibility requirements. The Social Security Act amendments of 1952 (H. R. 7800) increased the benefits under the Old			
68	Age and Survivors Insurance System and increased the federal participation in categorical aid payments to October 1, 1954.			
69	This resulted in a net increase of the average monthly payment to the recipients as the federal increase in the categorical aids			
70	was passed on by state legislative action. Estimates for 1954-55 are based on the assumption that Social Security Act amend-			
71	ments of 1952 will be extended through June 30, 1955.			
72

18				
19	<b>GENERAL ANALYSIS</b>			
20				
21	This is a public assistance program financed by county, state, and federal governments. The primary purpose of the program is to			
22	provide family security and financial assistance for needy children, including unborn children, who are deprived of parental			
23	support or care. The program is designed to keep children in a setting of their own family and to enable parents to continue			
24	responsibility for the family living plan. If it is not possible for a child to live with his own family, the program aims to pro-			
25	vide the best substitute care in the home of a relative, in a foster home, or in a children's institution. The program is adminis-			
26	tered by county welfare departments and supervised by the State Department of Social Welfare. Social Security Act amendments			
27	of 1952 (H. R. 7800) increased the federal participation in categorical aid payments to October 1, 1954. This resulted in a			
28	decrease in the average monthly sharing by the State, although the net average monthly payment is increasing with the cost			
29	of living. Estimates for 1954-55 are based on the assumption that Social Security Act amendments of 1952 will be extended			
30	through June 30, 1955.

## GENERAL ANALYSIS

The cost of local administration of the aged, blind, and children programs is borne by the county and the Federal Government. Federal funds for county administration are received by the State and forwarded to the counties on the basis of estimates prepared by the State Department of Social Welfare subject to adjustment upon receipt and audit of the counties' statements of expenditures.

## SUBVENTIONS FOR SOCIAL WELFARE—Continued

LINE	SUBVENTION EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	ESTIMATED 1954-55
1	<b>Reimbursement to Counties for Administration and Cost of Care of Adoptions—Continued</b>			
2	<b>GENERAL ANALYSIS</b>			
3	The State Department of Social Welfare licenses county adoption agencies to accept relinquishments and make adoptive placements			
4	of children and to investigate and report on petitions for adoption filed independently. Licensed county agencies are reimbursed			
5	by the State for all administrative costs and for the cost of care of relinquished children. Until July 1, 1954, reimbursement			
6	for cost of care may not exceed an average of \$200 per child and fees collected by the county from the adopting parents are			
7	deducted from the cost of care. Effective July 1, 1954, pursuant to Chapter 1342, Statutes of 1953, adopting parents are liable			
8	to a maximum fee of \$300, which fee shall be abated to the administrative costs. At the same time the maximum reimbursement			
9	for cost of care of relinquished children will be increased from \$200 to \$300.			
10	The addition of Section 1644 to the Welfare and Institutions Code effective July 1, 1954, provides for state reimbursement of cost			
11	of care for children committed to the State Department of Social Welfare or licensed county adoption agency pursuant to Sec-			
12	tion 226c of the Civil Code.			
13	Provision is made in the estimate for 1954-55 to license five additional counties for the acceptance of relinquishments and three			
14	additional counties for the investigation of independent petitions. In the event these three counties are not licensed as antici-			
15	pated, the budget bill authorizes a transfer to the departmental support appropriation of the amount necessary for the depart-			
16	ment to investigate and report on independent adoptions.

**County Agricultural Commissioners**

To secure more uniform and adequate enforcement of the Agricultural Code, the State participates in the payment of the salaries of county agricultural commissioners as provided by Section 63.5, Agricultural Code. Participation is limited to the lesser of \$3,000 per year or two-thirds of each commissioner's salary.

**RECONCILIATION WITH APPROPRIATIONS****General Fund**

14				
15	<b>GENERAL ANALYSIS</b>			
16				
17	Under the provisions of Sections 950 through 960 of the Welfare and Institutions Code, the board of supervisors of any county			
18	may establish juvenile homes, ranches or camps. Wards are committed by the juvenile courts to these facilities in lieu of			
19	commitment to the Youth Authority.			
20	Certain standards prescribed by the Youth Authority must be met by the counties before they are entitled to receive any state			
21	funds. Reimbursement to counties are made for one-half of operating costs, but not in excess of \$80 per month per child. On			
22	July 1, 1954, the rate is increased to \$95 per month per child. There is no limit as to the number of camps for which any			
23	one county may be reimbursed.			
24	The 1954-55 amount provides for the full year operation of the new Santa Clara County camp established on October 1, 1953.

## Part IV. Appendix

### Treasury Funds Not Included in Budget Totals

---

#### I UTILITY FUNDS

DEPARTMENT OF EDUCATION:

College Auxiliary Enterprise Fund

DEPARTMENT OF INDUSTRIAL RELATIONS:

Compensation Insurance Fund

BOARD OF STATE HARBOR COMMISSIONERS FOR SAN FRANCISCO HARBOR:

San Francisco Harbor Improvement Fund

VETERANS AFFAIRS:

Veterans' Farm and Home Building Fund of 1942

#### II WORKING REVOLVING FUNDS

DEPARTMENT OF CORRECTIONS:

Correctional Industries Revolving Fund

DEPARTMENT OF EDUCATION:

Surplus Educational Property Revolving Fund

California Industries for the Blind Manufacturing Fund

DEPARTMENT OF FINANCE:

Printing Fund

Purchasing Revolving Fund

PUBLIC HEALTH:

Water Pollution Control Fund

DEPARTMENT OF NATURAL RESOURCES:

Soil Conservation Equipment Revolving Fund

DEPARTMENT OF PUBLIC WORKS:

Architecture Revolving Fund

Water Resources Revolving Fund

#### III TRUST, FEDERAL, AND OTHER FUNDS

DEPARTMENT OF CORRECTIONS:

Inmate Welfare Fund

DEPARTMENT OF EMPLOYMENT:

Unemployment Administration Fund

Unemployment Compensation Disability Fund

Department of Employment Contingent Fund

Unemployment Fund

Federal Aid Funds

DEPARTMENT OF FINANCE:

Impounded Tide and Submerged Lands Revenue Account

RETIREMENT FUNDS:

State Employees' Retirement Fund

Legislators' Retirement Fund

Judges' Retirement Fund

Teachers' Permanent Fund

Retirement Annuity Fund

Teachers' Annuity Deposit Fund

#### IV SUNDRY OTHER FUNDS (See Explanations)

## CLASSIFICATION OF TREASURY FUNDS NOT INCLUDED IN BUDGET TOTALS

Funds in the State Treasury not included in the budget totals are those which do not contribute nor reflect expenditures of state moneys.

1. **UTILITY FUNDS** operate under state control for the benefit of the public and derive their resources from charges to those who use the service, and are not supported from taxes or other state revenues. They are not functions subject to the regulatory or police powers of the State.

2. **WORKING REVOLVING FUNDS** are created to finance services for governmental agencies for which charges are made at cost to maintain a fixed accountability. The charges are reflected as expenditures in the budget of the agency receiving the commodity or service.

3. **INTEREST AND SINKING FUNDS** are created to accumulate moneys from transfers or investments, to be used for payment of interest and redemption of bonds. The cost of these payments is accounted as a debt service expenditure of the state fund from which such moneys are transferred.

4. **BOND FUNDS** hold proceeds from sale of bonds and finance projects for which the bonds were authorized. The cost to the State is accounted as a debt service expenditure at the time the bonds are redeemed, or interest payments are made.

5. **ASSESSMENT FUNDS** are created to finance projects for which charges are assessed against the property or individuals who are benefited by the project.

6. **TRUST, FEDERAL, AND OTHER FUNDS** include those funds holding moneys in trust pending disbursement to trustors, moneys received from the Federal Government to be expended for specific purposes, and other funds which do not derive their resources from taxes or other state revenues, or are in the nature of transitory funds created for the convenience of accounting receipts or disbursements which are not necessarily revenues or expenditures.

## Department of Education

## STATE COLLEGE HOUSING FACILITIES

LINE	EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55	CHANGE FROM 1953-54
1	During the fall of 1946 the Federal Public Housing Administration provided temporary housing facilities for veteran students at				
2	Chico, Fresno, Humboldt, San Francisco, and San Jose State Colleges. These facilities were operated by the various colleges				
3	by agreement with the FPHA from 1946 until October 31, 1948, at which time title to all facilities was transferred to the State				
4	by Public Law 796 of the Eightieth Congress, and their operations were financed through the General Fund support appropria-				
5	tion of the individual colleges as an interim measure.				
6	On August 1, 1949, Chapter 1485, Statutes of 1949, established the College Auxiliary Enterprise Fund, to which was transferred				
7	the excess of income over expenditures for prior operations. All rents, charges, and fees are paid into this fund, and are appro-				
8	priated therefrom to the Department of Education for maintenance, repairs, and operation of student housing facilities. Funds				
9	may also be expended for construction. The facilities provide housing for veterans or other students at established rates. The				
10	units available at each college are listed below:				
11	Chico State College -----	{ 58 family dwelling units			
12		{ 66 dormitory units (140 individuals)			
13	Fresno State College -----	{ 52 family dwelling units			
14		{ 47 dormitory units (73 individuals)			
15	Humboldt State College -----	{ 30 family dwelling units			
16		{ 76 dormitory units (155 individuals)			
17	San Francisco State College -----	{ 62 family dwelling units			
18		{ 25 dormitory units (74 individuals)			
19	San Jose State College -----	{ 148 family dwelling units			
20		{ 26 trailer courts			
21	Total -----	{ 350 family dwelling units			
22		{ 214 dormitory units

## Department of Industrial Relations

## COMPENSATION INSURANCE FUND

The California State Compensation Insurance Fund is a self-supporting enterprise created to offer employers insurance protection at the lowest possible cost. This fund operates in competition with other insurance carriers, acting as a yardstick for the securing of fair premium rates for employers and fair treatment for injured employees. The fund is required by law to use the same rates and classifications established by the State Insurance Commissioner for insurers generally, and provides that the rates shall be only those sufficient to carry out the specific purposes stated in law.

## Department of Veterans Affairs

## DIVISION OF FARM AND HOME PURCHASES

The California Veterans Farm and Home Purchase Plan, originally created by the Legislature in 1921, permits the State Department of Veterans Affairs to assist a qualified California veteran of any war to acquire suitable farm or home property. Funds for the purchase of property are obtained through state bond issues. The amount advanced by the State for purchase of a farm or home is repaid by the veteran, at a low rate of interest, through uniform monthly payments over a period of years. Title is acquired by the State at the time of purchase and is transferred to the veteran upon completion of his purchase contract.

## GENERAL ANALYSIS

Funds provided from sale of a \$150,000,000 bond issue authorized by the Veterans' Bond Act of 1951, approved at the general election in November, 1952, will be exhausted in November, 1954.  
The purchase of farms and homes is estimated to continue at approximately the same monthly rate as in the 1952-53 Fiscal Year.  
No additional positions or changes in program are budgeted.

## Department of Corrections

## CORRECTIONAL INDUSTRIES REVOLVING FUND

## PROGRAM

The Correctional Industries Revolving Fund constitutes a permanent revolving fund to be used to meet the operating expenses (including equipment) necessary in the work program of the Department of Corrections in the prisons and institutions under its jurisdiction. Moneys received from the rendering of services or the sale of products in the prisons and institutions are paid to the State Treasurer monthly for credit to the fund.

The Correctional Industries Commission, representing organized labor, industry, agriculture, and the general public, is empowered to recommend productive industrial and agricultural enterprises in the prisons and institutions and determine the advisability and suitability of establishing, expanding, diminishing, or discontinuing any industrial or agricultural enterprise involving a gross annual production between \$25,000 and \$225,000 value and authorize or prohibit such activity. Work programs are under way in all institutions except the Medical Facility.

Activities range from farm and ranch operations at Chino, Soledad, Folsom and San Quentin, to large industrial operations such as the license plate factory at Folsom.

A majority of the inmates employed are paid for productive work on a sliding scale up to 10 cents per hour. Wage rates are established in accordance with the experience and skill of the individual employed.

During the fiscal year ending June 30, 1953, Correctional Industries operated 26 industrial shops and factories plus 22 ranching enterprises distributed among six institutions, and employed between 1,550 and 2,027 inmates at various times throughout the year. This was from 12.1 to 14.7 percent of the total prison population. The fluctuation was caused by those industries that have seasonal peaks and low periods of employment such as the canneries and many of the ranch functions.

Completion and activation of the cotton textile mill at the California State Prison at San Quentin will provide work for about 500 additional men. Approximately 2,600 inmates will be engaged in productive work by the latter part of the 1954-55 Fiscal Year. Operating costs of the cotton textile mill, to open in December, 1954, are not known at this time and are not reflected in this Budget.

Expansion of the furniture factory at Chino should be completed by the beginning of the 1954-55 Fiscal Year. Thereafter, a wider selection of furniture items will be produced by this enterprise. Limited field crop production is anticipated at the Tehachapi Farm Branch.

The new and modern cannery at Folsom successfully completed the 1953 canning season with an increased volume and selection of processed food items. The newly established furniture refinishing enterprise has been activated and is currently in operation. Construction has also begun on the permanent heavy metals industries building which will house the license plate factory and the metal fabrication enterprise. Manufacture of the 1956 license plates is scheduled to begin in March, 1954.

Final engineering on the cotton textile mill at San Quentin has been completed; and bids have been invited for the purchase of textile machinery that will be required to equip this plant.

Two new industrial buildings at Soledad are completed to the extent that the clothing factory can be moved to its permanent location. This enterprise is now producing a more diversified line of men's garments. The juvenile products enterprise has completed its pilot year of operations very successfully. However, greater production can be attained after this industry is established in a permanent industrial building.

The sewing enterprise at the Institution for Women at Corona has attained a stable production rate compatible with available help and the market demand for the garments produced. Diversification of manufactured products is in progress and should be completed by the end of the 1953-54 Fiscal Year.

Vegetable and field crop farming at the Deuel Vocational Institution at Tracy is scheduled to begin with the 1954 crop season. The dairy and hog ranches have been activated in the newly constructed ranch area and buildings. The mattress and tubular steel upholstered furniture enterprises have been installed in the new industrial buildings. Both of these industries are being expanded to meet the demand for these products.

The Correctional Industries Revolving Fund is expected to return \$200,000 to the General Fund in 1954-55, in partial repayment of past loans.

## STATE EDUCATIONAL AGENCY FOR SURPLUS PROPERTY

Surplus property of all federal agencies as well as surplus foods is made available to schools through the Surplus Educational Property Revolving Fund. All expenses of procuring, handling and distributing such property are paid from this fund and recovered by nominal service charges to school districts based on a percentage of the fair value of the property distributed. Any excess service and handling charges are refunded to the participating school districts after the close of each fiscal year. Reserves are maintained in the fund sufficient to meet any unliquidated obligations, including the \$100,000 working capital advance from the General Fund.

## GENERAL ANALYSIS

Number of positions ..... 89.2 78 78 -

The volume of business estimated to be handled during 1954-55 should closely approximate that of the past year, and should decline in relation to the volume handled in the current year. Any significant change in Federal Government policies will have a comparable effect on surplus property operations.

## Department of Education

## CALIFORNIA INDUSTRIES FOR THE BLIND MANUFACTURING FUND PROGRAM

The California Industries for the Blind operates three production centers, at Oakland, Los Angeles, and San Diego. The California Industries for the Blind Manufacturing Fund is utilized as a revolving fund in the program of employment of blind and physically handicapped workers. The Workshop for the Blind Manufacturing Fund was created by Chapter 943, Statutes of 1949, by consolidating the assets and liabilities of the then existing Home for the Adult Blind Manufacturing Fund, the Los Angeles Industrial Workshop Manufacturing Fund, and the San Diego Industrial Workshop Manufacturing Fund. Chapter 425, Statutes of 1953 changed the fund title to correspond with the program. This fund constitutes a permanent revolving fund used to meet the expenses necessary to purchase materials and production equipment, and payment of wages and salaries and other expenses incident to the production program of the California Industries for the Blind, in the State Department of Education. Moneys received from the sale of products manufactured in the production centers, are paid into the State Treasury for credit to the fund.

Activities in the production centers are many and varied and include such items as the manufacture of brooms, mops, pillowcases, surgical drapes and wrappers, aprons, rugs, brushes, rubber mats, leather goods, and the fabrication and assembly of many products on a subcontract basis.

This program provides some training and work experience for persons who are placed in gainful employment outside the production centers and there is coordination with the Bureau of Vocational Rehabilitation of the Department of Education for this purpose. Approximately 445 blind and handicapped individuals will be employed during the 1954-55 Fiscal Year by the production centers for the blind. The 1949 Legislature appointed a Joint Interim Committee on the State Program for the Adult Blind. That committee filed its report and recommendations on March 12, 1951, part of which recommendations were embodied in Chapter 1144, Statutes of 1951. The Department of Education, as well as other state departments, worked in cooperation with this committee in developing a long-range, well-rounded program to insure additional employment opportunities for the blind and handicapped residents of the State of California. The department is taking steps to effect better administrative control of these centers in accordance with the recommendations of the committee and is planning a research and development program which will increase the opportunities for diversification of employment and improve existing methods and procedures.

The proposed budget for 1954-55 reflects the positions felt necessary to approach the pattern desired to effectively coordinate and centralize to an economical degree the production, management, and control of the California Industries for the Blind. The justification for the request evolves from the necessity to change manufacturing emphasis from being dependent upon government orders to development of types of products readily salable on the commercial market without hindering development of private enterprise.

## Department of Finance

## PRINTING DIVISION

The Printing Division operates the State Printing Plant. The division does all of the printing for the various state agencies. Two of the larger activities are the printing required by the Legislature and the publication of textbooks for free distribution to the schools. The division is supported by charges made for printing services.

Office at Sacramento

## Department of Finance

## PURCHASING REVOLVING FUND OPERATIONS

Budget provides for the overhead of central stores in Sacramento, San Francisco, and Los Angeles as well as the overhead of the state garages in Sacramento, San Francisco, and Los Angeles and the centralized radio maintenance program. These operations are financed by sales of materials and services to other agencies.

LINE	EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55	CHANGE FROM 1953-54
1	SUMMARY				
2	Purchasing Revolving Fund				
3	SUPPORT				
4	Central Stores -----	\$154,239	\$164,110	\$174,406	\$10,296
5	State Garages -----	271,108	312,793	341,722	28,929
6	Radio Maintenance -----	311,833	398,679	377,922	-20,757
7	TOTALS, SUPPORT -----	\$737,180	\$875,582	\$894,050	\$18,468
8	Contributions to State Employees' Retirement Fund -----	24,355	29,755	31,663	1,908
9	TOTAL EXPENDITURES FOR SUPPORT -----	\$761,535	\$905,337	\$925,713	\$20,376
10	GENERAL ANALYSIS				
11	Number of positions -----	93.8	110.5	113.5	3
12	CENTRAL STORES: One clerical position is proposed on a work load basis to eliminate backlog and keep current with the volume of work.				
13	STATE GARAGES: One clerical position is proposed for Sacramento to assume additional work load resulting from the estimated expansion of the pool operation during the current and budget years. A mechanic helper is requested for Los Angeles to release the mechanic from work which can be performed by semiskilled labor.				
14	RADIO MAINTENANCE: The budget projects approximately the same level of services rendered in the 1953-54 Fiscal Year.

## Department of Natural Resources

## SOIL CONSERVATION EQUIPMENT REVOLVING FUND

The Soil Conservation Equipment Revolving Fund created by Chapter 1032, Statutes 1949, as amended by Chapter 1210, Statutes 1953, provides for the acquisition of soil conservation machinery, equipment, and buildings and rental thereof to soil conservation districts. The funds consists of \$1,000,000 appropriated thereto and all money received through rentals as amortization of loans made and as reimbursements for administrative expense. The fund is administered by the State Soil Conservation Commission.

## DIVISION OF ARCHITECTURE

LINE	EXPENDITURES	ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
1	<b>STATEMENT OF OPERATIONS</b>			
2				
3				
4	Authorized by Section 14030 of the Government Code, the Division of Architecture Revolving Fund provides the Division of			
5	Architecture with a working revolving fund from which to pay the cost of architectural services and construction for state			
6	agencies. The resources of such fund consist entirely of transfers, subject to the approval of the Department of Finance,			
7	from appropriations for construction and improvements made to the several agencies. Expenditures are reported in the			
8	budgets of the agencies to which the appropriations were made. Any unexpended balance remaining after completion of			
9	a project is returned to the appropriation and fund of origin.			
10				
11	Accountability for project funds, July 1-----	\$113,615,610	\$97,595,127	\$107,897,265

## LEGAL CITATIONS

The functions of the Division of Architecture are defined by Part 5, Division 3 of the Government Code and the following are the more significant provisions:

Section 14100. "The State Architect has general charge, under the department, of the erection of all state buildings \* \* \*."

Section 14255. "Whenever provision is made by law for any project the project shall be under the sole charge and direct control of the Department of Public Works." A project is defined by Section 14254 as any construction or improvement of any state structure or improvement which will exceed \$2,000 in cost.

Section 14256. If the total cost of the project will not exceed \$20,000 or \$35,000 in the case of district agricultural associations the State Architect may, with the approval of the Director of Finance, authorize the agency concerned to carry out the project directly.

Sections 14270 to 14275 require full and complete plans and estimates prior to entering into any contract for a project; require work on all projects be done under contract awarded to the lowest, responsible bidder except in the event it is found that such procedure is not in the best interest of the State; and prohibit awarding a contract in excess of the estimate.

Sections 14290 to 14402 prescribe in detail the contract procedure to be followed; including advertising for bids, qualification of bidders, award of contracts, and payment.

## SCHEDULE OF ESTABLISHED POSITIONS

To accomplish this program the Division of Architecture employs personnel in the technical and craftsman classes as needed. The salaries of these employees are paid from project funds and such expenditures are reported as a portion of the project cost. It is planned that beginning July 1, 1954 all positions which cannot at all times be charged directly to work orders will be subject to the standard individual position control procedures. It is intended to include under generally accepted budgetary control methods all positions in the Division of Architecture having any element of overhead or indirect costs.

\* Represents amounts of capital outlay projects set forth in the 1954-55 Budget estimated to be constructed by the Division of Architecture in accordance with the requirements of the State Contract Act. The amounts exclude most equipment, minor construction projects and repair work planned to be performed under supervision of the agency. Moneys in excess of the immediate requirements of the division are invested, the income accruing as revenue to the General Fund.

## Department of Corrections

## INMATE WELFARE FUND

The Inmate Welfare Fund is a fund in the State Treasury which constitutes a trust held by the Director of Corrections for the benefit, education and welfare of all inmates of institutions and prisons under the jurisdiction of the Department of Corrections. Included in the fund are the net proceeds from the operation of canteens and hobby shops and the money and property of prisoners who escape and are not apprehended or who die without leaving heirs.

## GENERAL ANALYSIS

The gross increase of \$63,684 in Inmate Welfare Fund operations for 1954-55, partially offset by a \$22,408 reduction in San Quentin canteen and handicraft operation, results in a \$41,276 over-all increase for all institutions. This increase is due in part to three additional positions and the inmate pay program.

An increase in fund balance is anticipated for 1954-55 amounting to 5.7% of estimated expenditures.

DEPARTMENT OF EMPLOYMENT

The Department of Employment administers the state employment service and the unemployment and disability insurance systems. The department performs certain functions in connection with the Veterans Readjustment Assistance Act of 1952, which provides for unemployment allowances to veterans of the Korean War. This latter program is administered by the U. S. Department of Labor. The department also administers, on behalf of the Department of Finance, the program of Old Age and Survivors Insurance coverage for political subdivisions within the State. The cost of administering the employment service, the unemployment insurance system, and the Veterans Administration program is financed almost entirely from federal funds. The cost of administering the disability insurance system is paid out of the Unemployment Compensation Disability Fund, which is derived from contributions by covered employees. The administrative costs of the Old Age and Survivors Insurance program are derived from the subject subdivisions by assessment.

<sup>a</sup> Composed of savings in salaries and wages, \$89,772; operating expenses, \$803; equipment, \$4,222.

<sup>b</sup> Expenditures are included in the over-all State Operations Budget totals. Detail as shown here as expenditures is an integral part of total employment program.

## DEPARTMENT OF EMPLOYMENT—Continued

LINE	SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1952-53	ESTIMATED 1953-54	PROPOSED 1954-55
		52-53 (Filled)	53-54 (Auth.)	54-55 (Auth.)			
1							
2	GENERAL ANALYSIS						
3							
4	Number of positions-----				4,176.9	3,833.2	4,107.9
5							274.7
6	The Bureau of Employment Security of the United States Department of Labor allocates federal funds to the various states for						
7	their unemployment insurance operations and employment service programs. The amounts so allocated are dependent upon the						
8	work loads of the individual state and the over-all amount appropriated by Congress for grants to all the states. The expendi-						
9	tures of the Department of Employment for 1954-55 are based upon estimated work loads and unit costs approved by the Bureau						
10	of Employment Security for 1953-54. There is no assurance, however, that the amount appropriated by Congress will permit a						
11	grant to the State of this amount.						
12	The disability insurance program provides benefit payments to covered employees who are out of work because of sickness or non-						
13	industrial injuries. This program is financed from the Unemployment Compensation Disability Fund and the expenditures for						
14	1954-55 are based upon the estimated work load, principally expressed in the number of claims filed, and benefit payments.						
15	The amount proposed for support from the Department of Employment Contingent Fund is to provide for one-half of the cost of						
16	operation of the Division of Development and Stabilization of Employment. This division works with local communities in the						
17	promotion and development of employment programs. The other half of the amount required for support of this division is paid						
18	from federal funds.						
19							
20							
21	OFFICE OF THE DIRECTOR						
22							
23	Analysis						
24							
25	The Office of the Director was consolidated in 1953-54. Expenditures for 1952-53 are shown under General Administration, Division

17	Analysis						
20	The Methods and Analysis Section was organized in the 1953-54 Fiscal Year, coincident with the dissolution of the Administrative						
21	Analysis and Program Development sections. The Methods and Analysis Section is responsible to the Office of the Director. Its						
22	primary function is to assist management in planning operations and in analyzing the efficiency and effectiveness of operations						
23	and organizational units. This function is carried out through coordination and development of procedural plans; control of the						
24	system of manuals, notices, and forms; and by making of administrative analyses and recommendations concerning methods,						
25	procedures, organizations, and administrative practices.

1	DIVISION OF APPEALS—Continued						
2	Referees Section						
3	Analysis						
4	The Division of Appeals has area referee offices in San Francisco, Sacramento, and Los Angeles. These three offices are under the supervision of the chief referee and each office is supervised by a senior referee. In each area referee office there is a staff of referees who have the responsibility in the first instance of hearing and deciding appeals from determinations relating to unemployment insurance and disability benefits, overpayment determinations, and determinations involving eligibility for benefits under the Veterans Readjustment Assistance Act of 1952. The referees also hold hearings on behalf of the Appeals Board in disputed employer tax liability matters.

49	Area Business Management Unit						
50	Analysis						
51	The Area Business Management Units advise the area and field office managers on fiscal and personnel management procedures; de-						
52	velop proposals for maintenance of equipment and changes in field office premises and improvements in physical facilities; negotiate						
53	with lessors on terms of leases; secure bids from contractors; determine equipment needs for the area; authorize public utility						
54	installations, maintain personnel and pay roll roster records for all positions in the area and process personnel documents; in-						
55	terview, select and assign eligible applicants for clerical positions.						
56	The internal auditors in the Area Business Management Units audit financial operations and records in all field offices; verify cash						
57	balances; determine whether prescribed security measures are observed for the safety of cash; ascertain that prescribed local						
58	office cash payment procedures are being followed and examine overpayment collection accounts and receipts.

1							
2	DIVISION OF PUBLIC EMPLOYMENT OFFICES						
3	AND BENEFIT PAYMENTS—Continued						
4							
5	Fraud and Investigation Section						
6							
7	Analysis						
8							
9	The Fraud and Investigation Section investigates throughout the State all violations of the California Unemployment Insurance Act,						
10	to the end that the provisions of the act are more adequately and strictly enforced. The section was detached from this division in						
11	1953-54 and now reports to the Office of the Director. Expenditures for 1953-54 and 1954-55 are shown under separate section.						
12							
13	SALARIES AND WAGES				SALARY RANGE		
14	Chief special investigator-----	1	-	-	\$613-745	-	-

31							
32	Office of Assistant Chief						
33							
34	Analysis						
35							
36	The Division of Public Employment Offices and Benefit Payments was reorganized during the 1953-54 Fiscal Year. The Office of						
37	Assistant Chief was eliminated and an Office, Chief of Employment Service, and an Office, Chief of Benefits, were established.						
38	These two new sections together with the Office, Chief of Farm Placement, report directly to the Office of the Director.						
39							
40	SALARIES AND WAGES				SALARY RANGE

61							
62	DIVISION OF DISABILITY AND HOSPITAL BENEFITS						
63							
64	Analysis						
65							
66	The Division of Disability and Hospital Benefits—Central Office operations develops plans, standards, and procedures for, and evaluates all disability insurance claim operations (including hospital confinement benefits); reviews state first claims for disability insurance to determine whether they meet minimum standards; reviews voluntary plan claim reports to determine whether they meet minimum standards; gathers and prepares data to be submitted with voluntary plan appeals; handles correspondence regarding state and voluntary plan inquiries on benefits; reviews state disqualifications and appeals; reviews voluntary disability insurance plans and makes recommendations for approval.

14	<b>GENERAL ANALYSIS</b>				
15					
16	Under a stipulation approved by the United States Supreme Court all the revenue derived from marginal sea areas are impounded				
17	pending final determination of the litigation. Funds impounded between June 23, 1947, and September 30, 1950, are deposited				
18	in the State Treasury. Funds impounded between September 30, 1950, and May 22, 1953, are deposited in the United States				
19	Treasury. With the enactment of the Submerged Lands Act funds are again impounded in the State Treasury.				
20	It is estimated that on June 30, 1955, there will be \$48,188,767 impounded in the State Treasury and \$22,060,714 impounded in the				
21	United States Treasury. A more detailed analysis of the revenues and expenditures follows.

## STATE EMPLOYEES' RETIREMENT SYSTEM—LEGISLATORS' RETIREMENT SYSTEM

The State Employees' Retirement Fund and the Legislators' Retirement Fund are trust funds maintained by the State for accumulation of contributions from the State and employee members to be used for payment of death and retirement benefits. In addition to state employees the system is available to other public agencies under a contractual arrangement.

## JUDGES' RETIREMENT SYSTEM

The Judges' Retirement Fund receives contributions from the State in the amount of 2½ percent of the salaries of justices of the Supreme Court and of the district courts of appeal, and judges of the superior courts, and municipal courts. A like amount is deducted from the salaries of the justices and judges and deposited in the fund. There are now 420 members contributing to the retirement fund.

## TEACHERS' RETIREMENT FUNDS

LINE	FUND CONDITION	ACTUAL 1952-53	ESTIMATED 1953-54	ESTIMATED 1954-55
1	The State Teachers' Retirement System is composed of approximately 140,000 active accounts. Approximately 15,500 members			
2	will receive retirement benefits during 1954-55. The present system became operative July 1, 1944.			
3	Three major funds constitute the State Teachers' Retirement System. They are the Teachers' Permanent Fund, the Retirement			
4	Annuity Fund, and the Annuity Deposit Fund.			
5	The Teachers' Permanent Fund receives its revenues from members' contributions, contributions from the local school district, inter-			
6	est from invested surplus, and yearly appropriations by the State from the General Fund. Retirement benefits from the fund are			
7	\$600 per year to the person who is credited with 30 or more years of service, and a pro rata of that amount with less than			
8	30 years.			
9	The assets in the Teachers' Permanent Fund are divided between two reserves: The restricted reserve made up of an original ap-			
10	propriation by Chapter 13, Statutes of 1944 (Fourth Extraordinary Session), plus accumulated interest, and the unrestricted			
11	reserve composed of contributions made by members plus interest accumulated thereon and including any surplus or deficit of			
12	prior years appropriation carried forward to the ensuing year.			
13	The Retirement Annuity Fund receives its revenue from members' contributions, interest from invested surplus, and yearly appro-			
14	priations by the State from the General Fund. Retirement benefits from this fund are computed on the basis of the members'			
15	total prior service, salary earned after July 1, 1944, and the age at retirement. Subventions are made to local retirement systems			
16	in lieu of State Teachers' Retirement System benefits to local fund members on service credited by local systems.			
17	The Annuity Deposit Fund consists of members' annuity deposits made between July 1, 1935, and July 1, 1944, together with the			
18	interest earned thereon. Members who have contributed to this fund receive an annuity at the time of their retirement based			
19	on the value of the members' accumulated contributions in the Annuity Deposit Fund.

**EXPLANATION OF SUNDRY OTHER FUNDS FOR WHICH DETAIL  
TRANSACTIONS ARE NOT REPORTED IN THE BUDGET**

*(For fund balances see Schedule 6)*

- BALLOT PAPER REVOLVING FUND:** Created to provide funds for the purchase of paper stock for printing ballots for state elections. The fund is reimbursed from the sale of the stock to the several counties.
- OLD AGE AND SURVIVORS INSURANCE REVOLVING FUND:** A revolving fund for administration of public employees and employer's contributions to old age and survivors insurance programs.
- PAY ROLL REVOLVING FUND:** A revolving fund to provide for the central pay roll system.
- TOLL BRIDGE AUTHORITY REVOLVING FUND:** The fund was created to pay necessary expenses of the Toll Bridge Authority under the direction of the Department of Public Works in building, purchasing, or acquiring toll bridges and approaches thereto. The fund is replenished as specific toll bridges are acquired and construction funds or toll revenues become available.
- INDIA BASIN SINKING FUND:** Moneys are transferred from the San Francisco Harbor Improvement Fund and interest is earned on investment of these moneys to provide for payment of interest and redemption of San Francisco Harbor Bonds.
- SAN FRANCISCO SEAWALL SINKING FUND NO. 2:** Moneys are transferred from the San Francisco Harbor Improvement Fund and interest is earned on investment of these moneys to provide for payment of interest and redemption of San Francisco Harbor Bonds.
- SAN FRANCISCO SEAWALL SINKING FUND NO. 3:** Moneys are transferred from the San Francisco Harbor Improvement Fund and interest is earned on investment of these moneys to provide for payment of interest and redemption of San Francisco Harbor Bonds.
- SAN FRANCISCO SEAWALL SINKING FUND NO. 4:** Moneys are transferred from the San Francisco Harbor Improvement Fund and interest is earned on investment of these moneys to provide for payment of interest and redemption of San Francisco Harbor Bonds.
- CALIFORNIA STATE PARK FUND OF 1927:** No further expenditure to be made from this Bond Fund.
- SAN FRANCISCO SEAWALL NO. 4 (Bond Fund):** All the authorized bonds have not been sold to date. No estimate has been made of the probable future sale of these bonds nor the construction of the projects from the proceeds of the sale.
- AGRICULTURE BUILDING FUND, DEPARTMENT OF:** Moneys are transferred from the Department of Agriculture Fund to this fund on a loan basis to provide funds for construction of a building. Rentals will be paid into the fund and will be returned to the Department of Agriculture Fund.
- MONTAGUE WATER CONSERVATION DISTRICT CONDEMNATION FUND:** There remains a balance of \$48 from a deposit of \$29,054 under court order in 1932. The district condemned land in Siskiyou County and was required to make the deposit in order to obtain possession of the land.
- PUBLIC BUILDING RECONSTRUCTION FUND:** Contains the unexpended remainder of federal funds advanced to the State for replacement and reconstruction of public buildings destroyed by earthquakes since January, 1933. The fund is reimbursed for any amounts advanced and returned to the Federal Government. There is no current activity in this fund.
- SAN FRANCISCO-OAKLAND BAY BRIDGE CONSTRUCTION FUND:** Consists of the remainder of the proceeds received from the sale of the revenue bonds sold for the building of the San Francisco-Oakland Bay Bridge.
- SCHOOL LAND FUND:** A nonexpendable endowment fund for public school purposes. Revenues consist of payment of principal and purchase price on sale of school lands. The interest received on the investment of this fund is deposited in the School Fund.
- SCHOOL LAND DEPOSIT FUND:** Consists of deposits made by applicants for purchase of school lands. Balance consists of applications not yet acted upon. There is no current activity in this fund.

**SPECIAL DEPOSIT FUND:** Accumulation of numerous trust funds deposited by state and private agencies for a specific purpose. This fund also contains unclaimed checks and deposits pending either payment to the proper persons or transfer to the General Fund. There is impounded oil royalties held pending final decision of ownership of marginal sea lands. The transactions of this fund are so numerous and so indefinite that no attempt is made to estimate the volume that will flow through the fund.

**SPECIAL DEPOSIT FUND: SAN FRANCISCO WORLD TRADE CENTER AUTHORITY ACCOUNT:** This account within the Special Deposit Fund was authorized by Chapter 1189, Statutes of 1949, for expenses incidental to the acquisition, construction, financing, promotion and operation of a world trade center in San Francisco. Funds were authorized from the San Francisco Harbor Improvement Fund, subject to repayment from the sale of revenue bonds. The authority is cooperating with the Board of State Harbor Commissioners.

**STATE PARK CONTINGENT FUND:** Receives moneys from gifts, bequests, from municipal or county appropriations, or donations, for improvements, additions or administration of the State Park System. The amounts received are disbursed in accordance with the provisions of the donations.

**SURPLUS MONEY INVESTMENT FUND:** Moneys in the various special funds which are not currently needed are declared surplus and transferred to this fund where they are available for investment. The money is returned to the special funds when needed. The interest received is shown as revenue for those funds which contribute their excess cash. The General Fund receives that interest attributable to revolving funds, trust funds and other funds which cannot receive any increment.

As the transactions of this fund involve the purchase and sale of securities as well as receipts of surplus moneys and disbursement of interest earned, no estimate is made of the volume of such transactions.

**TAX-DEEDED LAND RENTAL TRUST FUND:** Receipts are derived from leases made by the State Controller covering property deeded to the State for taxes. The rentals are paid semiannually to the county in which the property is located for distribution to the taxing agencies.

**TEACHERS' RETIREMENT DISBURSEMENT FUND:** This is a fund used for the convenience of accounting for disbursements for teachers' retirement benefit payments. Moneys are transferred to this fund from the Teachers' Permanent Fund and the Teachers' Retirement Annuity Fund.

**TORRENS TITLE ASSURANCE FUND:** Fund contains unexpended balance of fees and investment income of one-tenth of 1 percent of assessed value of land and improvements insured under the Torrens Title Assurance Act. An outstanding judgment against the fund exceeds the assets of the fund. There is no current activity in the fund.

**TREASURY TRUST DEPOSITS:** Provides for the State Treasurer's central banking system.

**UNCLAIMED PROPERTY FUND:** This fund accounts for all unclaimed moneys held by the State.
